40 CFR Part 271

[FRL-7870-3]

South Carolina: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection

Agency (EPA).

ACTION: Proposed rule.

SUMMARY: South Carolina has applied to EPA for Final authorization of the changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). EPA proposes to grant final authorization to South Carolina. In the "Rules and Regulations" section of this **Federal Register**, EPA is authorizing the changes by an immediate final rule. EPA did not make a proposal prior to the immediate final rule because we believe this action is not controversial and do not expect comments that oppose it. We have explained the reasons for this authorization in the preamble to the immediate final rule. Unless we get written comments which oppose this authorization during the comment period, the immediate final rule will become effective on the date it establishes, and we will not take further action on this proposal. If we get comments that oppose this action, we will withdraw the immediate final rule and it will not take effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

ADDRESSES: Send written comments to Thornell Cheeks, South Carolina Authorization Coordinator, RCRA Programs Branch, Waste Management Division, U.S. Environmental Protection Agency, Atlanta Federal Center, 61 Forsyth Street, SW., Atlanta, GA 30303–3104; (404) 562–8479. You may also email your comments to Cheeks. Thornell@epa.gov or submit your comments at www.regulation.gov.

DATES: Send your written comments by

March 11, 2005.

You can examine copies of the materials submitted by South Carolina during normal business hours at the following locations: EPA Region 4 Library, Atlanta Federal Center, Library, 61 Forsyth Street, SW., Atlanta, Georgia 30303; (404) 562–8190; or South Carolina Department of Health and Environmental Control, 2600 Bull Street, Columbia, South Carolina 29201, (803) 896–4174.

RIN 1018-AI80

Endangered and Threatened Wildlife and Plants; Establishment of a Nonessential Experimental Population of Northern Aplomado Falcons in New Mexico and Arizona and Availability of Draft Environmental Assessment

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; notice of availability; notice of public hearing.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), propose to reintroduce northern aplomado falcons (Falco femoralis septentrionalis) (falcon) into their historic habitat in southern New Mexico and Arizona with the purpose of establishing a viable resident population. If this proposed rule is finalized, we may release captive-raised falcons as early as the summer of 2005 and release up to 150 additional falcons annually in the summer and/or fall for

10 or more years thereafter until a self-sustaining population is established. We propose to designate this reintroduced population as a nonessential experimental population (NEP) according to section 10(j) of the Endangered Species Act of 1973 (Act), as amended. The geographic boundary of the proposed NEP includes all of New Mexico and Arizona. A draft environmental assessment (EA) has been prepared on this proposed action and is available for comment (see ADDRESSES section below).

This proposed action is part of a series of reintroductions and other recovery actions that the Service, Federal and State agencies, and other partners are conducting throughout the species' historical range. This proposed rule provides a plan for establishing the NEP and provides for limited allowable legal taking of the northern aplomado falcon within the defined NEP area.

DATES: We will consider all comments on this proposed rule received from interested parties by April 11, 2005. We will also hold one public hearing on this proposed rule; we have scheduled the hearing for March 15, 2005 at 7 p.m. (see **ADDRESSES** section of this proposed rule for the location).

ADDRESSES: You may submit comments and other information by any of the following methods (please *see* "Public Comments Solicited" section below for additional guidance):

- Mail or Hand Delivery: Field Supervisor, New Mexico Ecological Services Field Office, 2105 Osuna Road NE., Albuquerque, New Mexico 87113.
 - Fax: (505) 346–2542
 - E-mail: R2FWE_AL@fws.gov.

You may obtain copies of the proposed rule and the draft EA from the above address or by calling (505) 346—2525. The proposed rule and draft EA are also available from our Web site at http://ifw2es.fws.gov/Library/.

The complete file for this proposed rule will be available for public inspection, by appointment, during normal business hours at the New Mexico Ecological Services Field Office, 2105 Osuna Road NE, Albuquerque, New Mexico 87113.

The public hearing will be held March 15, 2005, at the Corbett Center Student Union, New Mexico State University, Las Cruces, New Mexico, 88003. The Corbett Center Student
