ENVIRONMENTAL PROTECTION AGENCY

[FRL-7872-2]

Draft Toxicological Review of n-Hexane: In Support of Summary Information on the Integrated Risk Information System (IRIS)

AGENCY: Environmental Protection Agency.

ACTION: Notice of public comment period and external peer-review panel meeting.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is announcing that the Oak Ridge Institute of Science and Education (ORISE), Department of Energy, under an Interagency

Agreement with EPA, will convene a panel of experts and organize and conduct an external peer-review panel meeting to review the external review draft document entitled, "Toxicological Review of n-Hexane: In Support of Summary Information on the Integrated Risk Information System (IRIS)" (NCEA-S-1605). The EPA is also announcing a thirty-day public comment period for the draft document. The document was prepared by EPA's National Center for Environmental Assessment (NCEA) of the Office of Research and Development. EPA will use comments and recommendations from the public and the expert panel meeting to finalize the draft document.

DATES: The public comment period will begin on February 11, 2005 and continue for thirty days through March 11, 2005. The peer-review panel meeting will begin on March 30, 2005, at 9 a.m. and end at 3 p.m. To attend the meeting, register by March 16, 2005.

ADDRESSES: The external peer-review panel meeting will be held at the American Geophysical Union (AGU) Headquarters, 2000 Florida Ave., NW., Washington, DC, 20009. Under an Interagency Agreement between EPA and the Department of Energy, the Oak Ridge Institute of Science and Education (ORISE) is organizing, convening, and conducting the peer-review panel meeting. To attend the meeting, register by March 16, 2005, by contacting ORISE, P.O. Box 117, MS 17, Oak Ridge, TN 37831-0117, at (865) 241-5784 or (865) 241-3168 (facsimile). Interested parties may also register on-line at: <http://www.ornl.gov/nhexane>. Space is limited, and reservations will be accepted on a first-come, first-served basis. Members of the public may submit comments to the EPA EDOCKET (see Supplementary Information below). Public comments submitted to the EPA EDOCKET by March 11, 2005 will be provided to the external peer review panel prior to the meeting. Members of the public are invited to provide oral statements at the commencement of the meeting (for more information refer to the instructions for registration below).

A limited number of paper copies are available by contacting the IRIS Hotline at (202) 566-1676 or (202) 566-1749 (facsimile), hotline@iris.gov (e-mail). If you are requesting a paper copy, please provide your name, mailing address, and the document title and number, "Draft Toxicological Review of n-Hexane: In Support of Summary Information on the Integrated Risk Information System (IRIS)" (NCEA-S-1605). Copies are not available from ORISE.

FOR FURTHER INFORMATION CONTACT:

Questions regarding registration and logistics should be directed to Leslie Shapard, ORISE, P.O. Box 117, MS 17, Oak Ridge, TN 37831-0117, at (865) 241-5784 or (865) 241-3168 (facsimile), shapardl@orau.gov (e-mail).

If you have questions about the document, contact Jamie C. Benedict, IRIS Staff, National Center for Environmental Assessment, 1200 Pennsylvania Avenue, NW., (8601 D), Washington, DC 20460; telephone: 202-564-3386; facsimile: 202-565-0075; benedict.jamie@epa.gov (e-mail).

SUPPLEMENTARY INFORMATION:**Integrated Risk Information System (IRIS)**

IRIS is a database that contains information on the potential adverse human health effects that may result from chronic (or lifetime) exposure to specific chemical substances found in the environment. The database (available on the Internet at <http://www.epa.gov/iris>) contains qualitative and quantitative health effects information for more than 500 chemical substances that may be used to support the first two steps (hazard identification and dose-response evaluation) of the risk assessment process. When supported by available data, the database provides oral reference doses (RfDs) and inhalation reference concentrations (RfCs) for chronic health effects, and oral slope factors and inhalation unit risks for carcinogenic effects. Combined with specific exposure information, government and private entities use IRIS to help characterize public health risks of chemical substances in a site-specific situation and thereby support risk management decisions designed to protect public health.

EPA's E-Docket

EPA has established an official public docket for this action under Docket ID No. ORD-2005-0007. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Office of Environmental Information (OEI) Docket in the Headquarters EPA Docket Center, (EPA/DC) EPA West Building, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is

open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is 202-566-1744, and the telephone number for the OEI Docket is 202-566-1752; facsimile: 202-566-1753; or e-mail: ORD.Docket@epa.gov.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket identification number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket.

EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the Docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

You may submit comments electronically, by mail, by facsimile, or by hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket identification

number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." Late comments may be considered if time permits.

If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the individual who submitted the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket>, and follow the online instructions for submitting comments. To access EPA's electronic public docket from the EPA Internet Home Page, select "Information Sources," "Dockets," and "EPA Dockets." Once in the system, select "search," and then key in Docket ID No. ORD-2005-0007. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

Comments may be sent by electronic mail (e-mail) to ORD.Docket@epa.gov, Attention Docket ID No. ORD-2005-0007. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official

public docket, and made available in EPA's electronic public docket.

You may submit comments on a disk or CD ROM that you mail to the OEI Docket mailing address. These electronic submissions will be accepted in WordPerfect, Word, or ASCII file format. Avoid the use of special characters and any form of encryption.

If you provide comments in writing, please submit one unbound original with pages numbered consecutively, and three copies of the comments. For attachments, provide an index, number pages consecutively with the comments, and submit an unbound original and three copies.

Dated: February 7, 2005.
