The County proposes to acquire and manage the realty as an historic site.

ADDRESSES: BLM-Eastern States, Milwaukee Field Office, 626 E. Wisconsin Avenue, Suite 200, Milwaukee, Wisconsin 53202.

FOR FURTHER INFORMATION CONTACT: Marcia Sieckman, Realty Specialist, at (414) 297-4402 or the address listed above.

SUPPLEMENTARY INFORMATION: The following described public land, reserved under the jurisdiction of the

United States Coast Guard, U.S. Department of Homeland Security, located near Baileys Harbor, Wisconsin, and known as Cana Island Lightstation, is hereby classified as suitable for conveyance under the provisions of the R&PP Act (43 U.S.C. 869 *et seq.*):

Fourth Principal Meridian

T. 30 N., R. 28 E.,
Section 11, Tract 37

The area described contains 9.06 acres, more or less, in Door County.

Door County has applied for patent to the public land under the R&PP Act. The United States Coast Guard expressly concurs with this disposition of the land. The County proposes to protect and manage the lighthouse, the lighthouse related structures and the surrounding acreage as an historic site open to the public under regulated access. The subject land is identified in the Wisconsin Resource Management Plan Amendment, approved March 2, 2001, as not needed for federal purposes and as having potential for disposal to protect the historic structures and surrounding land. Conveyance of the land for recreational and public purpose use would be in the public interest.

The patent, when issued, will be subject to the following terms, covenants, conditions and reservations:

1. Provisions of the Recreation and Public Purposes Act of 1926, as amended and to all applicable regulations of the Secretary of the Interior.

2. Valid existing rights.

3. All minerals are reserved to the United States, together with the right to prospect for, mine and remove the minerals under applicable laws and regulations established by the Secretary of the Interior.

4. Terms, covenants and conditions identified through the site-specific environmental analysis.

5. Any other rights or reservations that the authorized officer deems appropriate to ensure unimpeded and unobstructed operation of the navigation light beacon, public access and the proper use and management of the realty and any interest therein.

Detailed information concerning the foregoing is available for review at the office of the Bureau of Land Management listed above.

Commencing on April 8, 2005, the above described land will be segregated from all forms of appropriation under the public land laws, except for conveyance under the Recreation and Public Purposes Act and leasing under the mineral leasing laws.

Classification Comments: Interested parties may submit comments involving

the suitability of the land for R&PP Act classification, and particularly, whether the land is physically suited for use as an historic site, whether the use will maximize future use or uses of the land, whether the use is consistent with local planning and zoning, and if the use is consistent with state and federal programs.

Application Comments: Interested parties may submit comments regarding the specific use proposed in the application, the development plan, the management plan, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for management as an historic site.

Interested parties may submit comments regarding the proposed classification or conveyance of the subject land to the Field Manager, at the address listed above, up until May 23, 2005.

Any adverse comments will be evaluated by the BLM State Director who may sustain, vacate, or modify this realty action. In the absence of any adverse comments, the classification will become effective on June 7, 2005.

State Director, Eastern States.

Resource Management Plan Amendment (RMPA) and Environmental Assessment (EA) for Potential Reroute of the Continental Divide National Scenic Trail in Hidalgo and Grant Counties, New Mexico

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: The BLM Las Cruces Field Office is initiating the preparation of an RMPA which will include an EA for potential rerouting of the Continental Divide National Scenic Trail in Hidalgo and Grant Counties in southwestern New Mexico. The RMPA will allow for selection of an alternate route for the Trail that will consider reducing mileage of the trail and reducing agency costs and timeframes associated with development of the Continental Divide National Scenic Trail. The public is invited to participate in the scoping process to identify issues and planning

criteria to be considered in the development of the RMPA/EA. The BLM will maintain a mailing list of parties and persons interested in being kept informed about the RMPA/EA.

DATES: Comments will be accepted for 30-days following publication of this notice.

ADDRESSES: Comments should be sent to the BLM Las Cruces Field Office, Attn. Mark Hakkila, 1800 Marquess, Las Cruces, New Mexico 88005.

It is our practice to make Public comments, including names and street addressees of respondents, available for public review at the LCFO during regular business hours 7:30 a.m. to 4:30 p.m., Monday through Friday, except holidays, and may be published as part of the EA document. Individual respondents may request confidentiality. If you wish to withhold your name or street address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations and businesses, and from individuals identifying themselves as representatives or officials or organizations or businesses, will be available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT:

Mark Hakkila, Team Leader at (505) 525-4341 or by e-mail at mhakkila@nm.blm.gov.

SUPPLEMENTARY INFORMATION: The BLM selected a 130-mile corridor for the Continental Divide National Scenic Trail through the Mimbres Resource Management Plan (RMP), completed in 1993. The selected route goes from Antelope Wells, New Mexico on the south to the Continental Divide where it enters the Gila National Forest in the Burro Mountains on the north. Since completion of the Mimbres RMP, the Continental Divide Trail Alliance came into being as the main trail user advocacy group. The Alliance proposes to shorten the route so that hikers can start on the International boundary with Mexico north of the Big Hatchet Mountains. Additionally, the Gila National Forest has changed their selected route so that the Trail will exit the Burro Mountains at Engineer Canyon instead of along the Continental Divide. In order to select a route that meets these new criteria, the RMP must be amended. The RMPA/EA will be prepared by an interdisciplinary team of BLM resource specialists including realty, recreation, cultural, minerals,

and hazardous materials specialists. Additional technical support will be provided by other specialists as needed.

Dated: January 27, 2005.

Edwin L. Roberson,

Field Manager, Las Cruces.
