## DEPARTMENT OF JUSTICE

### Office of Justice Programs

#### Agency Information Collection Activities: Proposed Collection; Comments Requested

**ACTION:** 60-day notice of information collection under review: 2005 Census of Jail Inmates.

The Department of Justice (DOJ), Office of Justice Programs (OJP), has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The proposed information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for "sixty days" until May 2, 2005. This process is conducted in accordance with 5 CFR 1320.10.

If you have comments, especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact: Jennifer C. Karberg, Statistician (202) 307-1043, Bureau of Justice Statistics, Office of Justice Programs, U.S. Department of Justice, 810 Seventh Street, NW., Washington, DC 20531.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

—Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

—Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

—Enhance the quality, utility, and clarity of the information to be collected; and

—Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

(1) *Type of Information Collection:*

Reinstatement, with change, of a previously approved collection for which approval has expired.

(2) *Title of the Form/Collection:* 2005 Census of Jail Inmates.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection: Form Number:* CJ3-I. Bureau of Justice Statistics (BJA), Office of Justice Programs, United States Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract: Primary:* County and City Jail Authorities, and Tribal Authorities. *Other:* Federal Government, and Private Contractors working under the authority of the Federal Government. The 2005 Census of Jail Inmates, together with the 2005 Census of Jail Facilities, is the foundation for all national statistics on local jails and inmates. These censuses provide the frames from which to generalize to the nation and to track changes over time. Without a periodic census, sample surveys would be unreliable, and statistics would be based on a group of jails of unknown representativeness, that were simply convenient to contact and willing to respond. These censuses provide a benchmark against which jurisdictions may compare their correctional populations. Administrators use this data to evaluate their staffing and budget needs relative to similarly situated jail jurisdictions. Practitioners, policy makers, and researchers are able to test assertions and conclusions about the causes and consequences of current sentencing release policies. Finally, the censuses present raw material for discussion and evaluation of correctional policies and practices throughout the nation, in some States providing the only sources of objective descriptions of the operation of local jails.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* BJA estimates 3,084 respondents, each taking an average of 80 minutes to respond.

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 4,112 total annual burden hours associated with the collection.

If additional information is required contact: Brenda E. Dyer, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Patrick Henry Building, Suite 1600, 601 D Street, NW., Washington, DC 20530.

Dated: February 25, 2005.

## DEPARTMENT OF LABOR

### Employee Benefits Security Administration

#### Proposed Extension of Information Collection Request Submitted for Public Comment; Application for EFAST Electronic Signature and Codes for EFAST Transmitters and Software Developers

**ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA 95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employee Benefits Security Administration (EBSA) is soliciting comments on the proposed extension of the Application for EFAST Electronic Signature and Codes for EFAST Transmitters and Software Developers (Form EFAST-1).

A copy of the proposed information collection request (ICR) can be obtained by contacting the office listed below in
