[30Day-05-0405X]

**Proposed Data Collections Submitted for Public Comment and Recommendations**

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 371-5976 or send an e-mail to [omb@cdc.gov](mailto:omb@cdc.gov). Send written comments to CDC Desk Officer, Human Resources and Housing Branch, New

Executive Office Building, Room 10235, Washington, DC 20503 or by fax to (202) 395-6974. Written comments should be received within 30 days of this notice.

**Proposed Project**

Comprehensive Cancer Control: Implementation Case Study—New—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

**Background**

While much has been learned about the development of Comprehensive Cancer Control (CCC) plans, little is known about CCC grantee activities, organizational capacity, or essential elements of implementing CCC plans. CDC, through a contractor will evaluate the necessary components of the CCC Program. The evaluation consists of: (1) The design of a plan to evaluate the CCC Program; (2) an evaluation of grantee activities; (3) a nationwide assessment of capacity to plan, implement and evaluate CCC programs; and (4) a study of selected grantees' experiences implementing CCC plans. This project will focus on the fourth component of the evaluation.

Implementation case studies provide the opportunity to follow the relationships among needs identified in the planning process, goals and objectives established in the plan (priorities for action), and implemented activities. The goals of the proposed data collection are to document the process and activities CCC programs undertake to implement a CCC plan, and to document measures CCC programs use to assess how well a CCC plan is implemented.

The data will be collected via in-person interviews with key personnel in the implementation of CCC plans. Key personnel will include: Program directors, program staff in health departments and partner organizations, partner organization decision-makers, program evaluators, and representatives from non-partner organizations. Interviews will take place during one 3- to 4-day site visit to 10 sites. The program directors will also complete a packet of background information in preparation for the site visits. The only cost to respondents is their time. The total annual burden for this data collection is 145 hours.

**ANNUALIZED BURDEN TABLE**

Form	Type of respondents	Number of respondents	Number of responses per respondent	Avg. burden per response (in hours)	
1	Interview	Program Directors	10	1	2
2	Interview	CCC Partners with General Knowledge	25	1	1
3	Interview	Partners with Focus Area Expertise	15	1	1.5
4	Interview	CCC Program Staff with General CCC Knowledge.	15	1	1
5	Interview	CCC Program Staff with Focus Area Expertise.	15	1	1.5
6	Interview	Evaluators	10	1	1
7	Interview	Non-partners	20	1	1
8	Data Tables	Program Directors	5	1	2

Dated: January 21, 2005.

[Request For Application 05032]

**Capacity Building Assistance for Global HIV/AIDS Program Development Through Technical Assistance Collaboration With the National Association of State and Territorial AIDS Directors (NASTAD); Notice of Intent To Fund Single Eligibility Award**

**A. Purpose**

The purpose of the program is to support capacity-building assistance for HIV/AIDS program development

through technical assistance (TA) provided to GAP Program countries. The term "capacity building assistance" means the provision of information, technical assistance, training, and technology transfer for individuals and organizations to improve the delivery and effectiveness of HIV prevention, care and treatment services and interventions. This does not include the delivery of direct HIV prevention, care or treatment services and interventions.

The Catalog of Federal Domestic Assistance number for this program is 93.067.

**B. Eligible Applicant**

Assistance will be provided only to the National Alliance of State and

Territorial AIDS Directors (NASTAD) for this project. No other applications are solicited or will be accepted. This announcement and application will be sent to NASTAD.

NASTAD is the appropriate and only qualified agency to provide the services specified under this cooperative agreement because:

1. NASTAD is the only officially established organization that represents the State and Territorial AIDS Directors in all 50 U.S. States and all U.S. Territories. As such, it represent the officials from throughout the U.S. who have responsibility for designing, implementing, and evaluating HIV/AIDS prevention programs protecting the health of U.S. citizens against the threat of HIV and acquired immunodeficiency syndrome (AIDS). This places NASTAD in a unique position to act as a liaison between state and territorial HIV/AIDS prevention programs and GAP country public health officials. In addition, the same set of knowledge, skills, and abilities NASTAD has developed in working with State and Territorial AIDS Directors are of critical importance in improving the technical capacity of national AIDS control programs in African, Caribbean, Central and South American countries and India.

