BILLING CODE 6712-01-P

FEDERAL ELECTION COMMISSION

[Notice 2005-7]

Price Index Increases for Expenditure and Contribution Limitations

AGENCY: Federal Election Commission.

ACTION: Corrected notice of expenditure and contribution limitation increases.

SUMMARY: As mandated by provisions of the Bipartisan Campaign Reform Act of 2002 ("BCRA"), the Federal Election Commission ("FEC" or "the Commission") is adjusting certain expenditure and contribution limitations set forth in the Federal Election Campaign Act of 1971, as amended ("FECA" or "the Act"), to account for increases in the consumer price index. This notice corrects certain information regarding the effective periods for changes to contribution limits under FECA that was published in the Commission's notice appearing in the February 10, 2005, **Federal Register**.

Additional details appear in the supplemental information that follows.

DATES: Effective Date: The effective date for the limits at 2 U.S.C. 441a(a)(1)(A), 441a(a)(1)(B) and 441a(h) is November 3, 2004. The effective date for the limits at 2 U.S.C. 441a(a)(3) and 441a(d) is January 1, 2005.

FOR FURTHER INFORMATION CONTACT: Mr. Gregory J. Scott, Information Division, 999 E Street, NW., Washington, DC 20463; telephone: (202) 694-1100; toll free (800) 424-9530.

SUPPLEMENTARY INFORMATION: Under the Federal Election Campaign Act of 1971, 2 U.S.C. 431 *et seq.*, as amended by the Bipartisan Campaign Reform Act of 2002, Public Law 107-155, 116 Stat. 81 (March 27, 2002), coordinated party expenditure limits (2 U.S.C. 441a(d)(3)(A) and (B)), and certain contribution limits (2 U.S.C. 441a(a)(1)(A) and (B), (a)(3), (d) and (h)), are adjusted either annually or biennially by the consumer price index. See 2 U.S.C. 441a(c)(1). The Commission is publishing this notice to announce these limits for 2005 or the 2005-2006 election cycle.

Coordinated Party Expenditure Limits for 2005

Under 2 U.S.C. 441a(c), the Commission must adjust the expenditure limitations established by 2 U.S.C. 441a(d) (the limits on expenditures by national party committees, State party committees, or

their subordinate committees in connection with the general election campaign of candidates for Federal office) annually to account for inflation. This expenditure limitation is increased by the percent difference between the price index, as certified to the Commission by the Secretary of Labor, for the 12 months preceding the beginning of the calendar year and the price index for the base period (calendar year 1974).

1. Expenditure Limitation for House of Representatives

Both the national and state party committees have an expenditure limitation for each general election held to fill a seat in the House of Representatives. The formula used to calculate the expenditure limitation in a state with more than one congressional district multiplies the base figure of \$10,000 by the price index (3.831), rounding to the nearest \$100. Based upon this formula, the expenditure limitation for 2005 House elections in those states is \$38,300. The formula used to calculate the expenditure limitation in a state with only one congressional district multiplies the base figure of \$20,000 by the price index (3.831), rounding to the nearest \$100. Based upon this formula, the expenditure limitation for 2005 House elections in these states is \$76,600.

2. Expenditure Limitation for Senate

Both the national and state party committees have an expenditure limitation for a general election held to fill a seat in the Senate. The formula used to calculate the Senate expenditure limitation considers not only the price index but also the voting age population ("VAP") of the state. The expenditure limitation is the greater of: the base figure (\$20,000) multiplied by the price index (which totals \$76,600); or \$0.02 multiplied by the VAP of the state, multiplied by the price index. Amounts are rounded to the nearest \$100. The chart below provides the state-by-state breakdown of the 2005 expenditure limitations for Senate elections.

SENATE EXPENDITURE LIMITATIONS—2005 ELECTIONS

State	VAP (in thousands)	VAP x .02 multiplied by the price index (3.831)	Expenditure limit (the greater of the amount in column 3 or \$76,600)
Alabama	3,436	\$263,300	\$263,300
Alaska	467	35,800	76,600
Arizona	4,197	321,600	321,600
