

The Proposal

This notice proposes to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) to establish Class E airspace designated as a surface area for an airport at Monett, MO. Controlled airspace extending upward from the surface of the earth is needed to contain aircraft executing instrument approach procedures to Monett Municipal Airport. Weather observations would be provided by an Automatic Weather Observing/Reporting System (AWOS) and communications would be direct with Springfield Terminal Radar Approach Control Facility.

This notice also proposes to revise the Class E airspace area extending upward from 700 feet above the surface at Monett, MO. An examination of this Class E airspace area for Monett, MO revealed noncompliance with FAA directives. This proposal would correct identified discrepancies by increasing the area from a 6.5-mile to a 7.5-mile radius of Monett Municipal Airport, eliminating the extension to the airspace area, correcting errors in the Monett Municipal Airport reference point, defining airspace of appropriate dimensions to protect aircraft departing and executing instrument approach procedures to Monett Municipal Airport and bringing the airspace area into compliance with FAA directives. Both areas would be depicted on appropriate aeronautical charts.

Class E airspace areas designated as surface areas are published in Paragraph 6002 of FAA Order 7400.9M, dated August 30, 2004, and effective September 16, 2004, which is incorporated by reference in 14 CFR 71.1. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraph 6005 of the same Order. The Class E airspace designations listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only effect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a

significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

This proposed rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority since it would contain aircraft executing instrument approach procedures to Monett Municipal Airport.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9M, Airspace Designations and Reporting Points, dated August 30, 2004, and effective September 16, 2004, is amended as follows:

Paragraph 6002 Class E Airspace Designated as Surface Areas.

* * * * *

ACE MO E2 Monett, MO

Monett Municipal Airport, MO
(Lat. 36°54'22" N., long. 94°00'46" W)

Within a 4.5-mile radius of Monett Municipal Airport.

* * * * *

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ACE MO E5 Monett, MO

Monett Municipal Airport, MO
(Lat. 36°54'22" N., long. 94°00'46" W)

That airspace extending upward from 700 feet above the surface within a 7.5-mile radius of Monett Municipal Airport.

* * * * *

Issued in Kansas City, MO, on February 24, 2005.

Anthony D. Roetzel,

Acting Area Director, Western Flight Services Operations.

Approval and Promulgation of State Plan for Designated Facilities and Pollutants; Nashville, TN

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the section 111(d)/129 State Plan submitted by Tennessee for the Pollution Control District (PCD) of the Metro Public Health Department for Nashville/Davidson County on May 28, 2002, for implementing and enforcing the Emissions Guidelines applicable to existing Commercial and Industrial Solid Waste Incinerators. The Plan was submitted to satisfy Federal Clean Air Act requirements. In the final rules section of this **Federal Register**, the EPA is approving the Nashville/Davidson County State Plan revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to the direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this rule. Any parties interested in commenting on this rule should do so at this time.

DATES: Comments must be received in writing by April 6, 2005.

ADDRESSES: Comments may be mailed to Joydeb Majumder, EPA Region 4, Air Toxics and Monitoring Branch, Sam Nunn Atlanta Federal Center, 61 Forsyth Street, SW., Atlanta, Georgia 30303–8960. Please follow the detailed instructions described in the direct final rule, **ADDRESSES** section which is

published in the Rules section of this **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Joydeb Majumder at (404) 562-9121 or Melissa Krenzler at (404) 562-9196.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule which is published in the Rules section of this **Federal Register**.

Dated: February 11, 2005.

A. Stanley Meiburg,

Acting Regional Administrator, Region 4.

RIN 2025-AA12

Dioxin and Dioxin-Like Compounds; Toxic Equivalency Reporting; Community Right-To-Know Toxic Chemical Release Reporting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: Under section 313 of the Emergency Planning and Community Right-to-Know Act (EPCRA), EPA is proposing revisions to the reporting requirements for the dioxin and dioxin-like compounds category. Toxic equivalents (TEQs) are a weighted quantity measure based on the toxicity of each member of the dioxin and dioxin-like compounds category relative to the most toxic members of the category, *i.e.*, 2,3,7,8-tetrachlorodibenzo-p-dioxin and 1,2,3,7,8-pentachlorodibenzo-p-dioxin. Under EPCRA section 313, EPA currently requires that facilities report dioxin and dioxin-like compounds in units of total grams for the entire category, and provide a single distribution of the individual dioxin and dioxin-like compounds at the facility. This distribution must represent either total releases, or releases to the media (air, land, water) for which the facility has the best information. The three options discussed in this proposed rule would require reporting (on a new TRI Form R-D) of available information on all relevant portions of the form (*e.g.*, for each waste stream). One option would require the additional reporting of TEQs only. The two preferred options would require reporting of the mass quantity of each individual member of the category and differ primarily in

whether the Agency or the facility would perform TEQ computations. Under each of these options, this new information would be in addition to the total grams data currently reported for the entire category and would replace the current reporting of a single distribution of the members of the category. EPA is proposing these revisions in response to requests from members of the public that EPA provide facilities with a method of reporting TEQ data. Comment is specifically sought on all options as well as EPA's preferences for implementing TEQ reporting.

DATES: Comments, identified by the Docket ID No. TRI-2002-0001, must be received by EPA on or before May 6, 2005.

ADDRESSES: Submit your comments, identified by Docket ID No. TRI-2002-0001, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Agency Web Site:* <http://www.epa.gov/edocket>. EDOCKET, EPA's electronic public docket and comment system, is EPA's preferred method for receiving comments. Follow the on-line instructions for submitting comments.

- *E-mail:* oei.docket@epa.gov.

- *Mail:* Office of Environmental Information (OEI) Docket, Environmental Protection Agency, Mail Code: 28221T, 1200 Pennsylvania Ave., NW., Washington, DC, 20460, Attention Docket ID No. TRI-2002-0001. In addition, please mail a copy of your comments on the information collection provisions to the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attn: Desk Officer for EPA, 725 17th St. NW., Washington, DC 20503.

- *Hand Delivery:* EPA Docket Center, (EPA/DC) EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC, 20004, telephone: 202-566-1744, Attention Docket ID No. TRI-2002-0001. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. TRI-2002-0001. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.epa.gov/edocket>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do

not submit information that you consider to be CBI or otherwise protected through EDOCKET, regulations.gov, or e-mail. The EPA EDOCKET and the Federal regulations.gov Web sites are "anonymous access" systems, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through EDOCKET or regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: EPA has established an official public docket for this action under Docket ID No. TRI-2002-0001. The public docket includes information considered by EPA in developing this proposed rule, including the documents listed below, which are electronically or physically located in the docket. In addition, interested parties should consult documents that are referenced in the documents that EPA has placed in the docket, regardless of whether these referenced documents are electronically or physically located in the docket. For assistance in locating documents that are referenced in documents that EPA has placed in the docket, but that are not electronically or physically located in the docket, please consult the person listed in the following **FOR FURTHER INFORMATION CONTACT** section. All documents in the docket are listed in the EDOCKET index at: <http://www.epa.gov/edocket>. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in EDOCKET or in hard copy at the OEI Docket, EPA/DC, EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC.
