March 22, 2005.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before May 31, 2005. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

Needs and Uses: On August 4, 1998, the FCC released a *Report and Order* (R&O), Examination of Current Policy Concerning the Treatment of Confidential Information Submitted to the Commission, CG Docket No. 96-55. The R&O included a Model Protective Order (MPO) that is used, when appropriate, to grant limited access to information that the Commission determines should not be routinely available for public inspection. The party granted access to the confidential information materials must keep a written record of all copies made and provide this record to the submitter of the confidential materials upon request. This approach was adopted to facilitate the use of confidential materials under an MPO, instead of restricting access to materials. In addition, the FCC amended 47 CFR 0.459(b) to set forth the type of information that should be included when a party submits information to the Commission for which it seeks confidential treatment. This listing of types of information to be submitted was adopted to provide guidance to the public for confidentiality requests.

Federal Communications Commission.

Title: Account Based Disclosures in Connection with Federal Reserve Regulations E, CC, and DD.

OMB Number: 3064-0084.

Affected Public: State chartered banks that are not members of the Federal Reserve System.

Information about the Collection and Proposed Changes to it: This FDIC information collection provides for the application of Regulations E (Electronic Fund Transfers), CC (Availability of Funds), and DD (Truth in Savings) to state nonmember banks. Regulations E, CC, and DD are issued by the Federal Reserve Board of Governors (FRB) to ensure, among other things, that consumers are provided adequate disclosures regarding accounts, including electronic fund transfer services, availability of funds, and fees and annual percentage yield for deposit accounts. The FDIC is providing this notice in order to keep its Office of Management and Budget (OMB) approved information collection consistent with changes the FRB proposed to Regulation E, 12 CFR part 205, (69 FR 55996, Sept. 17, 2004). Currently, Regulation E requires respondents to provide disclosures of basic terms, costs, and rights relating to electronic fund transfer services.
