

DEPARTMENT OF LABOR**Employment and Training Administration****Workforce Investment Act: Revisions to the Workforce Investment Act Title I, Wagner Peyser Act and the Senior Community Service Employment Program Unified Planning Guidance; Notice**

AGENCY: Employment and Training Administration, Department of Labor.

ACTION: Notice.

SUMMARY: The purpose of this notice is to provide interested parties with the revisions to portions of the "Workforce Investment Act: Final Unified Planning Guidance: Notice" related to title I of the Workforce Investment Act of 1998, the Wagner Peyser Act and the Senior Community Service Employment Program (SCSEP) under title V of the Older Americans Act, for use by States. The Department is anticipating the reauthorization of the Workforce Investment Act (WIA) within the next two years. Therefore, the Employment and Training Administration (ETA) is requiring revisions to the Unified Plan related to WIA and Wagner-Peyser only for the first two years of the five-year planning cycle. For SCSEP, States have the option of submitting a two year plan as well. "Options for programs funded by the U.S. Department of Education that are included in a State's Five-year Strategic Unified Plan also are discussed in this notice."

The Unified Planning Guidance and Instructions provide a framework for the collaboration of Governors, Local Elected Officials, businesses and other partners to continue the development of workforce investment systems that address customer needs; deliver integrated, user-friendly services; and are accountable to the customers and the public.

DATES: The effective date of this document is April 12, 2005. Due date for Plan submission is May 31, 2005.

SUPPLEMENTARY INFORMATION: The Workforce Investment Act (WIA or Act), Pub. L. 105-220 (August 7, 1998) provides the framework for a reformed public workforce investment system

designed to meet the needs of the nation's employers, job seekers and those who want to further their careers. This document updates the DOL provisions of the interagency planning guidelines for the State Unified Plans under sec. 501 of the Act, to provide guidance for states which choose to submit a Unified Plan to meet the WIA title I State Plan requirements for PY 2005 and 2006. Options for programs funded by the U.S. Department of Education that are included in a State's Five-year Strategic Unified Plan also are discussed in this notice.

In the context of the 21st century innovation economy, the public workforce investment system has a critical role to play at every level—local, State, and Federal—to ensure a skilled and competitive workforce. To effectively drive the economic growth of our communities and the nation and to provide the workers of this country with the right skills and opportunities for good jobs with good pay and career pathways, the public investments in workforce development need to be strategic. Strategies for investment need to embrace new methods of engagement with strategic partners as well as new service delivery paradigms that address the ever-changing economy and labor market. Innovation and technology are continuously changing the nature of work at an accelerated pace. Therefore, the strategic planning process for workforce investment must be dynamic, fluid, and future oriented.

The Workforce Investment Act (WIA) of 1998 created dramatic changes to the workforce system. With the overarching goal to streamline, consolidate, and integrate a wide array of employment and training programs, system changes spanned every facet of operation including governance, administration and funding, and service delivery. The vision is for an integrated workforce investment system better able to respond to the needs of its customers. The framework of the Workforce Investment Act embodies principles that remain critical to the strategic planning process in today's economy.

Since the passage of WIA, the workforce investment system broadly has made great strides in implementing the principles described above. However, there remains significant opportunity for States and local areas to utilize the framework of WIA to realize the vision these principles reflect. The changes in the WIA State Planning process reflected in this document are intended to facilitate a realization of that vision as well as to set the stage for the planning process in the context of the 21st century economy.

The Department of Labor sees as one of its primary roles providing leadership and guidance to support a system that meets the objectives of Title I of WIA, and in which State and local partners have flexibility to design systems and deliver services in a manner designed to achieve the goals for WIA based on their particular needs. In the context of the 21st century innovation economy, the workforce investment system has a critical role to play at every level—local, State, and Federal—to ensure a skilled and competitive workforce. To effectively drive the economic growth of our communities and the nation and to provide the workers of this country with the right skills and opportunities for good jobs with good pay and career pathways, the public investments in workforce development need to be strategic. Strategies for investment need to embrace new methods of engagement with strategic partners as well as new service delivery paradigms that address the ever-changing economy and labor market. Innovation and technology are continuously changing the nature of work at an accelerated pace. Therefore, the strategic planning process for workforce investment must be dynamic, fluid, and future oriented.

Signed at Washington, DC, this 5th day of April, 2005.

Emily Stover DeRocco,

Assistant Secretary of Labor, Employment and Training Administration.

State Unified Plan Planning Guidance

A. Statement of Purpose

The purpose of this document is to provide guidance to States which submit a State Unified Plan authorized by title V, section 501 of the Workforce Investment Act of 1998 (WIA). The State Unified Plan Planning Guidance facilitates the development and submission of such a plan, which addresses two or more of the programs or activities specified at WIA Section 501(b)(2). This planning guidance updates the requirements for the WIA/Wagner Peyser Act and SCSEP portions of the Unified Plan. Options for programs funded by the U.S. Department of Education that are included in a State's Five-year Strategic Unified Plan also are discussed in this notice. Minor reference updates have been made for other programs authorized to be included in the Unified Plan. Therefore, States that choose to update the WIA/Wagner Peyser and/or SCSEP portions of a Unified Plan need only submit the updated Plan meeting the WIA/Wagner Peyser and/or SCSEP requirements of this document. States that choose to submit a new Unified Plan for PYs 2005–2007 for programs other than SCSEP, title I of WIA and the Wagner Peyser Act, will continue to use the guidance and instructions contained in this document, which have not been revised.

An approved Workforce Investment Plan is required in order for States to receive formula allotments under WIA title I and the Wagner Peyser Act. The current Workforce Investment Plans expire June 30, 2005. The Department of Labor is anticipating the reauthorization of WIA within the next two years. To meet the requirements of WIA and Wagner Peyser that States must have approved Plans in place to receive allotments, the Employment and Training Administration (ETA) is requiring States to only develop a Plan for the first two years of the five-year

strategic planning cycle. This will allow States to strategically approach their workforce investment policies for the immediate future, without requiring a full five-year unified plan, in light of the anticipated reauthorization of WIA. States which choose to submit the WIA Title I/Wagner Peyser Plan as part of a Unified Plan must comply with the requirements of these guidelines. Guidelines for the submission of a stand-alone WIA title I Plan are being issued separately.

Options for programs funded by the U.S. Department of Education. With respect to the programs originally authorized by the Carl D. Perkins Vocational and Technical Education Act of 1998 (Perkins III) and the Adult Education and Family Literacy Act (AEFLA), the U.S. Department of Education already has issued guidance to States that discusses the option of extending the existing State plans with certain necessary revisions. This option of extending the existing plan applies as well to any subsections of a unified State plan that are related to programs under either Perkins III or AEFLA. A State's request to extend subsections of a unified plan must be submitted directly to the U.S. Department of Education and is due April 15, 2005, for Perkins III programs and April 1, 2005, for AEFLA programs. See Program Memorandum OVAE/DHSPCE FY 2005–03, Guidance for Submission of State Plan Revisions, Budgets, and Proposed Performance Levels for Perkins Grant Awards (OMB Control number 1830–0556), dated January 14, 2005, at the following Web site: <http://www.ed.gov/policy/sectech/guid/cte/memo011405.doc> See also Guide for the Development of a State Plan under the Adult Education and Family Literacy Act (OMB Control number 1830–0026).

