BILLING CODE 3410-11-M

DEPARTMENT OF AGRICULTURE**Forest Service****Caney Recreation Facilities Development**

AGENCY: Forest Service, USDA.

ACTION: Revised notice of intent to prepare an environmental impact statement.

SUMMARY: *Authority:* The Forest Service is requesting this Revised Notice Of Intent be published pursuant to the Council on Environmental Quality implementing regulations of the National Environmental Policy Act at 40 CFR 1501.7.

Need for Revision: On September 29, 2003, the Daniel Boone National Forest published a notice of intent to prepare an environmental impact statement in the **Federal Register** (Vol. 68, No. 188, pages 55934–55935). The Project was entitled "Development of Boat Ramp and Associated Structures at Caney Creek." The project included a proposal for development of a boat ramp, comfort station, access road, and associated infrastructure in the Caney Creek drainage on Cave Run Lake. Due to public input for the proposal, the Forest Service decided to revise the proposal and prepare an environmental impact statement that includes all reasonably foreseeable future developments at the Caney Site. The Caney Recreation Facilities Development proposal represents an expansion of the earlier proposal.

Proposed Action: The Forest Service is proposing to allow construction of a boat ramp, lodge, cabins and marina within the area identified in the original recreational development plans for Cave Run Lake. Also included in the proposal will be an amendment to the Forest Plan.

Decision to be Made: The Forest Supervisor will be the official responsible for making a decision on whether to allow development of recreational facilities and infrastructure in the Caney Site Project Area. If the Forest Supervisor determines that development is warranted, he will decide which facilities will be developed, where they will be located and where infrastructure will be located. He will decide which mitigation measures and monitoring requirements to include with the project. Finally, the Forest Supervisor will determine whether the Forest Land and Resource Management Plan will need to be amended.

The Army Corps of Engineers (ACOE) will have a related decision concerning
