

rulemaking. The Paperwork Reduction Act, therefore, was not violated by the proposed rule.

Accordingly, we adopt the proposed rule as final, with only the following change: We delete the word "pre-release" from § 570.21(b) to allow for the possibility that Congress, in the future, may statutorily identify programs which require CCC placement for other than pre-release purposes. This minor deletion will allow the Bureau to avoid unnecessarily limiting the rule's application.

Executive Order 12866

This rule falls within a category of actions that the Office of Management and Budget (OMB) has determined to constitute "significant regulatory actions" under section 3(f) of Executive Order 12866 and, accordingly, it was reviewed by OMB.

BOP has assessed the costs and benefits of this rule as required by Executive Order 12866 Section 1(b)(6) and has made a reasoned determination that the benefits of this rule justify its costs. This rule will have the benefit of eliminating confusion in the courts that has been caused by the change in the Bureau's statutory interpretation, while allowing us to continue to operate under revised statutory interpretation. There will be no new costs associated with this rulemaking.

Executive Order 13132

This regulation will not have substantial direct effects on the States, on the relationship between the national government and the States, or on distribution of power and responsibilities among the various levels of government. Therefore, under Executive Order 13132, we determine that this rule does not have sufficient Federalism implications to warrant the preparation of a Federalism Assessment.

Regulatory Flexibility Act

The Director of the Bureau of Prisons, under the Regulatory Flexibility Act (5 U.S.C. 605(b)), reviewed this regulation and by approving it certifies that it will not have a significant economic impact upon a substantial number of small entities for the following reasons: This rule pertains to the correctional management of offenders committed to the custody of the Attorney General or the Director of the Bureau of Prisons, and its economic impact is limited to the Bureau's appropriated funds.

Unfunded Mandates Reform Act of 1995

This rule will not result in the expenditure by State, local and tribal

governments, in the aggregate, or by the private sector, of \$100,000,000 or more in any one year, and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Small Business Regulatory Enforcement Fairness Act of 1996

This rule is not a major rule as defined by § 804 of the Small Business Regulatory Enforcement Fairness Act of 1996. This rule will not result in an annual effect on the economy of \$100,000,000 or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based companies to compete with foreign-based companies in domestic and export markets.

■ Under rulemaking authority vested in the Attorney General in 5 U.S.C 301; 28 U.S.C. 509, 510 and delegated to the Director, Bureau of Prisons in 28 CFR 0.96, we revise 28 CFR part 570 as set forth below.

Subchapter D—Community Programs and Release

PART 570—COMMUNITY PROGRAMS

■ 1. Revise the authority citation for 28 CFR part 570 to read as follows:

Authority: 5 U.S.C. 301; 18 U.S.C. 751, 3621, 3622, 3624, 4001, 4042, 4081, 4082 (Repealed in part as to offenses committed on or after November 1, 1987), 4161–4166, 5006–5024 (Repealed October 12, 1984, as to offenses committed after that date), 5039; 28 U.S.C. 509, 510.

■ 2. Amend part 570 by adding subpart B consisting of §§ 570.20 and 570.21 to read as follows:

Subpart B—Community Confinement

Sec.

570.20 What is the purpose of this subpart?

570.21 How will the Bureau decide when to designate inmates to community confinement?

§ 570.20 What is the purpose of this subpart?

(a) This subpart provides the Bureau of Prisons' (Bureau) categorical exercise of discretion for designating inmates to community confinement. The Bureau designates inmates to community confinement only as part of pre-release

custody and programming which will afford the prisoner a reasonable opportunity to adjust to and prepare for re-entry into the community.

(b) As discussed in this subpart, the term "community confinement" includes Community Corrections Centers (CCC) (also known as "halfway houses") and home confinement.

§ 570.21 When will the Bureau designate inmates to community confinement?

(a) The Bureau will designate inmates to community confinement only as part of pre-release custody and programming, during the last ten percent of the prison sentence being served, not to exceed six months.

(b) We may exceed these time-frames only when specific Bureau programs allow greater periods of community confinement, as provided by separate statutory authority (for example, residential substance abuse treatment program (18 U.S.C. 3621(e)(2)(A)), or shock incarceration program (18 U.S.C. 4046(c)).

SUPPLEMENTARY INFORMATION:

I. Background

Under the CAA, EPA may redesignate areas to attainment if sufficient data are available to warrant such changes and the area meets the criteria contained in section 107(d)(3) of the Act. This includes full approval of a maintenance plan for the area. The requirements for a maintenance plan are found in section 175A of the CAA.

On December 21, 1993 (58 FR 67334), EPA designated the City of Weirton, including the Clay and Butler Magisterial Districts of Hancock County, West Virginia (the Weirton area), to nonattainment for SO₂ based upon monitored values at the Oak Street monitoring site in the Weirton, West Virginia area. This action required the State to submit a SIP revision for the Weirton area by July 1995. On July 21, 1995, EPA received a SIP revision submittal for the Weirton area.
