Northwest Pipeline Corporation; Notice of Proposed Changes in FERC Gas Tariff

January 5, 2005.

Take notice that on December 30, 2004, Northwest Pipeline Corporation (Northwest) tendered for filing and acceptance the following tariff sheets as part of its FERC Gas Tariff, Third Revised Volume No. 1, to be effective February 1, 2005:

Second Revised Sheet No. 370, Seventh Revised Sheet No. 371, Fourth Revised Sheet No. 372.

Northwest states that the purpose of this filing is to change the name of the shipper for 26 service agreements listed as non-conforming service agreements in Northwest's tariff due to the permanent release of these service agreements.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at http://www.ferc.gov. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission,

888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at http://www.ferc.gov, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). Northwest Pipeline Corporation; Notice of Proposed Changes in FERC Gas Tariff and Filing of Non-Conforming Service Agreements

January 5, 2005.

Take notice that on December 23, 2004, Northwest Pipeline Corporation (Northwest) tendered for filing and acceptance five Rate Schedule TF-1 service agreements. Northwest also tendered the following tariff sheets as part of its FERC Gas Tariff, Third Revised Volume No. 1, to be effective January 23, 2005:

First Revised Sheet No. 374, Seventh Revised Sheet No. 377, Fourth Revised Sheet No. 378.

Northwest states that the purpose of this filing is to: (1) Submit a nonconforming negotiated rate service agreement and four other nonconforming service agreements for Commission acceptance for filing; and (2) submit tariff sheets listing these agreements in Northwest's tariff.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance

with the provisions of section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at http://www.ferc.gov. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

[Project No. 2005]

Oakdale Irrigation District, South San Joaquin Irrigation District; Notice of Authorization for Continued Project Operation

January 6, 2005.

On December 23, 2002, Oakdale and South San Joaquin Irrigation Districts, licensees for the Beardsley/Donnells Project No. 2005, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 2005 is located on the Middle Fork of the Stanislaus River in Tuolumne County, California.

The license for Project No. 2005 was issued for a period ending December 31, 2004. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year

an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensees of such project have filed an application for a subsequent license, the licensees may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on their application. If the licensees of such a project have not filed an application for a subsequent license, then they may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2005 is issued to Oakdale and South San Joaquin Irrigation Districts for a period effective January 1, 2005, through December 31, 2005, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before January 1, 2006, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that Oakdale and South San Joaquin Irrigation Districts are authorized to continue operation of the Beardsley/Donnells Project No. 2005 until such time as the Commission acts on their application for subsequent license.

[Project No. 2067]

Oakdale Irrigation District, South San Joaquin Irrigation District; Notice of Authorization for Continued Project Operation

January 6, 2005.

On December 23, 2002, Oakdale and South San Joaquin Irrigation Districts, licensees for the Tulloch Project No. 2067, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 2067 is located on the Stanislaus River in Tuolumne and Calaveras Counties, California.

The license for Project No. 2067 was issued for a period ending December 31, 2004. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act. 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensees of such project have filed an application for a subsequent license, the licensees may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on their application. If the licensees of such a project have not filed an application for a subsequent license, then they may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2067 is issued to Oakdale and South San Joaquin Irrigation Districts for a period effective January 1, 2005 through December 31, 2005, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before January 1, 2006, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license

under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that Oakdale and South San Joaquin Irrigation Districts are authorized to continue operation of the Tulloch Project No. 2067 until such time as the Commission acts on their application for subsequent license.

[Project No. 2118]

Pacific Gas and Electric Company; Notice of Authorization for Continued Project Operation

January 6, 2005.

On December 26, 2002, Pacific Gas and Electric Company, licensee for the Donnells-Curtis Transmission Line Project No. 2118, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 2118 is located in Tuolumne County, California.

The license for Project No. 2118 was issued for a period ending December 31, 2004. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the
