Corporation, Brighton, MI; Belden Wire & Cable Company, Richmond, IN; CommScope, Inc. of North Carolina, Claremont, NC; Eaton Electrical, Inc., Westerville, OH; Cyberlogic Technologies, Inc., Clawson, MI; Detector Electronics Corporation, Minneapolis, MN; Escort Memory Systems, Scotts Valley, CA; Festo AG & Co., Esslingen, Germany; Fife Corporation, Oklahoma City, OK; FLS Automation A/S, Valby, Denmark; Fujikura, Ltd., Tokyo, JAPAN; Hilscher Gesellschaft fur Systemautomation GmbH, Hattersheim, Germany; Hirschmann Electronics, Inc., Riverdale, NJ; HMS Fieldbus System AB, Halmstad, Germany; Honeywell International, Inc., Minneapolis, MN; I.D.C. Corporation, Dimondale, MI; IXXAT Automation GmbH, Weingarten, Germany; Kawasaki Robotics (USA), Inc., Wixom, MI; Kendall Electric, Inc., Battle Creek, MI; McNaughton-McKay Electric Company, Madison Heights, MI; Nordson Corporation, Westlake, OH; Numatics, Incorporated, Highland, MI; Phoenix Digital Corporation, Scottsdale, AZ; Prosoft Technology, Inc., Bakersfield, CA; Pyramid Solutions, Inc., Troy, MI; Real Time Automation, LLC, Wauwatosa, WI; Rockwell Automation/Allen-Bradley, Mayfield Heights, OH; Rockwell Automation/Reliance Electric, Cleveland, OH; SMC Corporation of America, Tustin, CA; Unico, Inc., Franksville, WI; and Yaskawa Electric Corporation, Kitakyushu-city, Japan.

The general area of ControlNet's planned activity is to serve as an independent organization for users and vendors of ControlNet products. ControlNet manages the ControlNet Specification and supports the worldwide growth of the ControlNet network protocol and related networking technologies by developing test software, providing independent compliance testing, publishing the ControlNet product catalog, and sponsoring training in design and implementation of ControlNet. ControlNet also supports continuing technology enhancement by organizing Special Interest Groups to develop

Device Profiles for specific classes of products.

Dorothy B. Fountain,

Deputy Director of Operations, Antitrust Division.

Notice Pursuant to the National Cooperative Research and Production Act of 1993—National Commission on Correctional Health Care

Notice is hereby given that, on January 21, 2005, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), National Commission on Correctional Health Care ("NCCHC") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the name and principal place of business of the standards development organization and (2) the nature and scope of its standards development activities. The notifications were failed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the name and principal place of business of the standards development organization is: National Commission on Correctional Health Care, Chicago, IL. The nature and scope of NCCHC's standards development activities are: to develop, plan, establish, coordinate, and publish voluntary consensus standards applicable to the field of correctional health care. Specifically, NCCHC develops, plans establishes, coordinates, and publishes voluntary consensus standards for prisons, jails and juvenile confinement facilities in the form of: Standards for the provision of health services; position statements concerning the provision of health services; and clinical guidelines concerning the provision of health services. Through its standard development activities, NCCHC seeks to help correctional health care systems provide efficient, high quality care. NCCHC's standards development activities are ongoing in nature, and existing standards, policy

statements, and guidelines may be updated or amended from time to time.

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Petroleum Environmental Research Forum ("PERF") Project No. 2003-01, "Mercury Cooperative"

Notice is hereby given that, on February 9, 2005, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), Petroleum Environmental Research Forum ("PERF") Project No. 2003-01, "Mercury Cooperative" has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties to the venture and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the identifies of the parties to the venture are: ExxonMobil Research and Engineering Company, Fairfax, VA; ChevronTexaco Energy Technology Company, Richmond, CA; ConocoPhillips Company, Bartlesville, OK; Natco Group, Houston, TX; and Unocal, Sugerland, TX. The general area of this project's planned activity is, through cooperative research efforts, to create a forum for sharing information related to the management of mercury contained in crude oils and condensates, focusing on both upstream and downstream issues. The goal will be accomplished in a multi-day interdisciplinary workshop designed to address the operational, environmental, analytical, removal, and other various aspects related to mercury. Focus areas for additional leveraged research may also be identified.

Participation in this joint venture will remain open to qualified persons and organizations, and the participants intend to file additional written notifications disclosing all changes in membership or planned activities. Information regarding participation in this group research project may be obtained from Ms. Meredith Gustafsson,
