Background

The Iranian Transactions Regulations, 31 CFR part 560 (the “ITR”), implement a series of Executive orders, beginning with Executive Order 12957, issued on March 15, 1995. In that order, the President declared a national emergency pursuant to IEEPA to deal with the unusual and extraordinary threat to the national security, foreign policy, and economy of the United States constituted by the actions and policies of the Government of Iran, including its support for international terrorism, its efforts to undermine the Middle East peace process and its efforts to acquire weapons of mass destruction and the means to deliver them. To deal with this threat, Executive Order 12957 imposed prohibitions on certain transactions with respect to the development of Iranian petroleum resources. On May 6, 1995, the President issued Executive Order 12959 imposing comprehensive trade sanctions to further respond to this threat, and on August 19, 1997, the President issued Executive Order 13059 consolidating and clarifying the previous orders.

The Treasury Department's Office of Foreign Assets Control (“OFAC”) is amending the ITR to include definitions relating to registered brokers and dealers in securities and to clarify the application to such brokers and dealers of general licenses relating to funds transfers to and from Iran and to the operation of Iranian accounts. To this

end, OFAC is adding a new provision at 31 CFR 560.321 to establish a regulatory definition of the term *United States registered broker or dealer in securities* and amending § 560.320 of the ITR to clarify that the term *Iranian accounts* includes accounts of persons located in Iran or of the Government of Iran maintained on the books of a United States registered broker or dealer in securities. Section 560.516 of the ITR is being amended to clarify that United States registered brokers or dealers in securities are authorized to process certain transfers of funds to or from Iran. Section 560.517 of the ITR is being amended to clarify that United States registered brokers or dealers in securities are within the scope of the general license authorizing the exportation of certain Iranian account-related services to Iran. A corresponding technical change to § 560.532 of the ITR is also included.

Public Participation

Because the amendment of the ITR involves a foreign affairs function, the provisions of Executive Order 12866 and the Administrative Procedure Act (5 U.S.C. 553) (the "APA") requiring notice of proposed rulemaking, opportunity for public participation, and delay in effective date, are inapplicable. Because no notice of proposed rulemaking is required for this rule, the Regulatory Flexibility Act (5 U.S.C. 601-612) does not apply.

Paperwork Reduction Act

The collections of information related to 31 CFR parts 560 are contained in 31 CFR part 501 (the "Reporting, Procedures and Penalties Regulations"). Pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), those collections of information have been approved by the Office of Management and Budget under control number 1505-0164. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid control number.
