**SUPPLEMENTARY INFORMATION:** In 2004, as part of the outreach efforts on courthouse accessibility, the Access Board established a Federal advisory committee to advise the Access Board on issues related to the accessibility of courthouses, particularly courtrooms, including best practices, design solutions, promotion of accessible features, educational opportunities, and the gathering of information on existing barriers, practices, recommendations, and guidelines. On October 12, 2004, the Access Board published a notice appointing 31 members to the Courthouse Access Advisory Committee. 69 FR 60608 (October 12, 2004). Members of the Committee include designers and architects, disability groups, members of the judiciary, court administrators, representatives of the codes community and standard-setting entities, government agencies, and others with an interest in the issues to be explored. The Committee held its initial meeting on November 4 and 5, 2004. Members discussed the current requirements for accessibility, committee goals and objectives and the establishment of subcommittees. Minutes of the November meeting may be found on the Access Board Web site at <http://www.access-board.gov/caac/minutes-nov04.htm>.
