

EFFECTIVE DATE: February 24, 2005.

FOR FURTHER INFORMATION CONTACT: Helen Kramer or Kristin Najdi at (202) 482-0405 or (202) 482-8221, respectively; AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On June 1, 2004, the Department of Commerce ("the Department") published a notice of opportunity to request an administrative review of the antidumping order on stainless steel butt-weld pipe fittings from Taiwan for the period June 1, 2003, through May 31, 2004. See *Notice of Opportunity to Request Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation*, 69 FR 30873 (June 1, 2004). On June 2, 2004, the respondent Ta Chen Stainless Steel Pipe Co., Ltd. ("Ta Chen") requested that the Department conduct an administrative review of its sales to the United States during the period of review ("POR"). On June 22, 2004, Markovitz Enterprises, Inc. (Flowline Division), Gerlin, Inc., Shaw Alloy Piping Products, Inc., and Taylor Forge Stainless, Inc. (collectively "petitioners") requested an antidumping duty administrative review for Ta Chen, Liang Feng Stainless Steel Fitting Co., Ltd., Tru-Flow Industrial Co., Ltd., and PFP Taiwan Co., Ltd. On July 28, 2004, the Department published the notice initiating this antidumping duty administrative review for the period June 1, 2003, through May 31, 2004. See *Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation In Part*, 69 FR 45010 (July 28, 2004). The preliminary results are currently due not later than March 2, 2005.

Extension of Time Limits for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), and 19 CFR 351.213(h)(2), the Department may extend the deadline for completion of the preliminary results of a review if it determines that it is not practicable to complete the preliminary results within 245 days after the last day of the anniversary month of the date of publication of the order for which the administrative review was requested. The Department has determined it is not practicable to complete this review within the originally anticipated time

limit, in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), for the following reasons: (1) this review involves complex affiliation issues; and (2) this review involves complex constructed export price adjustments. Therefore, the Department is extending the time limits for the preliminary results by 120 days, to not later than June 30, 2005.

The deadline for the final results of this review will continue to be 120 days after publication of the preliminary results.

Dated: February 16, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

Applications for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5 p.m. in Suite 4100W, U.S. Department of Commerce, Franklin Court Building, 1099 14th Street, NW., Washington, DC.

Docket Number: 05-003. Applicant: Brigham Young University, Purchasing Department, C-144 ASB. Provo, UT 84602.

Instrument: Electron microscope, Model Tecnai F-20 Twin.

Manufacturer: FEI Company, The Netherlands. Intended Use: The instrument is intended to be used for high-resolution electron microscopy, electron crystallography, parallel and convergent beam electron diffraction and electron energy-loss spectroscopy. Phenomena at the nano-scale and properties of a variety of materials of scientific and technological significance will be studied. Application accepted by Commissioner of Customs: January 31, 2005.

Docket Number: 05-004. Applicant: University of Delaware, 201 duPont Hall, Dept. of Matls. and Eng., University of Delaware, Newark, DE 19716. Instrument: Electron Microscope, Model Tecnai G² 12 Twin. Manufacturer: Fei Company, Czech Republic. Intended Use: The instrument is intended to be used to study the microstructure of polymers, colloids and biomaterials and other materials from room temperature down to that of liquid nitrogen. It will be used to investigate morphology of phases, crystal structure and defects including vesicles and micelles, colloids as well as polypeptide and polymer mesoscale and nanoscale structure and structure-property relationships. Application accepted by Commissioner of Customs: January 31, 2005.

Docket Number: 04-005. Applicant: University of Vermont, Physics Dept., 82 University Place, (Cook Building), Burlington, VT. 05405. Instrument: Excimer Laser. Manufacturer: TUI Laser AG, Germany. Intended Use: The instrument is intended to be used to make thin film materials with scientifically interesting electrical and magnetic properties using a pulsed laser deposition process which will be subjected to a variety of measurements to determine their atomic and molecular structure as well as relevant electrical and magnetic properties in order to elucidate the fundamental properties of thin film materials.

Application accepted by Commissioner of Customs: February 7, 2005.

Gerald A. Zerdy,

Program Manager, Statutory Import Programs Staff.
