

States, if it has been determined that such fabric or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191, the President delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA and directed CITA to establish procedures to ensure appropriate public participation in any such determination. On March 6, 2001, CITA published procedures that it will follow in considering requests (66 FR 13502).

On August 31, 2004, the Chairman of CITA received a petition from Sandler, Travis & Rosenberg, P.A., on behalf of Jaclyn, Inc. of New York (Jaclyn), alleging that certain circular single knit jersey fabric of the specifications detailed below cannot be supplied by the domestic industry in commercial quantities in a timely manner. The petition requested that women's and girl's nightwear of such fabric assembled in one or more CBTPA beneficiary countries be eligible for preferential treatment under the CBTPA.

Specifications:

Fabric Description:	single knit jersey, jacquard geometric rib stitch
Petitioner Style No:	4934
HTS Subheading:	6006.32.00.80
Fiber Content:	64% polyester staple/34% cotton/2% spandex
Weight:	6.165 sq. meters/kg
Yarn Size:	54.14 metric (32/1 English), spun, filament core
Gauge:	24
Finish:	(Piece) dyed
Stretch Characteristics:	45% from relaxed state; 95% recovery to relaxed state

On September 8, 2004, CITA published a **Federal Register** notice requesting public comments on the request, particularly with respect to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. On September 24, 2004, CITA and the Office of the U.S. Trade Representative offered to hold consultations with the relevant Congressional committees. We also requested the advice of the U.S. International Trade Commission and the relevant Industry Trade Advisory Committees.

Given the information in the ITC report and provided by the domestic industry for this and three subsequent petitions on similar products, CITA finds that there is domestic capacity and ability to supply 24-gauge circular knit fabric. During the review of the final petition, CITA uncovered information that there are several domestic suppliers

capable of providing 24-gauge circular knit fabric. Follow-up calls made by a CITA representative confirmed that there are at least two U.S. companies who have 24-gauge knitting machines and state they have the ability to make the subject 24-gauge fabric in commercial quantities and in a timely manner.

On the basis of currently available information and our review of this request, CITA has determined that the domestic industry can supply the subject fabric described above in commercial quantities in a timely manner. Jaclyn's request is denied.

D. Michael Hutchinson,

Acting Chairman, Committee for the Implementation of Textile Agreements.

BILLING CODE 3510-DS-S

DEPARTMENT OF DEFENSE

Office of the Secretary

Submission for OMB Review; Comment Request

ACTION: Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

DATES: Consideration will be given to all comments received by February 2, 2005.

Title, Form, and OMB Number: Nomination for Appointment to the United States Military Academy, Naval Academy, and Air Force Academy; DD Form 1870; OMB Number 0701-0026.

Type of Request: Extension.

Number of Respondents: 16,200.

Responses Per Respondent: 1.

Annual Responses: 16,200.

Average Burden Per Response: 30 minutes.

Annual Burden Hours: 8,100.

Needs and Uses: The information collection requirement is necessary in order to receive nominations from all Members of Congress, the Vice President, Delegates to Congress, and the Governor and Resident Commissioner of Puerto Rico annually to each of the three service academies, as legal nominating authorities. This information collection that results in appointments made to the academies is in compliance with 10 U.S.C. 4342, 6954, 9342, and 32 CFR part 901. The completed form provides the required information for a nomination to be processed.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer: Mr. Lewis Oleinick.

Written comments and recommendations on the proposed information collection should be sent to Mr. Oleinick at the Officer of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.
DoD Clearance Officer: Mr. Robert Cushing.

Written requests for copies of the information collection proposal should be sent to Mr. Cushing, WHS/ESCD/Information Management Division, 1225 South Clark Street, Suite 504, Arlington, VA 22202-4326.

Dated: December 23, 2004.

Jeannette Owings-Ballard,

OSD Federal Register Liaison Officer, Department of Defense.

Department of the Navy

Notice of Availability of Government-Owned Inventions; Available for Licensing

AGENCY: Department of the Navy, DOD.

ACTION: Notice.

SUMMARY: The inventions listed below are assigned to the United States Government as represented by the Secretary of the Navy and are available for licensing by the Department of the Navy.

Navy Case No. 84,352: Spinel and Process for Making Same; Navy Case No. 96,775: Magnesium Aluminate Transparent Ceramic Having Low Scattering and Absorption Loss; Navy Case No. 96,921: LiF Coated Magnesium Aluminate.

ADDRESSES: Requests for copies of the inventions cited should be directed to the Naval Research Laboratory, Code 1004, 4555 Overlook Avenue, SW., Washington, DC 20375-5320, and must include the Navy Case number.

FOR FURTHER INFORMATION CONTACT: Jane F. Kuhl, Technology Transfer Office, NRL Code 1004, 4555 Overlook Avenue, SW., Washington, DC 20375-5320, telephone 202-767-7230. Due to temporary U.S. Postal Service delays, please fax 202-404-7920, e-mail: kuhl@utopia.nrl.navy.mil or use courier delivery to expedite response.

(Authority: 35 U.S.C. 207, 37 CFR part 404.)

Dated: December 27, 2004.

J.H. Wagshul,

*Commander, Judge Advocate General's Corps,
U.S. Navy, Federal Register Liaison Officer.*

Department of the Navy

Notice of Intent To Grant Exclusive Patent License; Radiant Images Incorporated

AGENCY: Department of the Navy, DOD.

ACTION: Notice.

