

Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center Web site at <http://www.ffiec.gov/nic/>.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than April 21, 2005.

A. Federal Reserve Bank of Minneapolis (Richard M. Todd, Vice President and Community Affairs Officer), 90 Hennepin Avenue, Minneapolis, MN 55480-0291:

1. Rum River Bancorporation, Inc., Milaca, Minnesota; to become a bank holding company by acquiring 100 percent of the voting shares of The First National Bank of Milaca, Milaca, Minnesota.

Board of Governors of the Federal Reserve System, March 22, 2005.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Agency for Healthcare Research and Quality

#### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** Agency for Healthcare Research and Quality, HHS.

**ACTION:** Notice.

**SUMMARY:** This notice announces the intention of the agency for Healthcare Research and Quality (AHRQ) to request the Office of Management and Budget (OMB) to allow the proposed information collection project: "National Study of the Hospital Adverse Event Reporting Survey". In accordance with the Paperwork Reduction Act of 1995, 44 U.S.C. 3506(c)(2)(A), AHRQ invites the public to comment on this proposed information collection.

This proposed information collection was previously published in the **Federal Register** on January 24, 2005, and allowed 60 days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment.

**DATES:** Comments on this notice must be received by April 28, 2005.

**ADDRESSES:** Written comments should be submitted to: John Kraemer, at the Office of Information and Regulatory Affairs, OMB at the e-mail address [John\\_Kraemer@omb.eop.gov](mailto:John_Kraemer@omb.eop.gov) and the fax number is (202) 395-6974.

Copies of the proposed collection plans, data collection instruments, and specific details on the estimated burden can be obtained from the AHRQ Reports Clearance Officer.

**FOR FURTHER INFORMATION CONTACT:** Cynthia D. McMichael, AHRQ Reports Clearance Officer, (301) 427-1651.

#### SUPPLEMENTARY INFORMATION:

##### Proposed Project

*"National Study of the Hospital Adverse Event Reporting Survey"*

The National Study of the Hospital Adverse Event Reporting Survey will use a survey instrument which was developed to examine and characterize adverse event reporting in the Nation's hospitals. The survey will collect information from staff for a nationally representative sample of non-Federal hospitals. Risk managers will complete the questionnaire.

To achieve responses from 960 hospitals, we will contact 1200 hospitals to enlist their cooperation (thus, we anticipate an 80% response rate). Contacting 1200 hospitals should yield 960 Risk Managers with whom to conduct an interview.

The questionnaire will ask whether hospitals collect information on adverse events, and how the information is stored. The questionnaire also asks about the hospital's case definition of a reportable event and whether information on the severity of the adverse event is collected. It inquires about who might report information and whether they can report to a system which is confidential and/or anonymous. The questionnaire also asks about the uses of the data that are collected, reporting systems, and whether information is used for purposes including analytic uses, personnel action, and intervention design. Finally, the questionnaire asks about the other sources of information that are useful for patient safety-related interventions.

The sample will be randomly drawn from the American Hospital Association Field Guide (the "AHA Guide"). The AHA Guide is a listing of 5,890 registered hospitals, which include Department of Defense, and Veteran's Administration hospitals. The AHA believes its database is close to 100 percent complete. AHA gathers information directly from hospitals via an annual survey. The resulting database includes Over 600 fields in areas such as organizational structure, facilities, bed numbers, finances and services specialities. Their survey results are published annually in the AHA Guide. In our sample frame, we will include approximately 5,795 non-Federal hospitals (public hospitals operated by cities, counties, and States and private hospital including both for profit and not-for-profit), and we will
