## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51044; File No. SR-PCX-2005-05]

### Self-Regulatory Organizations; Pacific Exchange, Inc.; Notice of Filing and Order Granting Accelerated Approval to a Proposed Rule Change To Increase Position Limits and Exercise Limits for Options on Standard and Poor’s Depository Receipts

January 14, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on January 12, 2005, the Pacific Exchange, Inc. (“PCX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons. In addition, the Commission is granting

accelerated approval of the proposed rule change.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend PCX Rule 6.8 to increase position limits and exercise limits for options on the Standard and Poor’s Depository Receipts (“SPY”). The text of the proposed rule change is available on the PCX’s Web site (<http://www.pacificex.com>), at the PCX’s Office of the Secretary, and at the Commission’s Public Reference Room.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it had received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The PCX has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange began trading options on SPY on January 10, 2005 on the Exchange’s electronic trading platform, PCX Plus. The Exchange proposes to amend PCX Rule 6.8, Commentary .06 to increase position limits and exercise limits for options on SPY from 75,000 to 300,000 contracts on the same side of the market.

Given the expected institutional demand for options on SPY, the PCX believes the current equity position limit of 75,000 contracts to be too low and a deterrent to the successful trading of the product. Options on SPY are 1/10th the size of options on the Standard and Poor’s 500 Index (“SPX”). Thus, a position limit of 75,000 contracts in SPY options is equivalent to a 7,500 contract position limit in SPX options. Traders who trade SPY options to hedge positions in SPX options are likely to find a position limit of 75,000 contracts in SPY options too restrictive, which may adversely affect the Exchange’s ability to provide liquidity in this product.

Comparable products, such as options on the Nasdaq-100 Index Tracking Stock (“QQQ”), are subject to a 300,000
