**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

#### A. Overview of Information Collection

*Title of Information Collection:* Evaluation of the Section 811 Project Rental Assistance Program, Phase II.

*OMB Approval Number:* 2528-0309.

*Type of Request:* Substantial revision of currently approved collection.

*Form Number:* N/A.

*Description of the need for the information and proposed use:* The Office of Policy Development and Research, at the U.S. Department of Housing and Urban Development (HUD), is proposing a revision of currently approved data collection activity as part of the evaluation of the Section 811 Supportive Housing for Persons with Disabilities (Section 811) Project Rental Assistance (PRA) Program. The Section 811 supportive housing model provides people with disabilities affordable housing and access to appropriate, voluntary supportive services. The traditional Section 811 Project Rental Assistance Contract (PRAC) program awarded interest-free capital advances and contracts for project-based rental assistance to nonprofit organizations to develop supportive housing. The Section 811 PRA program is a new

approach to supportive housing that provides project-based rental assistance to state housing agencies for the development of supportive housing for extremely low-income persons with disabilities. Housing agencies must have an interagency partnership agreement with the state health and human service agency and the state Medicaid provider to provide services and supports directly to residents living in units funded with Section 811 PRA.

This evaluation is the second phase of a two-phase evaluation. Phase I evaluated the early implementation of the Section 811 PRA Program in the 12 states that were awarded the first round of PRA grants. The OMB Approval Number for Phase I is 2528-0309. HUD is now undertaking the second phase of the Section 811 PRA evaluation. The second phase will continue to evaluate the implementation of the Section 811 PRA Program, but will also assess the program's effectiveness and its impact on residents and will be limited to six states. The evaluation of the Section 811 PRA Program, including the assessment of its effectiveness compared to the traditional Section 811 PRAC Program, is mandated by the Frank Melville Supportive Housing Investment Act of 2010. This **Federal Register** Notice provides the opportunity to comment on the revision of the approved information collection activity for the second phase of the Section 811 PRA evaluation.

Data collection for the second phase of the evaluation of the Section 811 PRA Program includes in-person surveys with residents assisted by the Section 811 PRA and PRAC programs and in-person interviews with staff from PRA program participating agencies (property owners or managers of properties where Section 811 PRA residents live, manager-level staff at organizations that provide supportive services to PRA residents, and manager-level staff at Public Housing Authorities that committed housing subsidies for the PRA program). The purpose of the interviews is to assess the implementation experience of the Section 811 Project Rental Assistance program and the program's impact on residents. Participation in the resident survey is voluntary for PRA and PRAC residents.

*Residents:* Residents assisted with HUD's Section 811 program, Section 811 property managers, supportive service providers, and Public Housing Authorities.

*Total Estimated Burdens:* Researchers will administer resident surveys for an average of 45 minutes with an additional 30 minutes needed to schedule the call and conduct
