Mittal has requested that the Department initiate an expedited review pursuant to section 751(b) of the Act and 19 CFR 351.221(c)(3)(iii). However, because it is the Department's practice to examine changes in management and customer base as part of its analysis in such a determination, and Mittal has not addressed these factors, we are denying its request to conduct the changed circumstances review on an expedited basis.

The Department will publish in the **Federal Register** a notice of preliminary results of changed circumstances review, in accordance with 19 CFR 351.221(c)(3)(i) (2004), which will set forth the factual and legal conclusions upon which our preliminary results are based, and a description of any action proposed based on those results. Interested parties may submit comments for consideration in the Department's preliminary results not later than 60 days after publication of this notice. Responses to those comments may be submitted not later than 10 days following submission of the comments. All written comments must be submitted in accordance with 19 CFR 351.303 (2004), and must be served on all interested parties on the Department's service list in accordance with 19 CFR 351.303(f) (2004). The Department will issue its final results of review within 270 days after the date on which the changed circumstances review is initiated, in accordance with 19 CFR 351.216(e) (2004), and will publish these results in the **Federal Register**.

The current requirement for a cash deposit of estimated antidumping duties on all subject merchandise will continue unless and until it is modified pursuant to the final results of this changed circumstances review.

This notice is in accordance with sections 751(b)(1) of the Act and 19 CFR 351.216 and 351.222 of the Department's regulations.

Dated: March 3, 2005.

SUPPLEMENTARY INFORMATION:

Background

On October 18, 2004, Shakeproof, in accordance with 19 CFR 351.213(b), requested an administrative review of the antidumping duty order on helical spring lock washers from the PRC. On November 19, 2004, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review of this order for the period October 1, 2003, through September 30, 2004. *See Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 69 FR 67701. On January 31, 2005, Shakeproof withdrew its request for this review.

Rescission of Review

The Department's regulations at 19 CFR 351.213(d)(1) provide that the Department will rescind an administrative review if the party that requested the review withdraws its request for review within 90 days of the date of publication of the notice of initiation of the requested review, or withdraws its request at a later date if the Department determines that it is reasonable to extend the time limit for withdrawing the request. Shakeproof was the only party to request this review and it withdrew its request within the 90-day period. Accordingly, this review is rescinded. The Department will issue appropriate assessment instructions directly to U.S. Customs and Border Protection within 15 days of publication of these final results of review.

Notification Regarding APOs

Stainless Steel Sheet and Strip in Coils from Taiwan: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: March 9, 2005.

FOR FURTHER INFORMATION CONTACT: Karine Gziryan or Melissa Blackledge, AD/CVD Operations, Office 4, Import

Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-4081 or (202) 482-3518, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 30, 2004, the Department of Commerce (the Department) published a notice of initiation of an administrative review of the antidumping duty order on stainless steel sheet and strip in coils from Taiwan, covering the period July 1, 2003, through June 30, 2004. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 69 FR 52857. The preliminary results of review are currently due no later than April 2, 2005.

Extension of Time Limit for Preliminary Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order or finding for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the 245-day time limit for the preliminary determination to a maximum of 365 days and the time limit for the final determination to 180 days (or 300 days if the Department does not extend the time limit for the preliminary determination) from the date of publication of the preliminary determination.

We determine that it is not practicable to complete the preliminary results of this review within the original time limit because the review involves examining complex affiliation and cost issues. Therefore, the Department is extending the time limit for completion of the preliminary results until no later than August 1, 2005, which is the next business day after 365 days from the last day of the anniversary month of the date of publication of the order. The deadline for the final results of this administrative review continues to be 120 days after the publication of the preliminary results.

This notice is issued and published in accordance with section 751(a)(3)(A) of the Act.

Dated: February 28, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.
