

3. Establish recommended routes or two-way routes in the approaches to Hussey Sound;

4. Establish recommended routes or two-way routes in the approach to Portland Harbor;

5. Establish recommended routes or two-way routes in the precautionary area in the approaches to Portland which would formalize routes historically used by tug and barge traffic, merchant vessels, and fishing vessels transiting the precautionary area;

6. Modify the precautionary area in the approaches to Portland;

7. Create one or more inshore traffic zones near either the recommended routes or approaches;

8. Establish an area to be avoided (ATBA) in shallow areas where the risk of grounding is present;

9. Establish, disestablish or modify anchorage grounds; and

10. Establish a Regulated Navigation Area (RNA) with specific vessel operating requirements to ensure safe navigation near shallow water.

Questions

To help us conduct the port access route study, we request comments on the following questions, although comments on other issues addressed in this document are also welcome. In responding to a question, please explain your reasons for each answer and follow the instructions under "Public Participation and Request for Comments" above.

1. What navigational hazards do vessels operating in the study area face? Please describe.

2. Are there strains on the current vessel routing system, such as increasing traffic density? If so, please describe.

3. Are modifications to existing vessel routing measures needed to address hazards and strains and to improve traffic management efficiency in the study area? If so, please describe.

4. What costs and benefits are associated with the potential study recommendations listed above? What measures do you think are most cost-effective? What impacts, both positive and negative, would changes to existing routing measures or new routing measures have on the study area?

Dated: February 2, 2005.

Howard L. Hime,

Acting Director of Standards, Marine Safety, Security and Environmental Protection.

BILLING CODE 4910-15-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[AZ131-125; FRL-7860-9]

Revisions to the Arizona State Implementation Plan Maricopa County Environmental Services Department

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the Maricopa County Environmental Services Department portion of the Arizona State Implementation Plan (SIP). These revisions concern an emissions statement rule and a negative declaration that addresses volatile organic compound (VOC) emissions from Fiberglass Boat Manufacturing. We are proposing to approve the rule and the negative declaration to update the Arizona SIP under the Clean Air Act as amended in 1990 (CAA or the Act).

DATES: Any comments on this proposal must arrive by March 14, 2005.

ADDRESSES: Send comments to Andy Steckel, Rulemaking Office Chief (AIR-4), U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901, or e-mail to steckel.andrew@epa.gov, or submit comments at <http://www.regulations.gov>.

You can inspect copies of the submitted SIP revisions, EPA's technical support documents (TSDs), and public comments at our Region IX office during normal business hours by appointment. You may also see copies of the submitted SIP revisions by appointment at the following locations:

Arizona Department of Environmental Quality, Air Quality Division, 1110 West Washington Street, Phoenix, Arizona 85007

Maricopa County Department of Environmental Services, Air Pollution Control Division, 1001 North Central Avenue, Suite 100, Phoenix, Arizona 85004

Copies of the rule and the negative declaration may also be available via the Internet at <http://www.maricopa.gov/envsvc/AIR/rule-desc.asp>. Please be advised that this is not an EPA Web site and may not contain the same version of the rule that was submitted to EPA.

FOR FURTHER INFORMATION CONTACT: Julie A. Rose, EPA Region IX, (415) 947-4126, rose.julie@epa.gov.

SUPPLEMENTARY INFORMATION: This proposal addresses Rule 100, Section 504, Emission Statements Required, and

a negative declaration for the VOC source category, Fiberglass Boat Manufacturing. In the Rules and Regulations section of this **Federal Register**, we are approving this rule and the negative declaration in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in a subsequent action based on this proposed rule.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: December 22, 2004.

Sally Seymour,

Acting Regional Administrator, Region IX.

Approval and Promulgation of Air Quality Implementation Plans; Texas; Revisions to Control Volatile Organic Compound Emissions From Consumer Related Sources

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve Texas State Implementation Plan (SIP) revisions. The revisions pertain to regulations to control volatile organic compound (VOC) emissions from consumer related sources. The control of VOC emissions will help to attain and maintain national ambient air quality standards for ozone in Texas. This approval will make the revised regulations Federally enforceable.

DATES: Written comments should be received on or before March 14, 2005.

ADDRESSES: Comments may be mailed to Mr. Thomas Diggs, Chief, Air Planning Section (6PD-L), Environmental Protection Agency, Region 6, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202-2733. Comments may also be submitted electronically or through hand deliver/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in