The U.S. Department of Education anticipates that States will choose the option of extending their existing subsections of the currently approved unified State plans with only the revisions discussed in the above-referenced guidance. However, any State that chooses to submit new subsections related to the Perkins III or AEFLA programs in its unified State plan submitted in accordance with this notice must fully comply with all the planning, content, and other requirements that applied when the unified plan was originally developed, adopted, and submitted. These requirements are summarized together with references to the underlying statutory and regulatory requirements in the second section of this notice. With respect to the Perkins III programs, for example, these requirements include

State consultation of required parties and entities, public hearings, and adoption of the new State plan by the eligible agency, i.e., the State board that is the sole State agency responsible for the administration, or the supervision of the administration, of the State's vocational and technical education program. With respect to the AEFLA program, for example, these requirements include conducting a needs assessment.

B. Background

The State Unified Plan Planning Guidance provides a framework for the collaboration of Governors, Local Elected Officials, businesses and other partners to design and build workforce investment systems that address customer needs; deliver integrated, user-friendly services; and are accountable to the customers and the public. Only provisions related to the SCSEP, WIA title I and Wagner Peyser Act Plan have been changed. The Unified Plan requirements for other programs remain the same as those outlined in the January 14, 2000 version of this document (65 **Federal Register** 2464).

While the statute specifies that States may submit a Unified Plan that includes "training activities" carried out by HUD, for a number of reasons, the Federal Partners agree that the unique nature of HUD's training activities warrants special treatment in a Unified Plan.

Accordingly, the final Unified Plan guidance provides for informal inclusion of HUD's programs. Since HUD programs are generally funded and implemented through local communities, and HUD's relevant State formula grant programs are not specifically employment and training programs, States that follow the final Unified Planning guidance will not automatically receive funding for HUD's formula programs through their Unified Plans. However, to encourage States to think strategically about developing a comprehensive workforce investment system—including how that system relates to the housing and workforce investment needs of the population receiving housing assistance—the final guidance includes references to HUD customers and services, as well as local

housing agencies, in the overarching questions pertaining to the Unified Plan's vision and goals, One-Stop service delivery, and needs assessment.

D. Submission of State Unified Plans

1. Submission—Time Requirements for Submission and Points of Contact

States have the option of submitting a Unified Plan to meet the requirements for submission of a state Workforce Investment Plan for Program Year 2005 and 2006. Due to the uncertainty relating to possible reauthorization of WIA, the Federal Government is only requiring the submission of the first two program years of the WIA/Wagner Peyser portion of the five-year Unified Plan. The due date for submission of a Unified Plan covering the first two-year period (July 1, 2005 through June 30, 2007) is *Tuesday, May 31, 2005*.

A State's request to extend subsections of a unified plan related to programs under either Perkins III or AEFLA must be submitted directly to the U.S. Department of Education and is due April 15, 2005, for Perkins III programs and April 1, 2005, for AEFLA programs. See Program Memorandum OVAE/DHSPCE FY 2005-03, Guidance for Submission of State Plan Revisions, Budgets, and Proposed Performance Levels for Perkins Grant Awards (OMB Control number 1830-0556), dated January 14, 2005, at the following Web site: <http://www.ed.gov/policy/sectech/guid/cte/memo011405.doc>. See also Guide for the Development of a State Plan under the Adult Education and Family Literacy Act (OMB Control number 1830-0026).

To reduce the reporting and processing burden, States have the option of submitting their WIA/Wagner-Peyser or SCSEP Unified Plan to either WIA.PLAN@DOL.GOV or to the designated Federal Coordinator for Plan Review and Approval (hereafter, "Federal Coordinator"), depending upon the submission option chosen by the State (as discussed below). The Federal Coordinator is Christine Kulick, e-mail: kulick.christine@dol.gov; phone: 202-693-3045. Her postal address is: Division of One-Stop Operations, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Ave., NW., Room S-4231, Washington, DC 20210, ATTN: Ms. Christine Kulick.

States are encouraged to send a single copy to WIA.PLAN@DOL.GOV (which is managed by the Federal Coordinator) or directly to the Federal Coordinator who will be responsible for distributing the Plan to each Federal agency whose programs are included in the Unified

Plan. The Federal Coordinator will also provide a copy of the Plan to the appropriate Department of Labor (DOL) Regional Office.

States have the option, however, of submitting their Unified Plans directly to each Federal Department whose programs are included in the Unified Plan, except for Perkins III and AEFLA simple extensions, which must be submitted to the U.S. Department of Education as stated above. States choosing this option are only required to send the Plan to the designated Federal Departmental State Unified Plan Contact (hereafter, "Departmental Contact"). The Departmental Contact will be responsible for ensuring that affected agencies and appropriate Regional Offices in that Department receive copies of the Unified Plan. For example, if a Unified Plan contains plans for both the Vocational Rehabilitation and the Postsecondary Vocational Education programs, both of which are administered by different agencies within the United States Department of Education, the State need only submit the Plan to the U.S. Department of Education once, and it should be sent to the Departmental Contact. Electronic mail addresses for the Departmental Contacts are as follows:

Department of Labor:

kulick.christine@dol.gov

Department of Education:

jerry.abbott@ed.gov

Department of Health and Human

Services: *Rshelbourne@acf.hhs.gov*

Department of Agriculture:

micheal.atwell@fns.usda.gov

Department of Housing and Urban
Development:

Christopher_D_Lord@hud.gov

2. Submission Options—Electronic, CD-ROM or Hard Copy Format

States have the option to submit Unified Plans in an electronic, hard copy, or CD-ROM format. The Federal Government is encouraging States to submit Unified Plans in electronic format to reduce the reporting and process burden and to ensure timely receipt by each Federal agency whose programs are included in the Unified Plan.

Electronic submission. States can submit a Unified Plan electronically either by posting it on an Internet Web site that is accessible to the Department or by transmitting it through electronic mail to the Department.

Posting Unified Plans on an Internet Web site. Under this option, a State need only post its Plan on an Internet Web site; inform the Federal Coordinator through electronic mail of the URL and

the location of the document on the Web site; provide contact information in the event of problems with accessing the Web site; and certify that no changes will be made to the version of the Plan posted on the Web site after it has been submitted to the Department, unless the Federal Coordinator or Federal agency overseeing the portion to be changed grants prior approval. The Federal Coordinator will ensure that Federal agencies whose programs are included in the Unified Plan, and the appropriate DOL Regional Office, receive the relevant information: the URL and the location of the document on the Web site; the contact information; and a copy of the statement certifying that there will be no changes.

Transmitting Unified Plans by electronic mail. Any State submitting its Plan by electronic mail should send it to *WIA.PLAN@DOL.GOV*. The Federal Coordinator, who manages this site, will ensure that Federal agencies whose programs are included in the Unified Plan receive a copy. The Federal Coordinator will also provide a copy to the appropriate DOL Regional Office.

