

orders received during a trading rotation from the Display Obligation. The Commission notes, however, that once the trading rotation ends, any orders not executed would then be subject to the Display Obligation.

Finally, customer orders the terms of which are delivered by the specialist to another exchange for execution are exempt from the Exchange's Display Obligation. The Commission believes it is reasonable to exempt such orders since they are subject to execution upon receipt at the other options exchange. Moreover, the Exchange represents that if the order delivered to the other options exchange were canceled, in whole or in part, by the other exchange, then the original customer order would be subject to the Display Obligation immediately upon receipt of the cancellation notice by the Exchange.

The Commission finds good cause for approving Amendments No. 7 and 8 to the proposed rule change prior to the thirtieth day after their publication in the **Federal Register**, pursuant to section 19(b)(2) of the Act.¹⁸ Amendments No. 7 and 8 made minor modifications to the exemption for customer orders the terms of which are immediately delivered to another exchange for execution. Acceleration of Amendments No. 7 and 8 will permit the Exchange to implement the proposal in an expeditious manner. The Commission, therefore, believes that good cause exists, consistent with section 6(b)(5)¹⁹ and section 19(b)²⁰ of the Act, to accelerate approval of Amendments No. 7 and 8.

IV. Solicitation of Comments Concerning Amendments No. 7 and 8

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51063; File No. SR-CBOE-2004-35]

Self-Regulatory Organizations; Order Approving a Proposed Rule Change and Notice of Filing and Order Granting Accelerated Approval to Amendment No. 2 Thereto by the Chicago Board Options Exchange, Inc. To Require the Immediate Display of Customer Limit Orders

January 21, 2005.

I. Introduction

On June 17, 2004, the Chicago Board Options Exchange, Inc. ("CBOE" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend CBOE Rule 8.85 to require the immediate display of customer limit orders. The proposed rule change was published for comment in the **Federal Register** on July 2, 2004.³ No comments were received regarding the proposal. CBOE filed Amendments No. 1 and 2 with the Commission on August 31, 2004,⁴ and January 6, 2005,⁵ respectively. This order approves the proposed rule change, grants accelerated approval to Amendment No. 2, and solicits comment on Amendment No. 2.

II. Description of Proposed Rule

CBOE proposes to amend CBOE Rule 8.85(b)(i) to codify an immediate display requirement with respect to eligible customer limit orders⁶ ("Display Obligation"). Under the proposal, each DPM would be required

³ See Securities Exchange Act Release No. 49916 (June 25, 2004), 69 FR 40422 ("Notice of the Proposal").

⁴ See letter from Steve Youhn, Assistant Secretary, CBOE, to Nancy Sanow, Assistant Director, Commission, Division of Market Regulation, dated August 30, 2004 ("Amendment No. 1"). In Amendment No. 1, CBOE corrected a typographical error in the proposed rule text. Because Amendment No. 1 is a technical amendment, it is not subject to notice and comment.

⁵ See Amendment No. 2, dated January 6, 2005, submitted by Steve Youhn, Assistant Secretary, CBOE ("Amendment No. 2"). In Amendment No. 2, CBOE proposes a minor modification to the exemptions to the Display Obligation.

⁶ CBOE proposes to define the term "customer limit order" as "an order to buy or sell a listed option at a specified price that is not for the account of either a broker or dealer; provided, however, that the term customer limit order shall include an order transmitted by a broker or dealer on behalf of a customer." to display the price and full size of eligible customer limit orders when such orders represent buying or selling interest that is at a better price than the best disseminated CBOE quote. A DPM also must increase the size of its quote to reflect a limit order priced equal to the CBOE disseminated quote. In proposed CBOE Rule 8.85(b)(i), CBOE proposes to define "immediately" to mean, under normal market conditions, as soon as practicable but no later than 30 seconds after receipt by the DPM.⁷

CBOE proposes to exempt, or partially exempt, certain orders from the Display Obligation. Specifically, CBOE proposes to exempt orders executed upon receipt as well as any order where the customer who placed it requests that the order not be displayed, if upon receipt of the order the DPM announces via public outcry the information about the order that would be displayed if the order were subject to display. CBOE further proposes an exemption from the Display Obligation for orders for which, immediately upon receipt, a related order for the principal account of a DPM reflecting the terms of the customer order is routed to another options exchange that is a participant in the intermarket options linkage plan.⁸ Exempt order types would also include contingency orders (*i.e.*, market-if-touched, market-on-close, stop (stop-loss), and stop-limit orders), one-cancels-the-other orders, all or none orders, fill or kill orders, immediate or cancel orders, complex orders (*i.e.*, spread, combination, straddle and stock-option orders), orders received during a trading rotation (although once the trading rotation ends such orders would then be subject to the Display Obligation), and orders of more than 100 contracts, unless the customer placing such order requests that it be displayed.⁹

III. Commission Findings and Order Granting Approval

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities

exchange¹⁰ and, in particular, the requirements of section 6(b)(5) of the Act,¹¹ which requires, among other things, that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

Specifically, the Commission believes that the display of customer options limit orders that improve the price or size of the best disseminated CBOE quote should promote transparency and enhance the quality of executions of customer limit orders on CBOE. The proposed amendments to CBOE Rule 8.85 introduce requirements for customer limit order display that are comparable to the requirements of the Commission's Display Rule, Rule 11Ac1-4 under the Act,¹² which is applicable to customer limit orders received in the equity market. In addition, the Commission believes that the Exchange's proposal to exempt all-or-none, fill-or-kill, immediate-or-cancel, and large sized orders from the Display Obligation is reasonable since these order types are either identical or substantially similar to order types exempt from the Commission's Display Rule.

