**Approval and Promulgation of Air Quality Implementation Plans; Indiana**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve revisions to volatile organic compound (VOC) requirements for Transwheel Corporation (Transwheel) of Huntington County, Indiana. Transwheel owns and operates an aluminum wheel reprocessing plant at which it performs cold cleaner degreasing operations. On December 22, 2004, the Indiana Department of Environmental Management (IDEM) submitted a Commissioner's Order containing the revised requirements, and requested that EPA approve it as an amendment to the Indiana State Implementation Plan (SIP). The December 22, 2004, submission supplements a November 8, 2001, submission. IDEM is seeking EPA approval of an "equivalent control device" for Transwheel's degreasing operations, under 326 Indiana Administrative Code (IAC) 8-3-5 (a)(5)(C).

**DATES:** Written comments must be received on or before May 12, 2005.

**ADDRESSES:** Submit comments, identified by Regional Material in EDocket (RME) ID No. R05-OAR-2005-IN-0001 by one of the following methods:

*Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

*Agency Website:* <http://docket.epa.gov/rmepub/>. RME, EPA's electronic public docket and comment system, is EPA's preferred method for receiving comments. Once in the

*Hand delivery:* Deliver your comments to: John Mooney, Chief, Criteria Pollutant Section (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, 18th floor, Chicago, Illinois 60604.

Such deliveries are only accepted during the Regional Office's normal hours of operation. The Regional Office's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m. excluding Federal holidays.

*Instructions:* Direct your comments to RME ID No. R05-OAR-2005-IN-0001. EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through RME, [regulations.gov](http://regulations.gov), or e-mail. The EPA RME website and the federal [regulations.gov](http://regulations.gov) website are "anonymous access" systems, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through RME or [regulations.gov](http://regulations.gov), your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional instructions on submitting comments, go to Section I of the **SUPPLEMENTARY INFORMATION** section of this document.

About This Proposal and the

Corresponding Direct Final Rule?

**I. General Information****A. Does This Action Apply to Me?**

This action applies to a single source, Transwheel Corporation in Huntington County, Indiana.

**B. What Should I Consider as I Prepare My Comments for EPA?**

1. *Submitting CBI.* Do not submit CBI to EPA through RME, [regulations.gov](http://regulations.gov) or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for Preparing Your Comments.* When submitting comments, remember to:

a. Identify the rulemaking by docket number and other identifying information (subject heading, **Federal Register** date and page number).

b. Follow directions—The agency may ask you to respond to specific questions or organize comments by referencing a

Code of Federal Regulations (CFR) part or section number.

c. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.

d. Describe any assumptions and provide any technical information and/or data that you used.

e. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.

f. Provide specific examples to illustrate your concerns, and suggest alternatives.

g. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

h. Make sure to submit your comments by the comment period deadline identified.

## II. What Action Is EPA Taking Today?

The EPA is proposing to approve revisions to Indiana's VOC SIP for Transwheel. The company has requested that it be permitted to use an oil cover as an equivalent control device for its cold cleaner degreaser, under 326 IAC 8-3-5(a)(5)(C). The oil cover is a layer of mineral oil several inches thick floating over the cleaning solvent in a dip tank. The solvent is a mixture of two water miscible compounds, NMP and MEA. The oil cover controls VOC emissions from the dip tank by reducing solvent evaporation.

## III. Where Can I Find More Information About This Proposal and the Corresponding Direct Final Rule?

For additional information, see the Direct Final Rule which is located in the Rules section of this **Federal Register**. Copies of the request and the EPA's analysis are available electronically at RME or in hard copy at the above address. Please telephone Matt Rau at (312) 886-6524 before visiting the Region 5 Office.

AGENCY: Department of Defense (DoD).

**ACTION:** Proposed rule with request for comments.

#### SUPPLEMENTARY INFORMATION:

##### A. Background

DFARS Transformation is a major DoD initiative to dramatically change the purpose and content of the DFARS. The objective is to improve the efficiency and effectiveness of the acquisition process, while allowing the acquisition workforce the flexibility to innovate. The transformed DFARS will contain only requirements of law, DoD-wide policies, delegations of FAR authorities, deviations from FAR requirements, and policies/procedures that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Additional information on the DFARS Transformation initiative is available at <http://www.acq.osd.mil/dpap/dfars/transf.htm>.

This proposed rule is a result of the DFARS Transformation initiative. The proposed changes—

- Eliminate certain exceptions to requirements for uniform contract line item numbering at DFARS 204.7102, to promote standardization in contract writing; and

- Delete procedures for use and numbering of contract exhibits and attachments at DFARS 204.7105. This text will be relocated to the new DFARS companion resource, Procedures, Guidance, and Information, available at <http://www.acq.osd.mil/dpap/dars/pgi>.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

##### B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule pertains only to DoD administrative procedures for numbering of contract line items, exhibits, and attachments. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subpart in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2003-D082.

##### C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*