Other considerations when using electronic submission. Unified Plan certifications with electronic signatures are acceptable. If a State chooses not to use an electronic signature, then the signature page must be submitted in hard copy. If a State chooses to submit its Unified Plan by transmitting it through electronic mail, the State must submit it in Microsoft Word or PDF format.

Hard copy or CD-ROM submission. States choosing to submit a hard copy should submit one copy of the Plan (with an original signature) to Christine Kulick, the Federal Coordinator for Plan Review and Approval (the address is provided above). The Federal Coordinator will ensure that Federal agencies whose programs are included in the Unified Plan, and the appropriate DOL Regional Office, receive copies of the Plan.

States submitting a Unified Plan on CD-ROM should submit one copy of the Plan to Christine Kulick, the Federal Coordinator for Plan Review and Approval. The Federal Coordinator will ensure that Federal agencies whose programs are included in the Unified Plan, and the appropriate DOL Regional Office, receive copies of the Plan. If the Plan on the CD-ROM does not include the signature of the Governor on the signature page, the State must submit separately an electronic signature or a signature page in hard copy. Plans submitted on a CD-ROM must be in Microsoft Word or PDF format.

It is important that States recognize that mail security requirements implemented by the U.S. Postal Service can result in delays in delivery of Plans whereas Federal Express and United Parcel Service deliveries have not been impacted.

States are encouraged to include a table of contents at the beginning of its State Unified Plan. This will facilitate access by the public to its component parts and aid the Federal Government in its review of the Unified Plan. States submitting a hard copy of their Plan are encouraged to provide an unbound copy to facilitate duplication.

The Federal Coordinator, without regard to which option the State uses for submission, will confirm receipt of the State Unified Plan within two workdays of receipt and indicate the date for the start of the review period. When a State submits an incomplete Plan, the period for review will not start until all required components of the Unified Plan have been received.

E. Federal Government Review and Approval of Unified Plan

Section 501(d)(2) of WIA States that a portion of a State Unified Plan covering an activity or program is to be considered to be approved by the appropriate Secretary at the end of the 90-day period beginning on the day the appropriate Secretary receives the portion unless the appropriate Secretary makes a written determination, during the 90-day period, that the portion is not consistent with the requirements of the Federal statute authorizing the activity or program or section 501(c)(3) of WIA. However, for Unified Plans that are submitted by May 31, 2005, for the two-year planning period, July 1, 2005 through June 30, 2007, the Department of Labor is committed to completing its review of those portions of the Unified Plan related to WIA/W-P and SCSEP within 30 days, to allow States additional time to prepare the Plan.

The appropriate Secretary, or his/her representative, will advise the State by letter, as soon as possible, that the portion of the Unified Plan over which his/her agency exercises administrative authority is approved or disapproved. If the plan is not approved, the appropriate Secretary, or his/her representative, will advise the State by letter that the portion of the Unified Plan over which his/her agency exercises administrative authority is not consistent with the requirements of the Federal statute authorizing the activity or program, or with section 501(c)(3) of WIA Unified Plan, and clearly indicate the reasons for disapproval and specify what additional information is required

or what action needs to be taken for the Unified Plan to be approved.

F. How To Use "Attachment B"

1. Forms for State Use

In Attachment B you will find three forms for use in submitting your State Unified Plan. These forms are available for electronic download, along with this entire guidance, at <http://www.doleta.gov/usworkforce>.

a. *Unified Plan Activities and Programs Checklist*: Please provide a list of the section 501 programs and activities you have included in your Plan. Use of this specific format is optional.

b. *Contact Information*: Please provide the contact information requested for each of the Section 501 programs and activities that you have included in your Plan. Programs and activities may be combined on one form if they have the same contact information. Use of this specific format is optional.

c. *Plan Signature(s)*: Please provide the required signatures as appropriate for the programs and activities you have included in your State Unified Plan. Use of this specific format is optional, but the wording on your signature page must be identical to that provided here.

2. Program Descriptions

Please respond fully to the general questions in the program descriptions section, as well as the additional questions that relate to the programs and activities that are included in your State's Unified Plan.

3. Certifications and Assurances

By signing the signature page(s), you are assuring or certifying those items in the Certifications and Assurances section that apply to the programs and activities you have included in your State's Unified Plan.

G. Modifications

Modifications may be needed in any number of areas to keep the Unified Plan a viable, living document over its two-year life. WIA regulations permit states to modify their state workforce investment plan at any time. In general, it is substantial changes to the Unified Plan that require a modification, *i.e.*, any change that significantly impacts the operation of the state's workforce investment system.

Plan modifications must be submitted to the Federal Coordinator, who will ensure that Federal agencies whose programs are included in the Unified Plan receive a copy, or to appropriate Federal agency, in accordance with the procedures of the affected agency. Prior

to submission of the modification for review and approval by the Federal Government, the designated State agency must circulate the modifications among the other state and/or local agencies that may be affected by the changes. Inclusion of a program in the state Unified Plan does not remove the statutory requirement for certain programs to annually review the plan and submit modifications as needed or to revise a plan to reflect newly negotiated performance levels.

Modifications to the Unified Plan are subject to the same public review and comment requirements that apply to the development of the original plan. States should direct any questions about the need to submit a plan modification to the Federal Coordinator, the Departmental Contacts listed above, or to the Regional Administrator or Regional Commissioner who exercises administrative authority over the activity or program(s) impacted by the modification.

H. Inquiries

General inquiries about the State Unified Plan process may be directed to the Federal Coordinator for Plan Review and Approval. The electronic mail address for the Federal Coordinator (Christine Kulick) is kulick.christine@dol.gov. The Federal Coordinator may be contacted by phone at 202-693-3045. Inquiries related to specific activities and programs can be directed to the staff contacts listed above.

II. National Strategic Direction

A. Vision and Goals Related to WIA Title I and Wagner Peyser

1. The purpose of this portion of this WIA and Wagner Peyser Unified Planning Guidance is to communicate national direction and strategic priorities for the workforce investment system. Broadly, the Federal goals for the workforce investment system for this planning cycle include:

a. Realizing the reforms envisioned by the Workforce Investment Act including:

i. Integrated, seamless service delivery through comprehensive One-Stop Career Centers;

ii. A demand-driven workforce system governed by business-led Workforce Investment Boards;

iii. Maximum flexibility in tailoring service delivery and making strategic investment in workforce development activities to meet the needs of State and local economies and labor markets;

iv. Customers making informed choices based on quality workforce

information and accessing quality training providers;

v. Increased fiscal and performance accountability; and

vi. A youth program targeting out-of-school populations with increased accountability for employment and/or increased secondary and post-secondary education outcomes.

b. Incorporating new statutory and regulatory program requirements that have evolved since the passage of WIA, such as priority of service for veterans as prescribed by the Jobs for Veterans Act (Pub. L. 107-288), (38 U.S.C. 4215).

c. Providing the national strategic priorities and direction in the following areas:

i. Implementation of a demand-driven workforce system;

ii. System reform to eliminate duplicative administrative costs and to enable increased training investments;

iii. Enhanced integration of service delivery through One-Stop delivery systems nationwide;

iv. A refocusing of the WIA youth investments on out-of-school youth populations, collaborative service delivery across Federal programs, and increased accountability;

v. Improved development and delivery of workforce information to support Workforce Investment Boards in their strategic planning and investments; providing tools and products that support business growth and economic development; and providing quality career guidance directly to students and job seekers and their counselors through One-Stop Career Centers;

vi. Faith-based and community-based organizations playing an enhanced role in workforce development;

vii. Enhanced use of waivers and workflex provisions in WIA to provide greater flexibility to States and local areas in structuring their workforce investment systems; and

viii. Reporting against common performance measures across Federal employment and training programs.

