

5. *Enforcement of Nondiscrimination on the Basis of Disability in Programs or Activities of USDA (7 CFR parts 15e and 15b)*. The USDA regulations implementing section 504 of the Rehabilitation Act as it applies to programs and activities conducted by USDA are found at 7 CFR part 15e. The USDA regulations implementing section 504 of the Rehabilitation Act as it applies to USDA-assisted programs are found at 7 CFR part 15b. These provisions address program accessibility; requirements for accessible programs in new, altered, or existing facilities; accessibility transition planning; accessible communication requirements; and compliance procedures.

6. *Americans With Disabilities Act of 1990 (ADA) (42 U.S.C. 12101 et seq.)*. This act prohibits discrimination on the basis of disability by State or local governments, public accommodations, and public transportation. The ADA does not apply to Federal agencies, with the exception of Title V, section 507c. This provision clarifies that the Wilderness Act of 1964 is preeminent in federally designated wilderness areas, contains a definition of a wheelchair, and states that a device that meets that definition can be used wherever foot travel is permitted in federally designated wilderness areas (FSM 2353.05, para. 10).

7. *Forest Service Trail Accessibility Guidelines (FSTAG)*. The FSTAG contains the accessibility guidelines for outdoor developed areas, including trails, issued by the Architectural and Transportation Barriers Compliance Board (Access Board), as supplemented by the Forest Service to ensure the agency's continued application of universal design, as well as agency terminology and processes. The FSTAG is available electronically on the World Wide Web at <http://www.fs.fed.us/recreation/programs/accessibility>. Copies also may be obtained by writing to the Accessibility Program Manager, Recreation and Heritage Resources Staff, Washington Office.

2553.03—Policy

7. Ensure that all new or reconstructed trails comply with Federal and Forest Service accessibility guidelines and standards for trails managed for pedestrian use (FSM 2353.01c, para. 1–7). The FSTAG applies to trails managed for pedestrian use when the FSTAG establishes a higher standard for those trails than

Federal accessibility standards (FSM 2353.01c, para. 2 and 3).

A device, including one that is battery-powered, that is designed solely for use by a mobility-impaired person for locomotion, and that is suitable for use in an indoor pedestrian area. SUPPLEMENTARY INFORMATION:

I. Abstract

EDA provides a broad range of economic development assistance to help distressed communities design and implement effective economic development strategies. Part of this assistance includes disseminating information about best practices and encouraging collegial learning among economic development practitioners. EDA has created the Award for Excellence in Economic Development to recognize outstanding economic development activities of national importance. In order to make Awards for Excellence in Economic Development, EDA must collect two kinds of information: (a) information identifying the nominee and contacts within the organization being nominated and (b) information explaining why the nominee should be given the award. The information will be used to determine those applicants best meeting the preannounced selection criteria. Use of a nomination form standardizes and limits the information collected as part of the nomination process. This makes the competition fair and eases any burden on applicants and reviewers alike. Participation in the competition is voluntary. The award is strictly honorary.

II. Method of Collection

As part of the development of the Award for Excellence in Economic Development, EDA has designed a short nomination form. Nominees will submit the form to EDA, where they will be screened for completeness and forwarded to the Selection Panel for review. The information will be used by the Selection Panel to determine those applicants best meeting the reannounced selection criteria. The Selection Panel will include: three representatives of the economic development practitioner community; one member from academe; three representatives of the Economic Development Administration; and up to two at large members.

III. Data

OMB Number(s):

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the equality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection, they also will become a matter of public record.
