#### AES Ocean Express, L.L.C.; Notice of Availability of the Environmental Assessment for the Proposed Modifications to the Ocean Express Pipeline Project

February 16, 2005.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) and the Mineral Management Service (MMS) have prepared this Environmental Assessment (EA) to discuss the environmental impacts of the Modifications to the Ocean Express Pipeline Project proposed by AES Ocean Express, L.L.C. (Ocean Express) in the above referenced docket. The proposed project is located in Broward County, Florida; State Waters of Florida; and Federal Waters of the United States.

This EA has been prepared to comply with the requirements of the National Environmental Policy Act (NEPA), the Council of Environmental Quality (CEQ) regulations for implementing NEPA (Title 40, Code of Federal Regulations (CFR), sections 1500-1508), and the Commission's regulations (18 CFR part 380). The staff concludes that approval of this proposal would not constitute a major Federal action significantly affecting the quality of the human environment. The EA also evaluates alternatives to the proposal, including system alternatives; major route alternatives; and route variations.