B. Demand-Driven Workforce Investment System

1. The realities of today's global economy make it imperative that the public workforce investment system be demand-driven, providing services that prepare workers to take advantage of new and increasing job opportunities in high growth/high demand and economically vital industries and sectors of the American economy. The foundation of this effort is partnerships that include the workforce system, business and industry, and education and training providers, that develop and

implement a strategic vision for economic development. Becoming demand-driven represents a major transformation of this system, which, for 40 years, has been primarily framed around individuals needs for service rather than focusing on both the needs of job seekers and the business community.

2. To be successful, the workforce investment system must begin today to prepare the workforce of tomorrow. Each year, the United States invests approximately \$15 billion into the workforce system. To ensure that this large investment is used effectively, it is imperative that all of the components of the workforce system at the national, State, and local levels become demand-driven and contribute to the economic well-being of communities and the nation by developing a qualified and competitive workforce. Current job opportunities must be known as well as where the good jobs will be in the future by (1) identifying the workforce needs in high-growth, high-demand and economically critical industries and the necessary preparation required to succeed in those occupations and (2) understanding the workforce challenges that must be addressed to ensure a prepared and competitive workforce. This requires all of the key players in the State and local system, including Governors and Local Elected Officials, State and Local Workforce Investment Boards (WIBs), State Workforce Agencies, and One-Stop Career Centers to:

- a. Have a firm grasp of their State and local economies;
- b. Strategically invest and leverage their resources;
- c. Build partnerships between industry leaders and educational institutions that develop solutions to workforce challenges; and
- d. Allocate training dollars to provide the skills and competencies necessary to support industry now and in the future.

3. The workforce investment system is a catalyst that links employers, economic development organizations, public agencies, and the education community to build and deliver innovative answers to workforce challenges.

4. Development of a demand driven strategic plan requires utilizing economic information and analysis to drive strategic investments, identifying strategic partners, and designing effective service delivery systems. Some of the important elements of a demand-driven strategic plan include the following:

- a. Economic analysis is a fundamental starting point for a demand-driven

approach to workforce investment. A wide array of workforce information and data, including economic indicators, labor market information, census data, educational data, transactional data, projections and data from the private sector, and one-on-one interviews with businesses needs to be collected and analyzed.

b. Workforce strategies that target industries that are high growth, high demand and critical to the State and/or local economy are most likely to support economic growth and provide individuals with the opportunities to get good jobs with good pay and career pathways.

c. Strategic partnerships among the workforce investment system, targeted businesses and industries, economic development agencies, and education and training providers (including K-12) provide a strong foundation for identifying workforce challenges and developing and implementing innovative workforce solutions focused on a workforce with the right skills. The workforce system must be the catalyst for bringing these target partnerships together.

d. A solutions-based approach that brings the right strategic partners and resources to the table promotes a comprehensive analysis of workforce challenges and also provides the synergy for successful, innovative workforce solutions and the opportunity to effectively leverage workforce investment resources.

e. A demand-driven workforce investment system ensures that the full array of assets available through the One-Stop delivery system is available to support individual workers as well as to provide solutions to workforce issues identified by business and industry.

f. Translating the demand for workers with the skills businesses need into demand-driven career guidance must be one of the human resource solutions provided broadly by the workforce investment system.

5. The WIA and Wagner Peyser related Unified Planning guidance includes new language in support of these principles which offers States an opportunity, in the context of the State Planning process, to formally articulate demand-driven goals and strategies tailored to the unique needs of the State.

C. System Reform and Increased Focus on Training

1. Workforce training is one of the major areas in which the President is focusing reform efforts. In April 2004, he challenged the workforce investment system at the State and local levels to eliminate unnecessary overhead costs

and simplify administration in order to preserve more resources for training. The system currently spends approximately 30% of appropriated funds each year on infrastructure and "other" costs as currently reported by States as part of their routine reporting under WIA. Some of these funds are wisely spent, but clearly more can be made available for training. The President has called for the system to double the number of individuals trained under major WIA grant programs. Through WIA reauthorization, additional reforms in support of these goals are anticipated.

2. The WIA State Plan provides States with a platform to promote greater efficiencies in the workforce system by articulating administrative policies for State and local governance processes. The State has multiple vehicles to increase consolidation and integration of the infrastructure through policies, required practices, provision of technical assistance and monitoring. The State also can articulate its goals for expenditures of resources for training in industries and occupations critical to the State's economy.

D. Enhanced Integration Through One-Stop Delivery System

1. One of the primary expectations of the workforce system under the WIA statutory framework is a seamless, integrated One-Stop delivery system. The expectation for an integrated service delivery system remains firmly embedded as a key principle of a demand-driven workforce system.

2. The goal of integration is to ensure that the full spectrum of community assets is used in the service delivery system, and to support human capital solutions for businesses, industry and individual customers. Different programs fund different types of services and serve different populations. These unique program features in the system provide both breadth and depth to the human capital solutions offered to businesses and industry. However, the assets go beyond program funding, and without integration of those assets, the system limits its impact and success.

3. The workforce system has had a vision of integration for over a decade, supported with the Federal investment in One-Stop Centers in the mid-1990s and later realized in statute with the passage of WIA. Despite many efforts, the vision of seamless, integrated service delivery remains unrealized in many areas. It is still all too common to visit local areas across the nation and find a One-Stop office within blocks of a separate "job service" or "affiliate" office or a comprehensive One-Stop

Center where programs are co-located, but with little integration. In addition, there is often a lack of consistency in policy and service delivery across workforce investment areas within a State, which causes customer confusion and frustration. While there are real challenges to achieving the vision of integration, it is a vision that can be realized. Due to strong leadership, creativity, and hard work at the State and local levels, a number of One-Stop Centers have overcome turf issues and administrative challenges to offer integrated service delivery.

4. Strong State leadership has been identified as one of the key success factors in achieving integration in One-Stop Centers. The WIA State Planning process offers a unique opportunity for the Governor and the State Workforce Investment Board to clearly articulate the State's goals for integration and to help remove any barriers. The Employment and Training Administration (ETA) is committed to working with States to support integration efforts.