SUMMARY: The Department of the Navy hereby gives notice of its intent to grant to Radiant Images Incorporated, a revocable, nonassignable, exclusive license in the United States to practice the Government-owned invention described in pending U.S. Patent Application, Ser. No. 10/614,426 entitled "Silicon-On-Sapphire Display Apparatus and Method of Fabricating Same".

DATES: Anyone wishing to object to the granting of this license has (15) days from the date of this notice to file written objections along with supporting evidence, if any.

ADDRESSES: Written objections are to be filed with the Office of Patent Counsel, Space and Naval Warfare Systems Center, Code 20012, 53510 Silvergate Ave., Room 103, San Diego, CA 92152-5765.

FOR FURTHER INFORMATION CONTACT: Mr. Peter A. Lipovsky, Space and Naval Warfare Systems Center, Code 20012, 53510 Silvergate Ave., Room 103, San Diego, CA 92152-5765, telephone 619-553-3824.

(Authority: 35 U.S.C. 207, 37 CFR Part 404.7(a).)

Dated: December 27, 2004.

J.H. Wagshul,

BILLING CODE 3810-FF-P

DELAWARE RIVER BASIN COMMISSION

Notice of Commission Meeting and Public Hearing

Notice is hereby given that the Delaware River Basin Commission will hold an informal conference followed by a public hearing on Wednesday,

January 19, 2005. The hearing will be part of the Commission's regular business meeting. Both the conference session and business meeting are open to the public and will be held at the Delaware River Basin Commission's offices, 25 State Police Drive in West Trenton, New Jersey.

The conference among the commissioners and staff will begin at 9:30 a.m. Topics of discussion will include: response to the Athos I oil spill; staff recommendations on a proposal to amend the Water Quality Regulations, Water Code and Comprehensive Plan to classify the Lower Delaware River as Special Protection Waters; progress report on Stage 2 TMDLs for PCBs in the Delaware Estuary; report on the Delaware Estuary Science Conference of January 10-12, 2005; report on the Flow Management Technical Advisory Committee Work Group Meetings of November 9-10 and December 3, 2004 and January 6 and 18, 2005; and a proposed resolution to adopt the Commission's annual budget for the fiscal year ending June 30, 2005 and to apportion among the signatory parties the amounts required for support of the Commission's annual and operating budgets.

The subjects of the public hearing to be held during the 1 p.m. business meeting include the dockets listed below:

1. *Knoll, Inc. D-74-162-2.* An application to modify a wastewater treatment plant discharge for the Knoll Furniture Manufacturing Facility located off Water Street, approximately 1,000 feet northeast of its intersection with Peevy Road in Upper Hanover Township, Montgomery County, Pennsylvania. No new treatment facilities are proposed. A junction box at the sewage treatment plant will be repaired, and the facility will be rerouted to include an additional 3,000 gallons of wastewater flow. Although the current docket provides for a flow of 0.07 million gallons per day (mgd), the wastewater treatment plant provides advanced treatment of a total flow of 0.073 mgd from sanitary, process and cooling water sources prior to discharge to Perkiomen Creek in the Schuylkill River Watershed.

2. *Alcoa Extrusions, Inc. D-82-5-3.* An application for the renewal of a ground water withdrawal project to reduce withdrawal from 21.6 million gallons per 30 days (mg/30 days) to 11.0 mg/30 days to supply the applicant's manufacturing facility from existing Wells Nos. 1 and 2 in the West Branch Schuylkill River Watershed. The project is located in Cressona Borough, Schuylkill County, Pennsylvania.

3. *Occidental Chemical Corporation D-83-9-2.* An application to amend the current docket, which provides for a discharge from the 0.3 million gallons per day (mgd) (design) industrial waste treatment plant (IWTP) to contain and treat mercury contaminated groundwater at the applicant's Delaware City chemical manufacturing plant located off State Route 9 in New Castle County, Delaware. Barrier walls have been constructed around the perimeter of the Process Area and Waste Lake 1. Contaminated groundwater from within these containments will be pumped at a maximum rate of 30 gallons per minute (43,200 gallons per day) for treatment at an activated carbon treatment system before being discharged to the existing IWTP for mercury removal. The IWTP discharge is to the Delaware River in Water Quality Zone 5.

4. *County of Chester D-83-15 CP-2.* An application to upgrade the applicant's existing 0.105 mgd sewage treatment plant (STP) from a secondary treatment facility to tertiary treatment with no increase in treatment capacity. The STP will continue to serve only the Pocopson Home and Prison. The STP is located approximately one-half mile north of the intersection of Route 52 and Wawaset Road in Pocopson Township, Chester County, Pennsylvania in the Pocopson Creek Watershed. The existing effluent spray field irrigation system will also be upgraded and no effluent discharge to surface water is proposed. (This docket was NAR'd as D-2004-7 CP.)

5. *Waste Management Disposal Services of Pennsylvania, Inc. D-88-54-2.* An application to modify a landfill leachate treatment plant discharge to the tidal Delaware River via a constructed discharge cove in Water Quality Zone 2. The treatment plant serves the Tullytown and GROWS Landfills and is located off Bordentown Road in Falls Township, Bucks County, Pennsylvania. The existing 0.1 million gallons per day leachate treatment plant utilizes the Best Available Treatment Technology but cannot consistently meet effluent total dissolved solids and color limits. The docket holder has requested modification of its docket to allow an increase in the average discharge concentration of Total Dissolved Solids to 10,000 mg/l from the current 6,560 mg/l and an increase in the maximum effluent limit for True Color to 1,500 units from the current 750 units on a platinum-cobalt scale. In support of its requested modifications, the docket holder has completed an environmental study that indicates the changes would result in no significant impact to the Delaware Estuary. No increase in
