Applicants must also include information in the application that supports the selection of the identified local law enforcement partner and juvenile justice partner and describes how those partners' activities will support and be integrated in the SS/HS strategy. Applicants must contact their State Department of Mental Health to identify the relevant local public mental health authority. Mental health entities that have no legal authority in the administrative oversight of the delivery

This agreement must contain the signatures of the school superintendent and authorized representatives for the local public mental health authority and local law enforcement and juvenile justice agencies. Applicants submitting as a consortium of LEAs must demonstrate partnership with the relevant local law enforcement agency (or agencies), public mental health authority (or authorities) and juvenile justice agency (or agencies) for each of the participating LEAs in the consortium. Applicants must indicate those instances where a local law enforcement agency, public mental health authority, or juvenile justice agency has authority or jurisdiction for one or more of the participating LEAs in the consortium.

(b) The second of these two agreements is the Memorandum of Agreement for Mental Health Services. This agreement must contain the signatures of the school superintendent and the authorized representative of the local public mental health authority. The local public mental health authority must agree to provide administrative control and/or oversight of the delivery of mental health services. This agreement also must state procedures to be used for referral, treatment, and follow-up for children and adolescents with serious mental health problems. Applicants submitting as a consortium of LEAs must demonstrate partnership with the relevant public mental health authority (or authorities) for each of the participating LEAs in the consortium. Applicants must indicate those instances where a local public mental health authority has authority/jurisdiction for one or more of the participating LEAs in the consortium.

V. Application Review Information

1. *Selection Criteria:* The selection criteria for this program are in the application package.

2. *Review and Selection Process:* Additional factors we consider in selecting an application for an award are: (1) geographic distribution and diversity of activities addressed by the projects; and (2) equitable distribution of grants among urban, suburban, and rural LEAs.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* If funded you are expected to submit, semi-annually, a performance report, which includes reporting on expenditures, as specified by the Secretary in 34 CFR 75.720. You are also expected to collect data on the key Government Performance and Results Act (GPRA) performance measures for this program and report those data annually to the Department. At the end of your project period, you must submit a final performance report that includes financial and evaluation information, as directed by the Secretary.

4. *Performance Measures:* Under the GPRA, we have developed four measures for evaluating the overall effectiveness of the SS/HS initiative: (1) The percentage of Safe Schools/Healthy Students grant sites that experience a decrease in the number of violent incidents at schools during the 3-year period; (2) The percentage of Safe Schools/Healthy Students grant sites that experience a decrease in substance abuse during the 3-year period; (3) The percentage of Safe Schools/Healthy Students grant sites that improve school attendance during the 3-year period; and (4) The percentage of SS/HS grant sites that increase mental health services to students and families during the 3-year grant period.

These measures constitute the Department's indicators of success for this initiative. Consequently, applicants for a grant under this program are advised to give careful consideration to these four measures in conceptualizing the design, implementation, and evaluation for their proposed project.
