DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Toxic Substances and Disease Registry

[ATSDR-209]

Public Health Assessments Completed

AGENCY: Agency for Toxic Substances and Disease Registry (ATSDR), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: This notice announces those sites for which ATSDR has completed public health assessments during the period from October through December 2004. This list includes sites that are on or proposed for inclusion on the National Priorities List (NPL) and includes sites for which assessments were prepared in response to requests from the public.

FOR FURTHER INFORMATION CONTACT: William Cibulas, Jr., Ph.D., Director, Division of Health Assessment and Consultation, Agency for Toxic Substances and Disease Registry, 1600 Clifton Road, NE., Mailstop E-32, Atlanta, Georgia 30333, telephone (404) 498-0007.

SUPPLEMENTARY INFORMATION: The most recent list of completed public health assessments was published in the **Federal Register** on November 29, 2004 [69 FR 69371]. This announcement is the responsibility of ATSDR under the regulation "Public Health Assessments and Health Effects Studies of Hazardous Substances Releases and Facilities" [42 CFR part 90]. This rule sets forth ATSDR's procedures for the conduct of public health assessments under section 104(i) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act (SARA) [42 U.S.C. 9604(i)].

Availability

The completed public health assessments are available for public inspection at the Division of Health Assessment and Consultation, Agency for Toxic Substances and Disease Registry, 1825 Century Boulevard, Atlanta, Georgia (not a mailing address), between 8 a.m. and 4:30 p.m., Monday through Friday except legal holidays. The completed public health assessments are also available by mail through the U.S. Department of Commerce, National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161, or by telephone at (800) 553-6847. NTIS charges for copies of public health assessments. The NTIS order numbers are listed in parentheses following the site names.

Public Health Assessments Completed or Issued

Between October 1, 2004, and December 31, 2004, public health assessments were issued for the sites listed below:

NPL and Proposed NPL Sites

Alabama

Capitol City Plume—(PB2005-101285)

Maryland

Curtis Bay Coast Guard Yard (a/k/a U.S. Coast Guard, Hawkins Point Road)—(PB2005-102124)

New Hampshire

Troy Mills Landfill—(PB2005-101284)

New York

Former Mackenzie Chemical Works Site Central Islip—(PB2005-100581)

Old Roosevelt Field Contaminated Groundwater Area—(PB2004-106415)

Texas

Conroe Creosoting Company—(PB2005-101286)

Non-NPL Petitioned Sites

Connecticut

Community Concerns Evaluation (Cheshire)—(PB2005-101287)

Florida

Royal Oaks Community—(PB2005-100325)

Georgia

Morgan Falls Municipal Solid Waste Landfill (a/k/a Morgan Falls Landfill)—(PB2005-101078)

Dated: April 5, 2005.

Georgi Jones,

Director, Office of Policy, Planning, and Evaluation, National Center for Environmental Health/Agency for Toxic Substances and Disease Registry.

[Program Announcement 05052]

Information Interchange and Technical Assistance for Human Immunodeficiency Virus (HIV) Prevention; Notice of Intent To Fund Single Eligibility Award

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2005 funds for a cooperative agreement program to support an information exchange program among mayors and other local and state government officials concerning HIV prevention; HIV prevention program and policy development; and the provision of technical assistance to community-

based organizations (CBOs), local and state health departments, and other public and private sector organizations involved in health promotion and disease prevention activities. The Catalog of Federal Domestic Assistance number for this program is 93.939.

B. Eligible Applicant

Assistance will be provided only to the United States Conference of Mayors (USCM). No other applications are solicited.

The proposed program is in alignment with the USCM mission, and the organization's mission facilitates the successful and expedited implementation of the program proposed under this announcement. The USCM is the official nonpartisan organization of the nation's 1,183 U.S. cities with populations of 30,000 or more. Each city is represented in the Conference by its chief elected official, the mayor. The primary roles of the Conference of Mayors are to: (1) Promote the development of effective national urban/suburban policy; (2) Strengthen federal-city relationships; (3) Ensure that federal policy meets urban needs; (4) Provide mayors with leadership and management tools; and (5) Create a forum in which mayors can share ideas and information. The USCM has 30 key programs, which include a HIV/AIDS program. The Conference was one of the first national organizations to respond to the HIV/AIDS epidemic and has worked closely with the CDC by offering prevention grants, prevention publications, and technical assistance.