2. Health threats such as HIV are not confined by geographic boundaries. NASTAD was formed to promote coordination of HIV/AIDS prevention efforts among the States and territories. The organization is uniquely positioned to collaborate not only with national organizations, including Federal agencies, but also with national AIDS control program officials in GAP countries, on policy and program issues from a U.S. government model, multi-state perspective. In this collaboration NASTAD is positioned to monitor, assess, and improve HIV/AIDS prevention program design, implementation, and evaluation in GAP countries.

3. In the U.S., NASTAD coordinates the efforts of HIV/AIDS Prevention Program Directors, who work together with CDC to monitor the implementation of prevention programs across States and territories, assess the impact of prevention programs, share successes and challenges, monitor issues and obstacles to implementation of effective interventions, provide technical assistance and consult with CDC, one another, and other governmental and non-governmental prevention partners on these issues. Therefore NASTAD possesses unique knowledge and insight that can be applied to GAP country programs

through the provision of technical assistance aimed at strengthening the ability of national AIDS control programs to develop HIV/AIDS programs based on the best practices of U.S. state and territory programs.

4. It is critical that NASTAD conducts these services since it represents the HIV/AIDS Program Directors who oversee and deliver HIV prevention, care and treatment policies, programs, and activities. Since NASTAD represents the HIV/AIDS Program Directors who have responsibility for HIV prevention, care and treatment within their jurisdictions, it is the only organization that can work collaboratively with individual AIDS Directors to provide multi-jurisdiction perspectives and translate knowledge, skills, and abilities to national AIDS control program officials in GAP countries.

5. NASTAD has already established mechanisms for communicating HIV/AIDS prevention, care and treatment information to the States and the political subdivisions of the States that carry out the National HIV/AIDS programs. They can use these mechanisms to exchange information between the States and public health officials in GAP countries to identify and develop effective HIV/AIDS information networks and dissemination systems. Because of their experience and established communications mechanisms, NASTAD is in a unique position to assist national AIDS control program officials with the dissemination of HIV/AIDS prevention, care and treatment information.

### C. Funding

Approximately \$2,000,000 is available in FY 2005 to fund this award. It is expected that the award will begin on or before April 1, 2005, and will be made for a 12-month budget period within a project period of up to three years. Funding estimates may change.

### D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341-4146, Telephone: 770-488-2700.

For technical questions about this program, contact: Ethleen Lloyd, Project Officer, CDC/NCHSTP/GAP, 1600 Clifton Road, NE (MS-E04), Atlanta, GA 30333, Telephone: (404) 639-6318, E-mail: [esl1@cdc.gov](mailto:esl1@cdc.gov).

Dated: January 21, 2005.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

#### Disease, Disability, and Injury Prevention and Control Special Emphasis Panel: Grants for Education Programs in Occupational Safety and Health, Request for Applications (RFA) OH-05-001

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following meeting:

*Name:* Disease, Disability, and Injury Prevention and Control Special Emphasis Panel (SEP): Grants for Education Programs in Occupational Safety and Health, Request for Applications (RFA) OH-05-001.

*Times and Dates:* 7 p.m.-7:30 p.m., February 16, 2005 (Open). 7:30 p.m.-9 p.m., February 16, 2005 (Closed). 8 a.m.-5 p.m., February 17, 2005 (Closed). 8 a.m.-5 p.m., February 18, 2005 (Closed).

*Place:* Embassy Suites Hotels, 1900 Diagonal Road, Alexandria, VA 23114 telephone (703) 684-5900.

*Status:* Portions of the meeting will be closed to the public in accordance with provisions set forth in section 552b(c)(4) and (6), Title 5 U.S.C., and the Determination of the Director, Management Analysis and Services Office, CDC, pursuant to Public Law 92-463.

*Matters to Be Discussed:* The meeting will include the review, discussion, and evaluation of applications received in response to Request for Applications OH-05-001.

*Contact Person for More Information:* Charles Rafferty, PhD, Scientific Review Administrator, Office of Extramural Programs, National Institute for Occupational Safety and Health, CDC, 1600 Clifton Road, NE., MS-E74, Atlanta, GA 30333, Telephone (404) 498-2530.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: January 20, 2005.

**Alvin Hall,**
