DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

April 12, 2005.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA*—

Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: Understanding Value Trade-Offs Regarding Fire Hazard Reduction.

OMB Control Number: 0596-NEW.

Summary of Collection: The Forest Service, Bureau of Land Management, Bureau of Indian Affairs, National Park Service, Fish and Wildlife Service, and many State agencies with fire protection responsibilities are planning to embark on an ambitious and costly fuels reduction program without a clear understanding of the public's opinion on which treatments are most effective or even desirable. The Forest Service (FS) and university research will contact recipients of a phone/mail questionnaire to help forest and fire managers understand value trade-offs regarding fire hazard reduction programs in the wildland-urban interface. Through the questionnaire, researchers will evaluate the responses of Florida residents to different scenarios related to fire hazard reduction programs, determine how effective residents think the programs are, and calculate how much residents would be willing to pay to implement the alternatives presented to them.

Need and Use of the Information: The collective information will help researchers provide better information to natural resources, forest, and fire managers when they are contemplating the kind and type of fire hazard reduction program to implement to achieve forest land management planning objectives. Without the information the agencies with fire protection responsibilities will lack the capability to evaluate the general public understanding of proposed fuels reduction projects and programs or their willingness to pay for implementing such programs.

Description of Respondents: Individuals or households.

Number of Respondents: 1,500.

Frequency of Responses: Reporting: Other (One time only).

Total Burden Hours: 913.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Foreign Agricultural Service

Trade Adjustment Assistance for Farmers

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice.

The Administrator, Foreign Agricultural Service (FAS), re-certified the trade adjustment assistance (TAA) petition that was filed by a group of shrimp producers in Arizona and initially certified on April 5, 2004. Shrimp producers who produce and market their shrimp in Arizona will be eligible to apply for fiscal year 2005 benefits during a 90-day period beginning on April 4, 2005. The application period closes on July 5, 2005.

SUPPLEMENTARY INFORMATION: Upon investigation, the Administrator determined that continued increases in imports of like or directly competitive products contributed importantly to a decline in the average price of shrimp in Arizona by 33.7 percent during the 2003 marketing period (January-December 2003), compared to the 1997-2001 base period. Eligible producers may request technical assistance from the Extension Service at no cost and receive an adjustment assistance payment, if certain program criteria are satisfied. Producers in fiscal year 2005 who did not receive technical assistance under the fiscal year 2004 TAA program must obtain the technical assistance from the Extension Service by September 30, 2005, in order to be eligible for financial payments.

Producers of raw agricultural commodities wishing to learn more about TAA and how they may apply should contact the Department of Agriculture at the addresses provided below for General Information.

Producers Certified as Eligible For TAA, Contact: Farm Service Agency service centers.

For General Information About TAA, Contact: Jean-Louis Pajot, Coordinator, Trade Adjustment Assistance for Farmers, FAS, USDA, (202) 720-2916, e-mail: trade.adjustment@fas.usda.gov.