E. New Vision for Serving Youth Most In Need

1. The Administration is committed to trying bold, innovative and flexible initiatives to prepare the most at-risk and neediest youth for jobs in our changing economy. ETA, in collaboration with the Departments of Education, Health and Human Services, and Justice, has developed a new strategic vision to more effectively and efficiently serve out-of-school and those at risk of dropping out-of-school (Training and Employment Guidance Notice No. 3-04). Regional Youth Forums were conducted in the fall of 2004 that brought together State youth leaders to develop similar partnerships at the State level, and to begin to develop a common vision and action plan for implementing cross-agency State approaches for serving the neediest youth.

2. Out-of-school youth (and those most at risk of dropping out) are an important part of the new workforce supply pipeline needed by businesses to fill job vacancies in a knowledge-based economy. WIA-funded youth programs should connect these youth with quality secondary and post-secondary educational opportunities and high-growth and other employment opportunities.

3. ETA's new vision for serving youth will present challenges for how State and local WIA programs interact and link with State and local education and economic development systems. To achieve this vision, States should

consider this new strategic approach and associated goals across four major areas:

a. *Alternative Education—Goal:* Provide leadership to ensure that youth served in alternative education programs will receive a high quality education that adheres to the State standards developed in response to the No Child Left Behind (NCLB) legislation.

b. *Demand of Business—Goal:* The investment of WIA youth resources will be demand-driven, assuring that youth obtain the skills needed by businesses so that they can succeed in the 21st century economy.

c. *Neediest Youth—Goal:* Investments will be prioritized to serve youth most in need including out-of-school youth (and those at risk of dropping out of school), youth in foster care, those aging out of foster care, youth offenders, children of incarcerated parents, homeless youth, and migrant and seasonal farmworker youth.

d. *Improved Performance—Goal:* Key initiatives will be implemented to assure that programs are performance-based and focused on outcomes.

4. ETA has developed strategic partnerships at the Federal level with the Department of Education's Office of Vocational and Adult Education, the Department of Health and Human Services' Administration for Children and Families, and the Department of Justice's Office of Juvenile Justice and Delinquency Prevention. Through the State Planning process, Governors have the opportunity to promote strategic partnerships across State agencies serving youth to enhance service delivery and more effectively leverage available resources. ETA encourages Governors to play a key leadership role in enhancing intra-State coordination among these agencies and to develop cross-agency approaches for serving youth. The WIA State Planning process is a vehicle for driving a Statewide youth vision that ensures that previously marginalized youth become an important pipeline of workers.

F. A Stronger Workforce Information System

1. As discussed previously, a strong foundation of economic data and workforce information, along with the ability to analyze the data and transform it into easily understood intelligence, is one of the keys to effective strategic planning for a demand-driven workforce investment system. To achieve that vision, the workforce system needs to move beyond traditional labor market information strategies and develop a workforce information system that helps

drive both economic development and workforce investment for the State. In their lead role, States need to embrace a wide array of data sources, new strategies for making it available to customers, and consider alternative ways to invest and leverage public and private resources to build the State's workforce information system.

Workforce information is critical not only for driving the investments of the workforce system, but it is also a fundamental decision tool for the nation's businesses, students, workers, parents, guidance counselors, and education institutions. The development of workforce information is the responsibility broadly of Governors, State workforce agencies, State agencies designated under WIA as responsible for labor market information, State economic development agencies, and Local Workforce Investment Boards.

G. Effective Utilization of Faith-Based and Community-Based Organizations

1. President Bush signed Executive Order 13198 on January 29, 2001, with the goal of removing statutory, regulatory, and procedural barriers that prevent faith-based and community organizations (FBCOs) from participating in the provision of social services. The Department of Labor Center for Faith-based and Community Initiatives, created under the Executive Order has worked closely with ETA to help increase the opportunities for FBCOs to partner with the workforce investment system. As legal and regulatory barriers have been removed, the Department of Labor has been increasingly focusing on ways to integrate FBCOs into the WIA system at the local level including:

a. Expanding the access of faith-based and community organizations' clients and customers to the training, job and career services offered by the local One-Stop Centers;

b. Increasing the number of faith-based and community organizations serving as committed and active partners in the One-Stop delivery system.

2. By integrating the workforce system with the resources available through these organizations, the capacity of the workforce investment system to serve those most in need is significantly expanded. Continuing to promote integration of FBCOs remains a focal point for the President and the Department of Labor. States are encouraged to incorporate strategies that include FBCOs into their State Plans.

H. Increased Use of Flexibility Provisions in WIA

For the workforce system to be successful in promoting business prosperity and employment opportunities for workers, States must have the flexibility to design innovative programs based on local need and labor markets. WIA as it exists today provides significant opportunities to States to obtain waivers of statutory and regulatory requirements that may impede achieving the State's workforce goals. Therefore, one of the key focal points as States move into a new planning cycle is to encourage States to utilize the full range of flexibility offered under WIA's waiver and workflex provisions. The workflex option has not been utilized by States and may offer the greatest range of opportunity for States. ETA is committed to sharing the waiver strategies States have utilized to date and providing technical assistance to States considering requesting waivers. The State Unified Plan provides a vehicle for the State to identify waiver opportunities and to formally request waivers in concert with overall strategic planning. Waivers may be requested at other times as well.

I. Performance Accountability and Implementation of Common Performance Measures

1. Improved performance accountability for customer-focused results is a central feature of WIA and remains a strategic priority for the President and the Department of Labor. In an effective accountability system, a clear link should exist between the State's program design and the results achieved. The performance information should be available to and easily understood by all customers, stakeholders, and operators of the workforce investment system.

2. To enhance the management of the workforce system and the usability of performance information, the Department, in collaboration with other Federal agencies, has developed a set of common performance measures for Federally-funded training and employment programs. The value of common measures is the ability to describe in a similar manner the core purposes of the workforce system—did people find jobs; did people stay employed; and did earnings increase? Standardizing the definitions of the outcomes across programs simplifies reporting. Coupled with valid and accurate information, use of common measures provides a greater ability to compare and manage results.

3. It is ETA's intent to begin data collection in support of common measures effective July 1, 2005, for Program Year 2005. This was recently announced in Training and Employment Guidance Letter 18-04, "Announcing the soon-to-be-published Proposed Revisions to Existing Performance Reporting Requirements for the Implementation of Common Measures for title I of the Workforce Investment Act (WIA), the Wagner-Peyser Act (Employment Service (ES)/ Labor Exchange), the Trade Adjustment Assistance Reform Act (TAA), and title 38, chapter 41 Job Counseling, Training, and Placement Service (Veterans' Employment and Training Service (VETS))." Prior to the effective date, ETA will publish proposed revisions to reporting and recordkeeping requirements in support of common measures in a separate **Federal Register** Notice.

4. The common measures are an integral part of ETA's performance accountability system. ETA will continue to collect from states and grantees other data on program activities, participants, and outcomes necessary for program management, including data that support the existing WIA performance measures, and to convey full and accurate information on the performance of workforce programs to policymakers and stakeholders.

III. Unified Planning Instructions

Note: The statutes cited in parentheses refer to the authorizing legislation for each respective program. This unified planning guidance only relates to planning requirements; it does not affect the statutory and regulatory requirements relating to other aspects of programs included in the plan. References to the Welfare-to-Work program have been deleted due to the expiration of that program.

