

k. Airspeed Indicating System: (1) In lieu of the requirements of subsection 25.1323(c)(1), the following special condition applies:

V_{MO} to V_{min} with the flaps retracted.

(2) In lieu of the requirements of subsection 25.1323(c)(2), the following special condition applies:

V_{min} to V_{FE} with flaps in the landing position.

14. High Intensity Radiated Fields (HIRF) Protection

a. Protection from Unwanted Effects of High-intensity Radiated Fields:

Each electrical and electronic system which performs critical functions must be designed and installed to ensure that the operation and operational capabilities of these systems to perform critical functions are not adversely affected when the airplane is exposed to high intensity radiated fields external to the airplane.

b. For the purposes of this special condition, the following definition applies:

Critical Functions: Functions whose failure would contribute to or cause a failure condition which would prevent the continued safe flight and landing of the airplane.

15. Operation Without Normal Electrical Power

In lieu of the requirements of § 25.1351(d), the following special condition applies:

It must be demonstrated by test or combination of test and analysis that the airplane can continue safe flight and landing with inoperative normal engine and APU generator electrical power (*i.e.*, electrical power sources, excluding the battery and any other standby electrical sources). The airplane operation should be considered at the critical phase of flight and include the ability to restart the engines and maintain flight for the maximum diversion time capability being certified.

Issued in Renton, Washington, on March 29, 2005.

Kalene C. Yanamura,

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2005-20574; Airspace Docket No. 05-ACE-11]

Proposed Establishment of Class E2 Airspace; and Modification of Class E5 Airspace; Chillicothe, MO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice proposes to create a Class E surface area at Chillicothe, MO. It also proposes to modify the Class E5 airspace at Chillicothe, MO.

DATES: Comments for inclusion in the Rules Docket must be received on or before May 13, 2005.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2005-20574/Airspace Docket No. 05-ACE-11, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

FOR FURTHER INFORMATION CONTACT: Brenda Mumper, Air Traffic Division, Airspace Branch, ACE-520A, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone (816) 329-2524.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in

triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2005-20574/Airspace Docket No. 05-ACE-11." The postcard will be date/time stamped and returned to the commenter.

Availability of NPRM's

An electronic copy of this document may be downloaded through the Internet at <http://dms.dot.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at <http://www.faa.gov> or the Superintendent of Document's Web page at <http://www.access.gpo.gov/nara>.

Additionally, any person may obtain a copy of this notice by submitting a request to the Federal Aviation Administration, Office of Air Traffic Airspace Management, ATA-400, 800 Independence Avenue, SW., Washington, DC 20591, or by calling (202) 267-8783. Communications must identify both docket numbers for this notice. Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking (202) 267-9677, to request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

This notice proposes to amend Part 71 of the Federal Aviation Regulations (14 CFR part 71) to establish Class E airspace designated as a surface area for an airport at Chillicothe, MO. Controlled airspace extending upward from the surface area for an airport at Chillicothe, MO. Controlled airspace extending upward from the surface of the earth is needed to contain aircraft executing instrument approach procedures to Chillicothe Municipal Airport. Weather observations would be provided by an Automatic Weather Observing/Reporting System (AWOS) and communications would be direct with Columbia Automated Flight Service Station.

This notice also proposes to revise the Class E airspace area extending upward from 700 feet above the surface at Chillicothe, MO. An examination of this Class E airspace area for Chillicothe, MO revealed noncompliance with FAA directives. This proposal would correct identified discrepancies by increasing the area from a 6.4-mile to a 6.9-mile radius of Chillicothe Municipal Airport, defining the extension to the airspace

area in terms of the Chillicothe nondirectional radio beacon (NDB), modifying the bearing of the extension, correcting errors in the identified location of the Chillicothe NDB, defining airspace of appropriate dimensions to protect aircraft departing and executing instrument approach procedures to Chillicothe Municipal Airport and bringing the airspace area into compliance with FAA directives. Both areas would be depicted on appropriate aeronautical charts.

Class E airspace areas designed as surface areas are published in Paragraph 6002 of FAA Order 7400.9M, dated August 30, 2004, and effective September 16, 2004, which is incorporated by reference in 14 CFR 71.1. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraph 6005 of the same Order. The Class E airspace designations listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority since it would contain aircraft executing instrument approach procedures to Chillicothe Municipal Airport.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration

proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9M, Airspace Designations and Reporting Points, dated August 30, 2004, and effective September 16, 2004, is amended as follows:

Paragraph 6002 Class E Airspace Designated as Surface Areas.

* * * * *

ACE MO E2 Chillicothe, MO

Chillicothe Municipal Airport, MO
(Lat. 39°46'56" N., long. 93°29'44" W.)
Chillicothe NDB
(Lat. 39°46'38" N., long. 93°29'39" W.)

Within a 4.4-mile radius of Chillicothe Municipal Airport and within 2.5 miles each side of the 335° bearing from the Chillicothe NDB extending from the 4.4-mile radius of the airport to 7 miles northwest of the NDB.

* * * * *

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ACE MO E5 Chillicothe, MO

Chillicothe Municipal Airport, MO
(Lat. 39°46'56" N., long. 93°29'44" W.)
Chillicothe NDB
(Lat. 39°46'38" N., long. 93°29'39" W.)

That airspace extending upward from 700 feet above the surface within a 6.9-mile radius of Chillicothe Municipal Airport and within 2.5 miles each side of the 335° bearing from the Chillicothe NDB extending from the 6.9-mile radius of the airport to 7 miles northwest of the NDB.

26 CFR Part 31

[REG–160315–03]

RIN 1545–BC89

Sickness or Accident Disability Payments; Correction

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Correction to notice of proposed rulemaking.

SUMMARY: This document corrects a notice of proposed rulemaking (REG–160315–03) that was published in the **Federal Register** on Friday, March 11, 2005 (70 FR 12164) that provide guidance regarding the treatment of payments made on account of sickness or accident disability under a workers' compensation law for purposes of the Federal Insurance Contributions Act (FICA).

FOR FURTHER INFORMATION CONTACT: David Ford, (202) 622–6040 (not a toll-free number).

SUPPLEMENTARY INFORMATION:

Background

The notice of proposed rulemaking (REG–160315–03) that is the subject of this correction is under section 3121 of the Internal Revenue Code.

Need for Correction

As published, the notice of proposed rulemaking contains an error that may prove to be misleading and is in need of clarification.

Correction of Publication

Accordingly, the notice of proposed rulemaking (REG–160315–03) which is the subject of FR. Doc. 05–4382 is corrected as follows:

On page 12164, column 1, in the preamble, under the paragraph heading, **FOR FURTHER INFORMATION CONTACT**, lines 6 through 8, the language "comments, the hearing and/or to be placed on the building access list to attend the hearing, LaNita M. Vandyke," is corrected to read "comments, LaNita Vandyke,".

Cynthia E. Grigsby,

Acting Chief, Publications and Regulations Specialist, Legal Processing Division, Associate Chief Counsel, (Procedures and Administration).
