

registration for a product containing tributyltin methacrylate, EPA Registration No. 44891-6. This notice announces an amendment to the February 16, 2005 notice and cancellation order to correct the effective date of the cancellation order.

FOR FURTHER INFORMATION CONTACT: Jill Bloom, Special Review and Reregistration Division (7508C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: 703 308-8019; fax number: 703 308-8041; e-mail address: bloom.jill@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action

under docket identification (ID) number OPP-2004-0365. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

II. What Does this Correction Do?

The original cancellation order for EPA Registration No. 44891-6, an antifouling paint product containing tributyltin methacrylate, was published in the **Federal Register** on February 16, 2005 (70 FR 7941)(OPP-2004-0365; FRL-7699-6). Today's notice corrects the effective date of cancellation as stated in that notice consistent with the registrant's request for voluntary cancellation and to allow formulation of the registrant's last remaining technical material. The Agency received a March 7, 2005 request from the registrant seeking such correction. The effective date of the cancellation cited in the February 16, 2005 notice was the date of publication of that notice (or February 16, 2005); the corrected effective date of cancellation is December 1, 2005. The change in the effective date of the cancellation extends the period during which the registrant may formulate the product but does not increase the overall amount of TBT material that will be available to be used for formulation. The technical material that will be available to be used for formulation during this time period was all within the registrant's possession and control at the time the registrant requested voluntary cancellation. The correction does not affect the existing stocks provision set forth in the cancellation order and the February 16, 2005 notice. The registration affected by this correction and the effective date of cancellation are shown in the table below.

REGISTRATION SUBJECT TO CANCELLATION AND EFFECTIVE DATE OF CANCELLATION

EPA Registration	Product Name	Effective Date of Cancellation
44891-6	Sea Hawk Biocop Antifouling Coating	December 1, 2005

The February 16, 2005 cancellation order is hereby corrected as follows:

On page 7941, in the second column, under **DATES**, the text should read: "The cancellation is effective December 1, 2005."

On page 7942, in the first column, under Unit IV., in the first paragraph, the second sentence now reading "Accordingly, the Agency orders that the tributyltin methacrylate registration identified in the Table of Unit II is hereby canceled," is corrected to read "Accordingly, the Agency orders that the tributyltin methacrylate registration identified in the Table of Unit II is canceled effective December 1, 2005."

The existing stocks provisions remain as stated in the February 16, 2005 notice.

List of Subjects

BILLING CODE 6560-50-S

ENVIRONMENTAL PROTECTION AGENCY

[OPP-2005-0077; FRL-7705-5]

Petition to Revoke or Modify Tolerances Established for Carbaryl; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA is seeking public comment on a January 10, 2005, petition from the Natural Resources Defense Council (NRDC), available in docket number OPP-2005-0077, requesting that the Agency revoke, or in the

alternative, modify all tolerances for the pesticide carbaryl. The petitioner, NRDC, requests this action to obtain what they believe would be proper application of the safety standards of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the Federal Food, Drug, and Cosmetic Act (FFDCA), section 408, as amended by the Food Quality Protection Act (FQPA) of 1996. NRDC is filing this petition in response to a Notice of Availability for the Carbaryl Interim Reregistration Eligibility Decision (IRED), published in the **Federal Register** on October 27, 2004. The carbaryl IRED is available on the EPA website <http://www.epa.gov/edocket> under docket number OPP-2003-0376 and on the Agency's pesticide web page, <http://www.epa.gov/pesticides/reregistration/status.htm>.

DATES: Comments, identified by docket identification (ID) number OPP-2005-0077, must be received on or before May 31, 2005.

ADDRESSES: Comments may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit I. of the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Christina Scheltema, Special Review and Reregistration Division (SRRD) (Mail Code 7508C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-2201; fax number: (703) 308-8005; e-mail address: scheltema.christina@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders, including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action

under docket identification (ID) number OPP-2005-0077. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA's electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA's electronic public docket.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

C. How and To Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please follow the instructions in Unit I.D. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA

will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. Once in the system, select "search," and then key in docket ID number OPP-2005-0077. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to opp-docket@epa.gov, Attention: Docket ID Number OPP-2005-0077. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit I.C.2. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By mail.* Send your comments to: Public Information and Records Integrity Branch (PIRIB) (7502C), Office of Pesticide Programs (OPP), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001, Attention: Docket ID Number OPP-2005-0077.

3. *By hand delivery or courier.* Deliver your comments to: Public Information and Records Integrity Branch (PIRIB), Office of Pesticide Programs (OPP), Environmental Protection Agency, Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA, Attention: Docket ID Number OPP-2005-0077. Such deliveries are only accepted during the

docket's normal hours of operation as identified in Unit I.B.1.

D. How Should I Submit CBI To the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person listed under **FOR FURTHER INFORMATION CONTACT.**

E. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at your estimate.
5. Provide specific examples to illustrate your concerns.
6. Offer alternatives.
7. Make sure to submit your comments by the comment period deadline identified.
8. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your response. It would also be helpful if you provided the name, date, and **Federal Register** citation related to your comments.

II. What Action is the Agency Taking?

EPA requests public comment during the next 60 days on a petition (available

in docket number OPP-2005-0077) received from the NRDC requesting that the Agency revoke, or as an alternative, modify all tolerances (maximum legal residue limits) for the pesticide carbaryl. The petitioner claims that EPA erred in making its safety finding that there is a reasonable certainty of no harm from dietary residues of carbaryl and, therefore, EPA must modify or revoke all tolerances established under section 408 of the FFDCFA, as amended by the FQPA. In addition, NRDC is petitioning the Agency to cancel all uses of carbaryl because NRDC believes carbaryl cannot perform its intended function without causing unreasonable adverse effects on the environment. See U.S. Code section 136 *et seq.* of FIFRA. NRDC filed its petition in pursuant to section 408(d) of FFDCFA, and in response to a Notice of Availability for the Carbaryl Interim Reregistration Eligibility Decision (IRED), published in the **Federal Register** on October 27, 2004 (69 FR 62663) (FRL-7679-9).

EPA's assessment of human health and environmental risks of carbaryl, and finding on whether the tolerances for carbaryl comply with the safety standard in FFDCFA section 408, as amended by the FQPA, are contained in the IRED document for carbaryl, which is available on EPA's website at <http://www.epa.gov/edocket/>, under docket number OPP-2003-0376 and on the pesticide web page at <http://www.epa.gov/pesticides/reregistration/status.htm>.
