

Cream—Import Milk Act (CPG 7119.05).”

FDA received 10 comments on the draft CPG. The comments represented the views of individual consumers, industry, and industry trade representatives. One comment requested clarification on whether sweetened condensed milk was subject to a FIMA permit. Nine comments were outside the scope of the draft CPG. After considering carefully the relevant comment received, FDA revised its intended treatment of sweetened condensed milk and evaporated milk under the FIMA. Accordingly, under Section III.B. of the CPG, “Application of the FIMA:,” the following changes were made:

- In paragraph 1.i. of the CPG, we removed “Sweetened Condensed Milk” and “Evaporated Milk” from the list of products that FDA intends to consider as subject to the FIMA’s permit requirements for importation; and
- In paragraph 2.ii. of the CPG, we added “Sweetened Condensed Milk” and “Evaporated Milk” to the list of products that FDA intends to consider as not subject to the FIMA’s permit requirements for importation.

We also edited the CPG to clarify the following:

- In section II of the CPG, regulations under the FIMA are found in 21 CFR part 1210;
- In section II of the CPG, FDA intends to consider sweetened condensed milk and evaporated milk as not subject to the provisions of the FIMA. Sweetened condensed milk is required by § 131.120 (21 CFR 131.120) to contain a quantity of nutritive carbohydrate sweetener sufficient to prevent spoilage, and evaporated milk is required by § 131.130 to be sealed in a container and so processed by heat as to prevent spoilage;
- In section III of the CPG, FDA intends to consider “Nonfat Milk” as subject to the FIMA’s permit requirement for importation; and
- In section V of the CPG, the specimen charge should be worded, “The article of [milk] [cream] is not accompanied by a valid import milk permit, as required by the Federal Import Milk Act (21 U.S.C. 141–149).”

The CPG is being issued as level 1 guidance consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The CPG represents the agency’s current thinking on its enforcement process concerning the FIMA. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of Inspector General

Program Exclusions: March 2005

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions.

During the month of March 2005, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusions is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, and all Federal Health Care programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment for items or services provided by an excluded party. Program beneficiaries remain free to decide for themselves whether they will continue to use the services of an excluded party even though no program payments will be made for items and services provided by that excluded party. The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.