Market research findings indicate that the USCM is the only umbrella organization exclusively for all mayors nationwide. USCM has the access to, and long-standing relationships with, the mayors, and the infrastructure to successfully conduct the proposed program activities. The organization's existing relationships and access to mayors facilitate immediate implementation of program activities because the organization does not have to establish contacts and develop relationships with the Mayors. In addition, through its affiliate, The U.S. Conference of Local Health Officials, with a membership comprised of approximately 2,000 local health officials, the USCM has established networks with local health officials. The USCM was created specifically to represent this wide variety of local organizations and community officials to the Federal government and other national organizations, and is unique in its role as a liaison between these officials. The organization has served as a policy-development and capacity-

building organization in intergovernmental affairs for more than 65 years and has, as one of its major objectives, the sharing of information between local governments and federal agencies.

The USCM is currently funded under RFA 00054, entitled, "Information Interchange and Technical and Financial Assistance for HIV Prevention."

C. Funding

Approximately \$1,300,000 is available in FY 2005 to fund this award. It is expected that the award will begin on or before June 1, 2005, and will be made for a 12-month budget period within a project period of up to four years. Funding estimates may change.

D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341-4146, Telephone: 770-488-2700.

For program technical assistance, contact:

Qairo Ali, Project Officer, 1600 Clifton Road, NE., Mailstop E-35, Atlanta, Georgia 30333, Telephone: 404-639-5224, e-mail: cda1@cdc.gov.

For financial, grants management, or budget assistance, contact: Roslyn Curington, Grants Management Specialist, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341, Telephone: 770-488-2767, e-mail: zlp8@cdc.gov.

Dated: April 6, 2005.

William P. Nichols,

*Director, Procurement and Grants Office,
Centers for Disease Control and Prevention.*

Capacity Building Assistance To Improve the Delivery and Effectiveness of Human Immunodeficiency Virus (HIV) Prevention Interventions for High-Risk Racial/Ethnic Minority Subpopulations

Announcement Type: New.
Funding Opportunity Number: RFA 05051.

Catalog of Federal Domestic Assistance Number: 93.939.

Application Deadline: May 27, 2005.

I. Funding Opportunity Description

Authority: This program is authorized under Sections 301(a) and 317(k)(2) of the Public Health Service Act, 42 U.S.C. Sections 241 and 247b(k)(2).

Purpose: The purpose of this announcement is to provide financial assistance to non-governmental HIV prevention organizations to provide capacity building assistance (CBA), including training and technical assistance (TA), to adapt, tailor and implement science-based, behavioral HIV prevention interventions specifically targeting high-risk racial/ethnic minority subpopulations as demonstrated by high-prevalence epidemiological evidence and other concrete quantitative and qualitative data. The minority subpopulations are migrant workers, transgender individuals, and youth in non-school settings, including lesbian/gay/bisexual/transgender and questioning (LGBTQ) youth.

The term "capacity building assistance" or "CBA" means the provision of information, TA, training, and technology transfer for individuals and organizations to improve the delivery and effectiveness of HIV prevention services. CBA does not include the delivery of direct client HIV prevention services and interventions.

CBA provided must be consistent with the Centers for Disease Control and Prevention's (CDC's) Advancing HIV Prevention Initiative (AHP), Replicating Effective Programs (REP), Diffusion of Effective Behavioral Interventions (DEBI), the Compendium of Effective Behavioral Interventions, and other CDC-supported strategies for specific high-risk racial/ethnic minority subpopulations.

As effective interventions and adaptation and tailoring guidance are developed, future funding cycles will integrate the new science.

For migrant workers, the interventions and public health strategies should be consistent with CDC-supported strategies for specific high-risk racial/ethnic minority subpopulations. Examples include the community health outreach worker (CHOW) model (also referred to as Promotores/as, lay health advisors, community health advisor networks or peer educators), Real AIDS Prevention Project (RAPP), other interventions from REP and DEBI which are appropriate for migrant worker populations.

For youth in non-school settings, a number of evidence-based, scientifically tested behavioral interventions have been identified specifically for high-risk youth, including Street Smart (for
