Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Office of the Secretary.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

#1 Type of Information Collection Request: New Collection, Regular;

Title of Information Collection: Evaluation of HIV Prevention Program in Women;

Form/OMB No.: OS-0990-New;

Use: The Office on Women's Health (OWH) is seeking a new clearance to

conduct data collection activities associated with the evaluation of funded programs. The evaluation is designed to determine best practices and clearly define the gender-centered approach to HIV/AIDS prevention. The HIV/AIDS programs to be evaluated are the Model Mentorship, Incarcerated/Newly released women and HIV prevention in the rural south. The program consists of individual community-based organizations from across the country. The evaluation results will assess the effectiveness of OWH reaching its overarching HIV program goals of increasing HIV prevention knowledge and reducing the risk of contacting HIV among young minority women.

Frequency: Reporting, Quarterly;

Affected Public: Individuals or households, business or other for-profit, not-for-profit institutions;

Annual Number of Respondents: 260;

Total Annual Responses: 260;

Average Burden Per Response: 1 hour;

Total Annual Hours: 147.5.

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of section 3506(c)(2)(A) of the

Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404-371-5973 or send comments to Seleda Perryman, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-D74, Atlanta, GA 30333 or send an e-mail to omb@cdc.gov.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques

or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project

2005 Hispanic/Latino Adult Tobacco Survey (ATS)—New—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The purpose of this project is to conduct a culturally appropriate Adult Tobacco Survey questionnaire with Hispanic/Latino persons. The survey results will expand data and existing knowledge of tobacco use among Hispanics/Latinos in order to benefit tobacco use surveillance and prevention programming at the local, state, and regional levels. The questions will help to narrow existing gaps in knowledge concerning tobacco use in the Hispanic/Latino population and inform development of Hispanic/Latino-specific interventions.

The Hispanic/Latino population is fast growing in the United States. It is expected that the number of Hispanic/Latino persons residing in the U.S. will increase from 35.3 million in the year 2000 to 98.2 million in the year 2050, almost 3 times the current population. The large expected growth in the Hispanic/Latino population, especially in states that are not traditionally Hispanic/Latino, will have important implications for tobacco control activities in the years to come.

CDC is proposing a project that includes administering the Adult Tobacco Survey in three locations that have high concentrations of Hispanic/Latino persons, each location with a distinct Hispanic/Latino subpopulation. The locations are New York City (New York), Miami (Florida), and El Paso (Texas). Within each location, the survey will be conducted with approximately 1,500 participants, for a total of 4,500 participants. The survey will be conducted in both English and Spanish. There is no cost to respondents except for their time.

Annualized Burden Table:

Respondents	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
New York, NY	1,500	1	45/60	1,125
Miami, FL	1,500	1	45/60	1,125
El Paso, TX	1,500	1	45/60	1,125
Total				3,375

Dated: March 7, 2005.

Acting Reports Clearance Officer, Centers for Disease Control and Prevention.

Proposed Project

Worksheet for Medical Conditions among Refugees and Immigrants—New—National Center for Infectious Diseases (NCID), Centers for Disease Control and Prevention (CDC). Clearance is being requested for a “Worksheet for Medical Conditions among Refugees and Immigrants” for state and local health refugee coordinators to identify specific medical conditions of public health importance in newly arrived refugees and immigrants. CDC requests notification of specific medical conditions listed on the worksheet, including Class A and B health conditions not recognized overseas, and substantial discrepancies in the overseas and U.S. based medical evaluations.

Section 412 of the Immigration and Nationality Act (INA) (8 U.S.C. 1522(b)(4)) authorizes the Secretary of Health and Human Services (DHHS) to: (A) assure that an adequate number of trained staff are available at the location at which the refugees enter the United States to assure that all necessary
