

to 10.5¢/barrel). The company will source crude oil (HTS 2709.00, duty rate of 5.25¢ or 10.5¢/barrel) from abroad. T/IM authority could be granted for a period of up to two years. Shell has also submitted a request for permanent FTZ manufacturing authority (*see* Docket 8–2005), which includes additional products and feedstocks.

FTZ procedures for would exempt Shell from customs duty payments on the foreign components used in export production. The company anticipates that some 37 percent of the facility's shipments will be exported. On its domestic sales, the company would be able to choose the customs duty rates for certain petrochemical feedstocks by admitting foreign crude oil in non-privileged foreign status.

### Foreign-Trade Zones Board

[Docket 8–2005]

#### Foreign-Trade Zone 61—San Juan, PR, Application for Manufacturing Authority—Subzone 61I, Shell Chemicals Yabucoa, Inc., Yabucoa, PR

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Puerto Rico Trade and Exports Company, grantee of FTZ 61, requesting manufacturing authority on behalf of Shell Chemicals Yabucoa, Inc. (Shell) within Subzone 61I at the Shell petrochemical complex in Yabucoa,

Puerto Rico. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on February 11, 2005.

Subzone 61I (76,000 BPD capacity 190 employees) was approved by the Board in 1997 for the manufacture of fuel products and certain petrochemical feedstocks and refinery by-products (Board Order 893, 62 FR 32290, 6/13/97). Board Order 893 included a time limit on the authority to admit non-privileged foreign status crude into the refinery. This authority expired on September 30, 2000, and the applicant is now seeking to have the authority reinstated.

The subzone is located on a 241-acre site at Route 901, Km. 2.7 and Yabucoa Harbor, Yabucoa, Puerto Rico, some 45 miles southeast of San Juan. The refinery is used to produce fuels and petrochemical products. All of the crude oil (80 percent of inputs) is sourced from abroad. Shell has also submitted an application for temporary/interim manufacturing authority at the subzone (Docket T–1–2005).

Zone procedures would exempt the refinery from customs duty payments on the foreign products used in its exports (37 percent of production). On domestic sales, the company would be able to choose the customs duty rates that apply to certain petrochemical feedstocks and refinery by-products (duty-free) by admitting incoming foreign crude in non-privileged foreign status. The duty rates on inputs range from 5.25 cents/barrel to 10.5 cents/barrel. The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ staff has been appointed examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. *Submissions via Express/Package Delivery Services:* Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th Street, NW., Washington, DC 20005; or

2. *Submissions via the U.S. Postal Service:* Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Avenue, NW., Washington, DC 20230.

The closing period for their receipt is April 29, 2005. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to May 16, 2005).

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the first address listed above, and at the U.S. Export Assistance Center, Midtown Building, 10th floor, 420 Ponce de Leon Ave., San Juan, Puerto Rico 00918.

Dated: February 11, 2005.

#### SUPPLEMENTARY INFORMATION:

##### Background

On September 30, 2004, the Department of Commerce (the Department) received a timely request from Carpenter Technology Corporation (Carpenter), the sole petitioner in the instant proceeding, to conduct an administrative review of sales made by Walsin Lihwa Corporation (Walsin) and any of its affiliated parties. In that request, Carpenter specifically identified Outokumpu Stainless

(Outokumpu) as an affiliate of Walsin. On October 22, 2004, the Department initiated an administrative review of the antidumping duty order on stainless steel wire rod from Taiwan for the period September 1, 2003, through August 31, 2004, and published a notice in the **Federal Register**. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 69 FR 62022 (October 22, 2004). On November 4, 2004, Carpenter informed the Department that in that mis-identified Outokumpu on November 12, 2004. On December 23, 2004, Carpenter withdrew its request for an administrative review of Walsin.

#### Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review if a party that requested the review withdraws its request within 90 days of the publication date of the notice of initiation thereof. Because Carpenter withdrew its review request within the 90-day time limit, the Department is rescinding this review and will issue appropriate assessment instructions directly to U.S. Customs and Border Protection within 15 days of publication of this notice.

#### Notification to Importers

This notice serves as a reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

#### Notification to Interested Parties

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). This notice is published in accordance with 19 CFR 351.213(d)(4) and section 777(i)(1) of the Tariff Act of 1930, as amended.
