

Finish: Of two or more yarns of different colors in the warp and filling, napped on both sides

The petitioner emphasizes that the yarns must be ring spun, the yarns must be plied, and the fabric is napped on both sides. The petitioner further states that because of the fabric's light weight and the fact that it is napped on both sides, it is imperative that the yarns be ring spun and plied in order to offset the degrading effects of napping on both sides.

CITA is soliciting public comments regarding this request, particularly with respect to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant is whether other fabrics that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for the fabric for purposes of the intended use. Comments must be received no later than March 24, 2005. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the fabric stating that it produces the fabric that is the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked "business confidential" from disclosure to the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230. Persons submitting comments on a request are encouraged to include a non-confidential version and a non-confidential summary.

March 4, 2005.

**AGENCY:** The Committee for the Implementation of Textile Agreements (CITA)

**ACTION:** Request for public comments concerning a petition for a determination that certain 100 percent cotton, 4 thread twill weave, flannel fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA.

**SUMMARY:** On March 3, 2005, the Chairman of CITA received a petition from Sandler, Travis & Rosenberg, P.A., on behalf of B\*W\*A of New York, New York alleging that certain 100 percent cotton, 4-thread twill weave, flannel fabrics, of yarn-dyed, combed and ring spun single yarns, of the specifications detailed below, classified in subheading 5208.43.0000 of the Harmonized Tariff Schedule of the United States (HTSUS), cannot be supplied by the domestic industry in commercial quantities in a timely manner. The petition requests that men's and boys' woven cotton shirts of such fabrics assembled in one or more CBTPA beneficiary countries be eligible for preferential treatment under the CBTPA. CITA hereby solicits public comments on this petition, in particular with regard to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be submitted by March 24, 2005 to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, United States Department of Commerce, 14th and Constitution, N.W., Washington, D.C. 20230.

#### SUPPLEMENTARY INFORMATION:

**Authority:** Section 213(b)(2)(A)(v)(II) of the CBERA, as added by Section 211(a) of the CBTPA; Section 6 of Executive Order No. 13191 of January 17, 2001.

#### BACKGROUND:

The CBTPA provides for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products manufactured from yarns or fabrics

formed in the United States. The CBTPA also provides for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more CBTPA beneficiary countries from fabric or yarn that is not formed in the United States, if it has been determined that such fabric or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191, the President delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA and directed CITA to establish procedures to ensure appropriate public participation in any such determination. On March 6, 2001, CITA published procedures that it will follow in considering requests. (66 FR 13502).

On March 3, 2005, the Chairman of CITA received a petition on behalf of B\*W\*A of New York, New York alleging that certain 100 percent cotton, 4-thread twill weave, flannel fabrics, of yarn-dyed, combed and ring spun single yarns, of the specifications detailed below, classified HTSUS subheading 5208.43.0000, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting quota- and duty-free treatment under the CBTPA for men's and boys' woven cotton shirts that are cut and sewn in one or more CBTPA beneficiary countries from such fabrics.

Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

## **CORPORATION FOR NATIONAL AND COMMUNITY SERVICE**

### **Policy Change Regarding the Publication of Notices of Funding Availability**

**AGENCY:** Corporation for National and Community Service.

**ACTION:** Notice.

**SUMMARY:** The Corporation for National and Community Service (Corporation) no longer publishes Notices of Funding Availability (NOFAs) in the **Federal**

**Register.** Instead, all Corporation NOFAs are synopsisized and posted at the government-wide Internet site, <http://Grants.gov>, in accordance with the policy directive issued by the Office of Management and Budget (OMB). The full NOFA associated with a synopsis posted at Grants.gov may be accessed by following the universal resource locator (URL) link included in the synopsis, or by visiting the Corporation's Web site.

**EFFECTIVE DATE:** March 9, 2005.

**FOR FURTHER INFORMATION CONTACT:**

Marlene Zakai, Director, Office of Grants Policy and Operations, 1201 New York Avenue, NW., Washington, DC, 20525, (202) 606-5000 ext. 536 or by e-mail at [mzakai@cns.gov](mailto:mzakai@cns.gov).

**SUPPLEMENTARY INFORMATION:**

On October 8, 2003, OMB issued a policy directive entitled "Requirement to Post Funding Opportunity Announcement Synopses at Grant.gov and Related Data Elements/Format" [68 FR 58146, October 8, 2003]. The directive requires every Federal agency that awards discretionary grants and cooperative agreements to post synopses of its funding opportunity announcements in standard format on the Internet at <http://Grants.gov> or such Web site/Internet address that may be identified by OMB. A key purpose for establishing a single government-wide Web site is to provide prospective grant applicants the opportunity to locate funding opportunities in one place rather than having to search for announcements in multiple locations. Shortly after OMB issued the directive, the Corporation began posting synopses of its NOFAs at Grants.gov. Each Corporation synopsis includes information on how to obtain the full NOFA, as well as a ULR link to the full NOFA posted on the Corporation's own Web site. The Corporation has determined that posting its funding announcements at Grants.gov and on its own Web site is both effective and efficient. Therefore, the Corporation has discontinued the policy of publishing NOFAs in the **Federal Register.**

Dated: March 3, 2005.
