

the date of approval of this proposal. At the conclusion of the ninety day period, however, any CBOE Exerciser Member who does not own an NSX certificate of proprietary membership would automatically cease to qualify for membership on the Exchange and would not become a member of the Exchange again without first complying with all the procedures and requirements set forth in the NSX by-laws and rules to do so. In relation to the elimination of the membership class of CBOE Exerciser Members, NSX would also eliminate the "CBOE Exercise Application" fee and other references in its by-laws to "Proprietary Members without certificates."

In addition, the proposal would eliminate NSX's Special Nominating Committee, which is composed of two Designated Dealer Directors, the At-Large Director and three of the six CBOE Directors and which has the responsibility of nominating candidates for Public Director positions on the NSX board. NSX proposes to re-assign the responsibility of nominating Public Directors to the NSX's Nominating Committee, which currently nominates candidates for the Designated Dealer Director and At-Large Director board positions. Finally, the proposal would eliminate the special limitations on changes to certain NSX by-laws and rules contained in Article XII of the NSX by-laws.

IV. Discussion

The Commission has reviewed the proposed rule change and finds that it is consistent with the Act and the rules and regulations thereunder applicable to a national securities exchange.⁵ Specifically, the Commission finds that the proposed rule change furthers the objectives of Section 6(b)(1)⁶ of the Act, which requires the Exchange to be so organized and have the capacity to be able to carry out the purposes of the Act and to comply, and to enforce compliance by its members, with the Act and the rules of the Exchange. In addition, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,⁷ which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in

general, to protect investors and the public interest.

The Commission notes that NSX and CBOE have recently agreed to the Termination Agreement, which would amend and terminate certain aspects of their affiliation. The Commission also notes that NSX seeks to eliminate provisions of its by-laws and rules that were adopted to implement the terms of the original agreement of affiliation between NSX and CBOE.⁸ In particular, the Commission notes that the proposal would eliminate the CBOE Exerciser membership class. Under the proposal, the removal of the CBOE Exerciser membership class would be deferred until the conclusion of a ninety-day transition period. The Commission believes that ninety days should be a reasonable period of time for interested CBOE members to purchase the requisite certificates of proprietary membership. In addition, the Commission notes that the proposal would remove special voting limitations on changes to its by-laws, and amend the provisions of its by-laws regarding the Special Nominating Committee. The Commission believes that these provisions are no longer necessary as a result of the amendments to NSX's affiliation with CBOE under the Termination Agreement.

V. Conclusion

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to a national securities exchange, and, in particular, with Sections 6(b)(1)⁹ and 6(b)(5)¹⁰ of the Act.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹¹ that the proposed rule change (File No. SR-NSX-2004-12) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹²

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, PCX included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this rule change is to adopt a provision that exempts option orders for SPY from the requirements of EOC or Electronic Tablet Entry Requirement as set forth in PCX Rule 6.67 until March 28, 2005. This exemption is similar to an exemption provided by the Chicago Board Options Exchange ("CBOE") rules.⁶ The PCX is adopting this exemption for competitive purposes.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Section 6(b)(5),⁸ in particular, in that it is designed to facilitate transactions in securities, to promote just and equitable principles of trade, to enhance competition and to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

A proposed rule change filed under Rule 19b-4(f)(6)¹¹ normally does not become operative prior to 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the five-day pre-filing requirement and the 30-day operative delay, as specified in Rule 19b-4(f)(6)(iii), and designate the proposed rule change immediately operative.

The Commission believes that waiving the five-day pre-filing provision and the 30-day operative delay is consistent with the protection of investors and the public interest.¹² The Commission notes that by waiving the pre-filing requirement and accelerating the operative date, the Exchange has stated that it will allow for a more efficient and effective market operation by enabling the Exchange to provide a competitive means of trading SPY options. For these reasons, the Commission designates that the proposed rule change has become effective and operative immediately.

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is

necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51024; File No. SR-Phlx-2004-94]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Increasing the Firm-Related Equity Option and Index Option Comparison and Transaction Cap

January 11, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 28, 2004, the Philadelphia Stock Exchange, Inc. (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. Phlx filed this proposal pursuant to Section 19(b)(3)(A)(ii)³ of the Act and Rule 19b-4(f)(2)⁴ thereunder as a proposal establishing or changing a due, fee, or other charge imposed by the self-regulatory organization, which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Phlx proposes to amend its schedule of fees to increase the current cap of \$50,000 per month per member organization to \$60,000, to be imposed on all “firm-related” equity option and index option comparison and transaction charges combined.

This proposal is scheduled to become effective for transactions settling on or after January 3, 2005. The text of the proposed rule change is available at Phlx and at the Commission.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Phlx included statements concerning the purpose of and basis for its proposal and discussed any comments it received on the proposal. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, the Exchange imposes a cap of \$50,000 per member organization on all “firm-related” equity option and index option comparison and transaction charges combined.⁵ Specifically, “firm-related” charges include equity option firm/proprietary comparison charges, equity option firm/proprietary transaction charges, equity option firm/proprietary facilitation transaction charges, index option firm (proprietary and customer executions) comparison charges, index option firm/proprietary transaction charges, and index option firm/proprietary facilitation transaction charges (collectively “firm-related charges”). Thus, such firm-related charges for equity options and index options, in the aggregate for one billing month, may not exceed \$50,000 per month per member organization. Certain options are not subject to the cap.⁶

⁵ The firm/proprietary comparison or transaction charge applies to member organizations for orders for the proprietary account of any member or non-member broker-dealer that derives more than 35% of its annual, gross revenues from commissions and principal transactions with customers. Member organizations will be required to verify this amount to the Exchange by certifying that they have reached this threshold by submitting a copy of their annual report, which was prepared in accordance with Generally Accepted Accounting Principles (“GAAP”). In the event that a member organization has not been in business for one year, the most recent quarterly reports, prepared in accordance with GAAP, will be accepted. See Securities Exchange Act Release No. 43558 (November 14, 2000), 65 FR 69984 (November 21, 2000) (SR-Phlx-00-85).

⁶ Variable (not fixed) firm-related charges are imposed on the following three options: Full-size index options (“QCX”) and Mini index options (“QCE”) on the Nasdaq Composite Index, Inc.® and options listed on the iShares FTSE/Xinhua China 25 Index Fund (“FXI Options”), an exchange-traded fund. In addition, certain license fees per contract side may be imposed after the \$50,000 cap is reached. See Securities Exchange Act Release No. 50836 (December 10, 2004), 69 FR 75584 (December 17, 2004) (SR-Phlx-2004-70).

Pursuant to this proposal, the cap would increase from \$50,000 to \$60,000. No other changes to the firm-related equity option and index option cap are being proposed at this time.

The purpose of the proposed rule change is to raise revenue, while continuing to promote equity option and index option business on the Phlx. Specifically, the Exchange believes that imposing a cap of \$60,000 (rather than \$50,000) will continue to offer an incentive for member organizations to transact more volume on the Phlx floor. An increase in firm orders should provide more trading opportunities for floor members, thereby increasing revenue potential to the membership, in addition to increasing revenue to the Exchange. Because the \$50,000 cap was established over one year ago,⁷ the Exchange believes that it is now appropriate to raise it by \$10,000.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(4) of the Act⁹ in particular, in that it is an equitable allocation of reasonable fees among Exchange members.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposal has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁰ and Rule 19b-4(f)(2)¹¹ thereunder as a proposal establishing or changing a due, fee, or other charge imposed by the self-regulatory organization. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or