A. Vision and Priorities

WIA/Wagner Peyser Plan requirements:

1. Describe the Governor's vision for a Statewide workforce investment system. Provide a *summary* articulating the Governor's vision for utilizing the resources of the workforce system in support of the State's economic development that address the issues and questions below. States are encouraged to attach more detailed documents to expand upon any aspect of the summary response if available. (WIA § 112(a) and (b)(4)(A-C).)

2. What are the State's economic development goals for attracting, retaining and growing business and industry within the State? (§ 112(a) and (b)(4)(A-C).)

3. Given that a skilled workforce is a key to the economic success of every business, what is the Governor's vision for maximizing and leveraging the broad array of Federal and State resources available for workforce investment flowing through the State's cabinet agencies and/or education agencies in order to ensure a skilled workforce for the State's business and industry? (§ 112(a) and (b)(4)(A-C).)

4. Given the continuously changing skill needs that business and industry have as a result of innovation and new technology, what is the Governor's vision for ensuring a continuum of education and training opportunities that support a skilled workforce? (§ 112(a) and (b)(4)(A-C).)

5. What is the Governor's vision for bringing together the key players in workforce development including business and industry, economic development, education, and the workforce system to continuously identify the workforce challenges facing the State and to develop innovative strategies and solutions that effectively leverage resources to address those challenges? 6. What is the Governor's vision for ensuring that every youth has the opportunity to develop and achieve career goals through education and workforce training, including the youth most in need, such as out of school youth, homeless youth, youth in foster care, youth aging out of foster care, youth offenders, children of incarcerated parents, migrant and seasonal farmworker youth, and other youth at risk? (§ 112(a).)

(§ 112 (b)(17)(A)(iv).)

B. One-Stop Delivery System

1. Describe the State's comprehensive vision of an integrated service delivery system, including the role each program incorporated in the Unified Plan in the delivery of services through that system.

In answering this question, if your Unified Plan includes:

(a) WIA Title I and Wagner-Peyser Act and/or Veterans Programs:

(i.) Identify how the State will use WIA Title I funds to leverage other Federal, State, local, and private resources in order to maximize the effectiveness of such resources and to expand the participation of business, employees, and individuals in the

Statewide workforce investment system? (§ 112(b)(10).)

(ii.) What strategies are in place to address the national strategic direction discussed in Part I of this guidance, the Governor's priorities, and the workforce development issues identified through the analysis of the State's economy and labor market? (§ 112(a) and 112(b)(4)(D).)

(iii.) Based on the State's economic and labor market analysis, what strategies has the State implemented or plans to implement to identify and target industries and occupations within the State that are high growth, high demand, and vital to the State's economy? (§ 112(a) and 112(b)(4)(A).) The State may want to consider:

- Industries projected to add a substantial number of new jobs to the economy; or
- Industries that have a significant impact on the overall economy; or
- Industries that impact the growth of other industries; or
- Industries that are being transformed by technology and innovation that require new skill sets for workers; or
- Industries that are new and emerging and are expected to grow.

(iv.) What strategies are in place to promote and develop ongoing and sustained strategic partnerships that include business and industry, economic development, the workforce system, and education partners (K–12, community colleges, and others) for the purpose of continuously identifying workforce challenges and developing solutions to targeted industries' workforce challenges? (§ 112(b)(8).)

(v.) What State strategies are in place to ensure that sufficient system resources are being spent to support training of individuals in high growth/high demand industries? (§ 112(b)(4)(A) and 112(b)(17)(A)(i).)

(vii.) How are the funds reserved for Statewide activities used to incent the entities that make up the State's workforce system at the State and local levels to achieve the Governor's vision and address the national strategic direction identified in part I of this guidance? (§ 112(a).)

(viii.) Describe the State's strategies to promote collaboration between the workforce system, education, human services, juvenile justice, and others to better serve youth that are most in need

and have significant barriers to employment, and to successfully connect them to education and training opportunities that lead to successful employment. (§ 112(b)(18)(A).)

(ix.) Describe the State's strategies to identify State laws, regulations, policies that impede successful achievement of workforce development goals and strategies to change or modify them. (§ 112(b)(2).)

(x.) Describe how the State will take advantage of the flexibility provisions in WIA for waivers and the option to obtain approval as a workflex State pursuant to § 189(i) and § 192.

2. Describe the actions the State has taken to ensure an integrated One-Stop service delivery system Statewide. (§§ 112(b)(14) and 121.)

a. What State policies and procedures are in place to ensure the quality of service delivery through One-Stop Centers such as development of minimum guidelines for operating comprehensive One-Stop Centers, competencies for One-Stop Career Center staff or development of a certification process for One-Stop Centers? (§ 112(b)(14).)

b. What policies or guidance has the State issued to support maximum integration of service delivery through the One-Stop delivery system for both business customers and individual customers? (§ 112(b)(14).)

c. What actions has the State taken to promote identifying One-Stop infrastructure costs and developing models or strategies for local use that support integration? (§ 112(b)(14).)

e. How does the State ensure the full spectrum of assets in the One-Stop delivery system support human capital solutions for businesses and individual customers broadly? (§ 112(b)(14).)

C. Plan Development and Implementation

1. Describe the methods used for joint planning and coordination of the programs and activities included in the Unified Plan. (WIA § 501(c)(3)(A).)

State Consultation with Local Areas in Development of Plan: The authorizing statutes for many of the programs that may be included in a Unified Plan require that the State Plan be developed in consultation with various public and private entities, as well as members of the general public. Some statutes also require formal public hearings. Depending upon the programs

that a State chooses to include in its Unified Plan, it may be possible for the State to satisfy many of these consultation requirements through a single set of processes. For example, both WIA Title I and Perkins III require that the business community be involved in the development of the State Plans for these programs. The State may satisfy both of these requirements by involving the business community in the development of a Unified Plan that includes the two programs. Separate consultations are not necessary.

2. Describe the process used by the State to provide an opportunity for public comment and participation for each of the programs covered in the Unified Plan.

In addition, if your Unified Plan includes:

(a) *Perkins III*, the eligible agency must hold public hearings and include a summary of the recommendations made by all segments of the public and interested organizations and groups and the eligible agency's response to the recommendations in the State Plan. (§ 122(a)(3).)

(b) *WIA Title I and Wagner-Peyser Act and/or Veterans Programs*, describe the process used by the State, consistent with section 111(g) of WIA, to provide an opportunity for public comment, including comments by representatives of business and representatives of labor organizations, and input into development of the Plan, prior to submission of the Plan.

(c) *Adult Education and Family Literacy*, describe the process that will be used for public participation and comment with respect to the AEFLA portion of the Unified Plan. (§ 224(b)(9).)

(d) *TANF*, the State shall make available to the public a summary of any Plan or Plan amendment submitted by the State under this section. With respect to the TANF plan design, local governments and private sector organizations have been consulted regarding the plan and design of welfare services in the State so that the services are provided in a manner appropriate to local populations; and have had at least 45 days to submit comments on the plan and the design of such services. (§ 402(c).)

