Forest Service

Payette National Forest, ID; Proposed Grouse Creek Road Relocation

AGENCY: Forest Service, USDA.

ACTION: Cancellation of an environmental statement.

SUMMARY: In 2002, the USDA Forest Service, Intermountain Region, gave notice that the agency would prepare an environmental impact statement (EIS) for the relocation of the existing Grouse Creek Road (Forest Service Road 50325). The road is located on the Payette National Forest, McCall Ranger district, Near the Secesh River and within the Crystal Mountain Inventoried Roadless Area. Because the new road would have been located in an inventoried roadless area, the Regional Forester was the Responsible Official. The Notice of Intent (NOI) to prepare an EIS was published in the June 21, 2002 **Federal Register** (67 FR 42230). Since that time, review of the proposed project by research scientists and other Forest Service specialists has determined that improvements to the existing road would cause fewer impacts to critical fish resources than relocating the road. The identified improvements can be accomplished using normal road maintenance practices, which do not require preparation of an EIS. Therefore, the planned EIS is not needed, and the NOI is hereby rescinded.

FOR FURTHER INFORMATION CONTACT: Dan Anderson, Environmental Coordinator, Payette National Forest, McCall Ranger District, P.O. Box 1026, McCall, ID 83638, or by phone at (208) 634-0400, by fax at (208) 634-0433, or by e-mail: danderson02@fs.fed.us.

Dated: January 7, 2005.

Jack G. Troyer,

Intermountain Regional Forester.

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Baltimore Development Corporation, on behalf of the City of Baltimore, Maryland, grantee of FTZ 74, requesting authority to terminate Subzone 74A at the shipbuilding facilities of Baltimore Marine Industries, Inc. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on January 7, 2005.

Subzone 74A was approved by the Board on March 14, 1985 (Board Order 290, 50 FR 13057; 4/2/85) as Bethlehem Steel Corporation and currently consists of 215 acres located on the lower east bank of the Patapsco River, on the west side of the Sparrows Point Peninsula, some 6 miles southeast of Baltimore.

The applicant is now requesting authority to terminate the subzone stating that Baltimore Marine Industries declared bankruptcy in 1999 and no longer has need for subzone status.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.
