

than 40 acres). The Public Entity Information Sheet is disbursed at our discretion and will be effective starting in the 2006 water year. Because of the addition of this proposed new form to this information collection, we also propose that the title of this information collection be changed to "Forms for Certain Landholders That Hold Less Than 40 Acres for Acreage Limitation." This change in title will allow us to

capture the purpose of the forms in this information collection without listing lengthy form names.

**Frequency:** Generally, these forms will be submitted once per identified entity, trust, or public entity. Each year, we expect new responses in accordance with the following numbers.

**Respondents:** Entity landholders, trusts, and public entities identified by Reclamation that are subject to the

acreage limitation provisions of Federal reclamation law.

**Estimated Total Number of Respondents:** 425.

**Estimated Number of Responses per Respondent:** 1.0.

**Estimated Total Number of Annual Responses:** 425.

**Estimated Total Annual Burden on Responses:** 52 hours.

**Estimate of Burden for Each Form:**

**DEPARTMENT OF THE INTERIOR**

**Bureau of Reclamation**

**Agency Information Collection; Proposed Revisions to a Currently Approved Information Collection; Comment Request**

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of renewal of a currently approved collection (OMB No. 1006-0006).

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Bureau of Reclamation (we, our, or us) intends to submit a request for renewal (with revisions) of an existing approved information collection to the Office of Management and Budget (OMB): Certification Summary Form, Reporting Summary Form for Acreage Limitation, 43 CFR part 426 and 43 CFR part 428, OMB Control Number: 1006-0006. This information collection is required under the Reclamation Reform Act of 1982 (RRA), Acreage Limitation Rules and Regulations, 43 CFR part 426, and Information Requirements for Certain Farm Operations In Excess of 960 Acres and the Eligibility of Certain Formerly Excess Land, 43 CFR part 428. We request your comments on the revised RRA forms and specific aspects of the information collection.

**DATES:** Your written comments must be received on or before April 4, 2005.

**ADDRESSES:** You may send written comments to the Bureau of Reclamation, Attention: D-5300, P.O. Box 25007, Denver, CO 80225-0007. You may request copies of the proposed revised forms by writing to the above address or by contacting Stephanie McPhee at: (303) 445-2897.

**FOR FURTHER INFORMATION CONTACT:** Stephanie McPhee at: (303) 445-2897.

**SUPPLEMENTARY INFORMATION:**

**Title:** Certification Summary Form, Reporting Summary Form for Acreage Limitation, 43 CFR part 426 and 43 CFR part 428.

**Abstract:** These forms are to be used by district offices to summarize individual landholder (direct or indirect landowner or lessee) and farm operator certification and reporting forms as required by the RRA, 43 CFR part 426, and 43 CFR part 428. This information allows us to establish water user compliance with Federal reclamation law.

**Changes to the RRA Forms and the Instructions to Those Forms**

The changes made to the current Form 7-21SUMM-C, Form 7-21SUMM-R, and the corresponding instructions clarify the completion instructions for these forms (for example, adding verbiage to specify when requested acreages are to be provided on a westwide or district-specific basis). Other changes to the forms and the corresponding instructions are editorial in nature and are designed to assist the respondents by increasing their understanding of the forms, and clarifying the instructions for use when completing the forms. The proposed revisions to the RRA forms will be effective in the 2006 water year.

**Draft of a New Form**

As part of Reclamation's ongoing acceptance of users' comments on the RRA forms, Reclamation has received a request to devise a way to more efficiently track limited recipients that hold less than 40 acres (i.e., those that are below the RRA forms submittal threshold and thus do not submit standard RRA forms) and the full-cost and excess land held by such limited recipients. In an effort to address this comment Reclamation has drafted a

proposed new form, "Tabulation H of Limited Recipients That Hold Less Than 40 Acres, and Full-Cost Landholders and Excess Landowners That Are Below the RRA Forms Submittal Threshold." The implementation of this proposed new form will be based on the public comments received and if implemented, will be effective in the 2006 water year as a mandatory part of the districts' annual submittal of Form 7-21SUMM-C and/or Form 7-21SUMM-R, as appropriate.

*Frequency:* Annually.
