DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Census Employment Inquiry.

Form Number(s): BC-170A, BC-170B, BC-170D.

Agency Approval Number: 0607-0139.

Type of Request: Revision of a currently approved collection.

Burden: 8,500 hours.

Number of Respondents: 34,000.

Avg Hours Per Response: 15 minutes.

Needs and Uses: The U.S. Census Bureau requests continued OMB approval for the BC-170, Census Employment Inquiry. We are also requesting minor modifications to the data collected. The BC-170 is used to collect information such as personal data and work experience from job applicants. The BC-170 is completed by job applicants before or at the time they are tested. Selecting officials review the information shown on the form to evaluate an applicant's eligibility for employment and to determine the best qualified applicants to fill Census jobs.

The BC-170 is used throughout the census and intercensal periods for the special census, pretests, and dress rehearsals for short-term time limited appointments. Applicants completing the form for a census related position are applying for temporary jobs in office and field positions (clerks, enumerators, crew leaders, supervisors). In addition, as an option to the OF-612, Optional Application for Federal Employment, the BC-170 may be used when applying for temporary/permanent office and field positions (clerks, field representatives, supervisors) on a recurring survey in one of the Census Bureau's 12 Regional Offices (ROs) throughout the United States.

During the decennial census, the BC-170 is intended to expedite hiring and selection in situations requiring large numbers of temporary employees for assignments of a limited duration. The use of this form is limited to only situations which require the establishment of a temporary office and/or involve special, one-time or recurring survey operations at one of the ROs. The form has been demonstrated to meet our recruitment needs for temporary workers and requires significantly less burden than the Office of Personnel Management (OPM) Optional Forms that are available for use by the public when applying for Federal positions. In addition, before the 2010 decennial census, we expect to recruit approximately 102,000 applicants for census jobs (*i.e.*, one-time censuses, special censuses and decennial pretests and dress rehearsals), which would equate to a significant reduction in the required paperwork and public burden.

The form has been slightly modified for specific usage by each of the three