(e) *CSBG*, provide evidence that the public participation requirements were met, including documents which confirms that a legislative public hearing on the State Plan was conducted as required by subsection 675(b) and that the Plan was also made available for public inspection and review as required by 675(d)(2).

3. This section should describe the types of activities and outcomes that were conducted to meet the consultation requirement. Demonstrate, as appropriate, how comments were considered in the plan development process including specific information on how the various WIA agency and program partners were involved in developing the unified State Plan.

The following agencies, groups or individuals must be consulted, if your Unified Plan includes:

(a) *Perkins III: (§ 122(a)(3),(b)(1), (c)(3), (e)(3).)*

- Parents.
- Teachers.
- Students.
- Eligible Recipients.
- Representatives of special populations in the State.
- Representatives of business and industry in the State, including small- and medium-sized local businesses.
- Representatives of labor organizations in the State.
- Interested community members.
- Governor of the State.

In addition, the eligible agency must consult with the State agency responsible for secondary education and the State agency responsible for supervision of community colleges, technical institutes, or other 2-year post secondary institutions primarily engaged in providing postsecondary vocational and technical education concerning the amount and uses of funds proposed to be reserved for adult vocational and technical education, postsecondary vocational and technical education, tech-prep education, and secondary vocational technical education. Include any objections filed by either agency and your response(s). (§ 122(e)(3).)

(b) *WIA Title I and Wagner-Peyser Act and/or Veterans Programs: (§§ 112(b)(1) and 112(b)(9).)*

• The Governor of the State and State Board.

- Local Chief elected officials.
- Business community.
- Labor organizations.
- The following agencies, groups and individuals should also be consulted: Local Boards and Youth Councils, Educators, Vocational Rehabilitation Agencies, Service providers, Welfare agencies, Faith-based and Community organizations and the State Employment Security Agency.

In addition, describe the role of the State Board and Local Boards in planning and coordination in the Unified Plan (§ 501(c)(3).)

Note: While WIA only requires the involvement of State Board and Local Boards

in the planning and coordination of the programs and activities authorized under title I, the intent of the Unified Plan approach is to enable all the relevant parties in an area, if they so choose, to come together more readily to coordinate their activities in the best interests of the population to be served. However coordination is achieved, nothing in the Unified Plan or in WIA itself permits a Board or any other entity to alter the decisions made by another program grantee in accord with that grantee's statutes.

(c) *Adult Education and Family Literacy:*

• Governor of the State (any comments made by the Governor must be included in the Plan) (§ 224(d).)

(d) *Vocational Rehabilitation:*

• State Rehabilitation Council (include the response of the designated State unit to such input and recommendations).

(§ 101(a)(21)(A)(ii)(III).)

(e) *CSBG:*

- Low-income individuals.
- Community organizations.
- Religious organizations.
- Representatives of low-income individuals.

(f) *TANF:*

• With respect to the TANF plan design, local governments and private sector organizations have been consulted regarding the plan and design of welfare services in the State so that services are provided in a manner appropriate to local populations; and have had at least 45 days to submit comments on the plan and the design of such services.

D. Needs Assessment

1. Describe the educational and job-training needs of individuals in the overall State population and of relevant subgroups of all the programs included in the Unified Plan.

Many of the programs that may be included in a Unified Plan require a needs assessment. State agencies should fulfill these assessment responsibilities collaboratively or, at a minimum, create a planning process that promotes the sharing of needs assessment information among all agencies involved in preparing the Unified Plan. Sharing of assessment data can create a framework for the coordinated and integrated services that are to be provided through the One-Stop delivery system. The State may organize the presentation of assessment data in its Unified Plan in a manner it deems most appropriate and useful for planning, such as on a program-by-program basis, by geographic region, or by special population.

In answering the above question, if your Unified Plan includes:

(a) *WIA Title I and Wagner-Peyser Act and/or Veterans Programs*, identify the types and availability of workforce investment activities currently in the State. (§ 112(b)(4)(A–D).)

(b) *Adult Education and Family Literacy*, objectively assess the adult education and literacy needs of individuals, including an assessment of those most in need and hardest to serve, including low income students, individuals with disabilities, single parents, displaced homemakers, and individuals with multiple barriers to educational enhancement (including individuals with limited English proficiency, criminal offenders in correctional institutions and other institutionalized individuals.) (§§ 224(b)(10) and 225.)

(c) *Food Stamp Employment and Training (E&T)*, provide an answer and explain the method used to:

(i) Estimate the number and characteristics of the expected pool of work registrants during the fiscal year;

(ii) Estimate the number of work registrants the State agency intends to exempt from E&T, along with a discussion of the proposed exemption criteria;

(iii) Estimate the number of placements into E&T components during the fiscal year;

(iv) Estimate the number of ABAWDs (able-bodied adults without dependents) in the State during the fiscal year;

(v) Estimate the number of ABAWDs in both waived and unwaived area of the State during the fiscal year;

(vi) Estimate the average monthly number of ABAWDs included in the State's 15 percent exemption allowance, along with a discussion of how the State intends to apply the exemption;

(vii) Estimate the number of qualifying education/training and workfare opportunities for ABAWDs the State will create during the fiscal year.

(d) *Vocational Rehabilitation:*

(i) Assess the needs of individuals with disabilities in the State, particularly the vocational rehabilitation needs of individuals with the most significant disabilities (including their need for supported employment services), individuals with disabilities who have been unserved or underserved by the vocational rehabilitation program, and individuals with disabilities served through other components of the statewide workforce investment system. (§§ 101(a)(15)(A)(i)(I–III) and 625(b)(2).)

(ii) Include State estimates of the number of individuals in the State who are eligible for services under title I of the Rehabilitation Act, the number of such individuals who will receive

services provided with funds provided under part B of title I and under part B of title VI (including, if the designated State agency uses an order of selection, estimates of the number of individuals to be served under each priority category within the order), and the costs of the services provided (including, if the designated State agency uses an order of selection, the service costs for each priority category within the order.) (§ 101(a)(15)(B).)

(iii) Provide an assessment of the need to establish, develop, or improve community rehabilitation programs within the State. (§ 101(a)(15)(A)(ii).)

(e) *HUD Employment and Training Programs*: (Reminder: the following is a suggestion for incorporating HUD programs into your State's Unified Plan. However, following this guidance will not trigger funding for HUD programs):

(i) Address the educational and training needs of public housing residents and other families receiving housing assistance.