The Commission also believes that it is consistent with the Act for CBOE to exempt from the Display Obligation under its rules market-if-touched, stop-limit, and stop or stop-loss orders. These orders are contingent orders that are subject to a particular triggering event and, thus, are not available for execution until the triggering event occurs. A market-if-touched or stop-loss order becomes a market order when triggered and thus is not subject to the Display Obligation because such an order would then be immediately executable. A stop-limit order becomes a limit order when the triggering event occurs. This limit order would be subject to the Display Obligation.

Market-on-close orders may not be represented, displayed or booked until as near as possible to the close of trading, and, therefore, the Commission believes it is reasonable to exempt such orders from the Display Obligation.

Spread, combination, straddle, stock-option, and one-cancels-the-other orders are complex orders with more than one component and, thus, the Commission believes, are not suitable for display.

During a trading rotation, CBOE systems attempt to set an opening price for the series. Until that opening price is established, there is no disseminated market. Therefore, it is reasonable to exempt orders received during a trading rotation from the Display Obligation. The Commission notes, however, that once the trading rotation ends, any orders not executed would then be subject to the Display Obligation.

Finally, the Exchange proposes to exempt from the Display Obligation customer orders for which a related order for the principal account of a DPM reflecting the terms of the customer order is routed to another options exchange. The Commission believes it is reasonable to exempt such orders since they are subject to execution upon receipt at the other options exchange. Moreover, the Exchange represents that if an order routed to another options exchange is cancelled in whole or in part by the other exchange, then the order would be subject to the Display Obligation immediately upon receipt of the cancellation notice by the Exchange.

The Commission finds good cause for approving Amendment No. 2 to the proposed rule change prior to the thirtieth day after their publication in the **Federal Register**, pursuant to section 19(b)(2) of the Act.¹³ Amendment No. 2 made a minor modification to the exemption for customer orders for which a related order reflecting the terms of the customer order is immediately delivered to another exchange for execution. Acceleration of Amendment No. 2 will permit the Exchange to implement the proposal in an expeditious manner. The Commission, therefore, believes that good cause exists, consistent with section 6(b)(5)¹⁴ and section 19(b)¹⁵ of the Act, to accelerate approval of Amendment No. 2.

IV. Solicitation of Comments Concerning Amendment No. 2

Interested persons are invited to submit written data, views, and arguments concerning Amendment No. 2, including whether it is consistent with the Act. Comments may be submitted by any of the following methods:

¹³ 15 U.S.C. 78s(b)(2).

¹⁴ 15 U.S.C. 78f(b)(5).

¹⁵ 15 U.S.C. 78s(b).

⁷ In its filing, CBOE states that "receipt by the DPM" means receipt on the PAR terminal in the DPM trading crowd, which is consistent with the firm quote definition of "time of receipt." This means that the time of receipt is when the order is received on PAR, even if the DPM or PAR operator does not happen to see it for several seconds.

⁹ For a complete discussion of these exempt order types, see Notice of the Proposal, *supra* note 3.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51066; File No. SR-FICC-2005-02]

Self-Regulatory Organizations; Fixed Income Clearing Corporation; Notice of Filing of Proposed Rule Change To Amend the Application and Continuing Membership Standards of the Government Securities Division and the Mortgage-Backed Securities Division

January 21, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on January 7, 2005, the Fixed Income Clearing Corporation ("FICC") filed with the Securities and Exchange Commission ("Commission") and on January 14, 2005, amended the proposed rule change described in Items I, II, and III below, which items have been prepared primarily by FICC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested parties.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

FICC is seeking to amend the rules of the Government Securities Division ("GSD") and the Mortgage-Backed Securities Division ("MBSD") to: (1) Provide that when an applicant, member, or participant becomes subject to an order of statutory disqualification or order of similar effect, including an order issued by a non-U.S. regulator or examining authority, the FICC Membership and Risk Management Committee ("Committee") shall determine whether such order shall be the basis for denial of the membership applicant or termination of membership rather than such denial or termination being automatic; (2) impose a fine on members and participants that fail to notify FICC within two business days of falling out of compliance with specified membership standards, including becoming subject to an order of statutory disqualification or order of similar effect; and (3) require applicants,

members, and participants to notify FICC within two business days if they become aware of an investigation or similar proceeding against them that could lead them to violate a FICC membership standard.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FICC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FICC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.²

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

FICC is seeking to amend the application and continuing membership standards of the GSD and the MBSD to: (1) Provide that when an applicant, member, or participant becomes subject to an order of statutory disqualification or order of similar effect, including an order issued by a non-U.S. regulator or examining authority, the Committee shall determine whether this shall be the basis for denial of the membership applicant or termination of membership, rather than such denial or termination being automatic; (2) impose a fine on members and participants that fail to notify FICC within 2 business days of falling out of compliance with specified membership standards, including becoming subject to an order of statutory disqualification or order of similar effect; and (3) require applicants, members, and participants to notify FICC within two business days if they become aware of an investigation or similar proceeding against them that could lead them to violate a FICC membership standard.

1. Action in Cases of Statutory Disqualification or Orders of Similar Effect

The GSD and MBSD rules currently provide that a membership applicant that is subject to an order of statutory disqualification under Section 3(a)(39) of the Act or an order of similar effect is not eligible for membership.³

² The Commission has modified the text of the summaries prepared by FICC.
