### Forest Service

*Title:* Airplane Pilot Qualifications and Approval Record, Helicopter Pilot Qualifications and Approval Record, Airplane Data Record, and Helicopter Data Record.

*OMB Control Number:* 0596-0015.  
*Summary of Collection:* The Forest Service (FS) is the largest owner and operator of aircraft in the Federal Government outside of the Department of Defense. In conducting the Forest Service Land management mission they use 44 owned aircraft with 315 aircraft on loan to 18 States for fire suppression activities. The majority of FS flying is in support of wildland fire suppression. In addition to the agency owned aircraft, the FS contracts with approximately 400 vendors for aviation services used in resource protection and administrative projects. Contractor aircraft and pilots are used to place water and chemical retardants on fires, provide aerial delivery of firefighters to fires, perform reconnaissance, resource surveys, search for lost personnel, and fire detection. Contracts for such services established rigorous qualification requirements for pilots and specific condition/equipment/performance requirements for aircraft. The authority is granted under the Federal Aviation Administration Regulations in Title 14 (Aeronautics and Space) of the Code of Federal Regulation.

*Need and Use of the Information:* FS will collect information using FS forms to document the basis for approval of contract pilot and aircraft for use in specific FS aviation missions. The information collected from contract pilots in face to face meetings (such as name, age, pilots license number, number of hours flown in type of aircraft, etc.) is based on the length and type of contract but is usually done on a reoccurring annual basis. Without the information supplied on these forms, FS contracting officers and pilot/aircraft inspectors cannot determine if pilots and aircraft meet the detailed qualification, equipment, and condition requirements essential to safe, efficient accomplishment of FS specified flying missions and which are included in contract specifications.

*Description of Respondents:* Individuals or households; Business or

other for-profit; State, local or tribal government.

*Number of Respondents:* 2,738.  
*Frequency of Responses:* Reporting: Annually.

*Total Burden Hours:* 688.

### Agricultural Marketing Service

[No. LS-05-05]

#### Lamb Promotion, Research, and Information Program

**AGENCY:** Agricultural Marketing Service, USDA.

**ACTION:** Notice.

**SUMMARY:** The Agricultural Marketing Service (AMS) is announcing that lamb producers, feeders, seedstock producers, and first handlers of lamb and lamb products voting in a national referendum from January 31, 2005, through February 28, 2005, have approved the continuation of the Lamb Promotion, Research, and Information Order (Order).

**FOR FURTHER INFORMATION CONTACT:** Kenneth R. Payne, Chief, Marketing Programs Branch, Livestock and Seed Program; Agricultural Marketing Service (AMS), USDA, Room 2638-S; STOP 0251; 1400 Independence Avenue, SW.; Washington, DC 20250-0251, telephone number 202/720-1115, fax number 202/720-1125, or by e-mail at: *Kenneth.Payne@usda.gov*.

**SUPPLEMENTARY INFORMATION:** Pursuant to the Commodity Promotion, Research, and Information Act of 1996 (Act) (7 U.S.C. 7411-7425), the Department of Agriculture conducted a referendum from January 31, 2005, through February 28, 2005, among eligible lamb producers, feeders, seedstock producers, and first handlers of lamb and lamb products to determine if the Order would continue to be effective. A final rule was published in the December 27, 2004, **Federal Register** (69 FR 22570) outlining the procedures for conducting the referendum.

Of the 3,490 valid ballots cast, 2,807 (80 percent) favored and 683 (20

percent) opposed the continuation of the Order. Additionally, of those persons who cast valid ballots in the referendum, those who favored the Order accounted for 84 percent of the total production voted, and those opposed account for 16 percent of the total production voted. For the program to continue, it must have been approved by at least a majority of those persons voting for approval who were engaged in the production, feeding, or slaughter of lambs during calendar year 2004 and

who also represent a majority of the volume of lambs produced, fed, or slaughtered.

Therefore, based on the referendum results, the Secretary of Agriculture has determined that the required majority of eligible voters who voted in the nationwide referendum from January 31, 2005, through February 29, 2005, voted to continue the Order. As a result, the Lamb Checkoff Program will continue to be funded by a mandatory assessment on producers, seedstock

producers (breeders), feeders, and exporters at the rate of one-half cent (\$.005) per pound when live ovine animals are sold. The first handler, primarily packers, will pay an additional \$.30 cents per head on ovine animals purchased for slaughter. Importers are not assessed.

In accordance with Paperwork Reduction Act (44 U.S.C. Chapter 35), the information collection requirements have been approved under OMB number 0581-0227.