2. WIA Title I and Wagner Peyser Act: Economic and Labor Market Analysis (§ 112(b)(4).): As a foundation for this strategic plan and to inform the strategic investments and strategies that flow from this Plan, provide a detailed analysis of the State's economy, the labor pool, and the labor market context. Elements of the analysis should include the following:

a. What is the current makeup of the State's economic base by industry?

b. What industries and occupations are projected to grow and/or decline in the short term and over the next decade?

c. In what industries and occupations is there a demand for skilled workers and available jobs, both today and projected over the next decade? In what numbers?

d. What jobs/occupations are most critical to the State's economy?

e. What are the skill needs for the available, critical and projected jobs?

f. What is the current and projected demographics of the available labor pool (including the incumbent workforce) both now and over the next decade?

g. Is the State experiencing any "in migration" or "out migration" of workers that impact the labor pool?

h. Based on an analysis of both the projected demand for skills and the available and projected labor pool, what skill gaps is the State experiencing today and what skill gaps are projected over the next decade?

i. Based on an analysis of the economy and the labor market, what workforce development issues has the State identified?

j. What workforce development issues has the State prioritized as being most

critical to its economic health and growth?

E. State and Local Governance

1. What is the organization, structure and role/function of each State and local entity that will govern the activities of the Unified Plan?

In answering the above question, if your Unified Plan includes:

(a) *Perkins III*, describe the procedures in place to develop the memoranda of understanding outlined in Section 121(c) of the Workforce Investment Act of 1998 concerning the provision of services only for postsecondary students and school dropouts. (§ 122(c)(21).)

(b) *WIA Title I and Wagner-Peyser Act and/or Veterans Programs*:

(i) Organization of State agencies in relation to the Governor:

1. Provide an organizational chart that delineates the relationship to the Governor of the agencies involved in the public workforce investment system, including education and economic development and the required and optional One-Stop partner programs managed by each agency.

2. In a narrative describe how the agencies involved in the public workforce investment system interrelate on workforce and economic development issues and the respective lines of authority.

(ii) State Workforce Investment Board:

1. Describe the organization and structure of the State Board. (§ 111.):

For each of the core indicators, explain how the State worked with Local Boards to determine the level of the performance goals. Include a discussion of how the levels compare with the State's previous outcomes as well as with the State-adjusted levels of performance established for other States (if available), taking into account differences in economic conditions, the characteristics of participants when they entered the program and the services to be provided. Identify steps to improve performance, including an explanation of why the actions now specified will be more successful.

N. *Waiver and Work-Flex Requests*

1. Will your State be requesting waivers as a part of this Unified Plan?

In answering the above question, the following waiver provisions apply if your Unified Plan includes:

(ii) Exceptions and Expansions to Cost Principles. The following exceptions or expansions to the cost principles of OMB Circular No. A–87 (Revised) are applicable to SESAs:

—Employee Fringe Benefits. As an exception to OMB Circular A–87 (Revised) with respect to personnel benefit costs incurred on behalf of SESA employees who are members of fringe benefit plans which do not meet the requirements of OMB Circular No. A–87 (Revised), Attachment B, item 11, the costs of employer contributions or expenses incurred for SESA fringe benefit plans are allowable, provided that:

For retirement plans, all covered employees joined the plan before October 1, 1983; the plan is authorized by State law; the plan was previously approved by the Secretary; the plan is insured by a private insurance carrier which is licensed to operate this type of plan in the applicable State; and any dividends or similar credits because of participation in the plan are credited against the next premium falling due under the contract.

For all SESA fringe benefit plans other than retirement plans, if the Secretary granted a time extension after October 1, 1983, to the existing approval

of such a plan, costs of the plan are allowable until such time as the plan is comparable in cost and benefits to fringe benefit plans available to other similarly employed State employees. At such time as the cost and benefits of an approved fringe benefit plan are equivalent to the cost and benefits of plans available to other similarly employed State employees, the time extension will cease and the cited requirements of OMB Circular A-87 (Revised) will apply. For retirement plans and all other fringe benefit plans covered above, any additional costs resulting from improvements to the plans made after October 1, 1983, are not chargeable to UI grant funds.

—UI Claimant's Court Appeals Costs. To the extent authorized by State law, funds may be expended for reasonable counsel fees and necessary court costs, as fixed by the court, incurred by the claimant on appeals to the courts in the following cases:

Any court appeal from an administrative or judicial decision favorable in whole or in part for the claimant;

Any court appeal by a claimant from a decision which reverses a prior decision in his/her favor;

Any court appeal by a claimant from a decision denying or reducing benefits awarded under a prior administrative or judicial decision;

Any court appeal as a result of which the claimant is awarded benefits;

Any court appeal by a claimant from a decision by a tribunal, board of review, or court which was not unanimous; and

Any court appeal by a claimant where the court finds that a reasonable basis exists for the appeal.

Reed Act. Payment from the SESA's UI grant allocations, made into a State's account in the Unemployment Trust Fund for the purpose of reducing charges against Reed Act funds (Section 903(c)(2) of the Social Security Act, as amended (42 U.S.C. 1103(c)(2)), are allowable costs provided that:

The charges against Reed Act funds were for amounts appropriated, obligated, and expended for the acquisition of automatic data processing installations or for the acquisition or major renovation of State-owned real property (as defined in 29 CFR 97.3); and

With respect to each acquisition or improvement of property, the payments are accounted for as credit against equivalent amounts of Reed Act funds previously withdrawn under the respective appropriation.

Prior Approval of Equipment Purchases. As provided for in OMB

Circular No. A-87 (Revised), Attachment B, item 19, the requirement that grant recipients obtain prior approval from the Federal grantor agency for all purchases of equipment (as defined in 29 CFR 97.3) is waived and approval authority is delegated to the SESA Administrator.

4. Assurance of Management Systems, Reporting, and Record Keeping. The SESA assures that:

—Financial systems provide fiscal control and accounting procedures sufficient to permit timely preparation of required reports, and the tracing of funds to a level of expenditure adequate to establish that funds have not been expended improperly (29 CFR 97.20.)

The financial management system and the program information system provide Federally-required reports and records that are uniform in definition, accessible to authorized Federal and State staff, and verifiable for monitoring, reporting, audit, and evaluation purposes.

It will submit reports to ETA as required in instructions issued by ETA and in the format ETA prescribes.

The financial management system provides for methods to insure compliance with the requirements applicable to procurement and grants as specified in 29 CFR part 98 (Debarment and Suspension), and for obtaining the required certifications under 29 CFR 98.510(b) regarding debarment, suspension, ineligibility, and voluntary exclusions for lower tier covered transactions.

5. Assurance of Program Quality. The SESA assures that it will administer the UI program in a manner that ensures proper and efficient administration. "Proper and efficient administration" includes performance measured by ETA through Tier I measures, Tier II measures, program reviews, and the administration of the UI BAM, BTQ measures, and TPS program requirements.

6. Assurance on Use of Unobligated Funds. The SESA assures that non-automation funds will be obligated by December 31 of the following fiscal year, and liquidated (expended) within 90 days thereafter. ETA may extend the liquidation date upon written request. Automation funds must be obligated by the end of the 3rd fiscal year, and liquidated within 90 days thereafter. ETA may extend the liquidation date upon written request. Failure to comply with this assurance may result in disallowed costs from audits or review findings.

7. Assurance of Disaster Recovery Capability. The SESA assures that it will maintain a Disaster Recovery Plan.

8. Assurance of Conformity and Compliance. The SESA assures that the State law will conform to, and its administrative practice will substantially comply with, all Federal UI law requirements, and that it will adhere to DOL directives.
