ACYF may elect not to fund any applicants having known management, fiscal, reporting, programmatic, or other problems which make it unlikely that they would be able to provide effective services or effectively complete the proposed activity.

With the results of the peer review and the information from Federal staff, the Commissioner of ACYF makes the final funding decisions. The Commissioner may give special consideration to applications proposing services of special interest to the Government and to achieve geographic distributions of grant awards. Applications of special interest may include, but are not limited to, applications focusing on unserved or inadequately served clients or service areas and programs addressing diverse ethnic populations.

In this case, ACF has the option of carrying over the approved applications up to a year for funding consideration in a later competition of the same program. These applications need not be reviewed and scored again if the program's evaluation criteria have not changed. However, they must then be placed in rank order along with other applications in later competition.

Administration on Children, Youth and Families

Funding Opportunity Title: FY2005 Discretionary Grants for the Family Violence Prevention and Services Program; Specialized Outreach Demo.; Domestic Violence/Runaway and Homeless Youth Collaboration on the Prevention of Adolescent Dating Violence; and, Minority Training Grant Stipends in Domestic Violence for Historically Black, Hispanic-Serving and Tribal Colleges and Universities.

Announcement Type: Initial.

Funding Opportunity Number: HHS-2005-ACF-ACYF-EV-0077.

CFDA Number: 93.592.

Due Date for Applications: Application is due July 5, 2005.

Executive Summary: Specialized Outreach Demonstration Projects for Services to Underserved and Diverse Populations: In order to further the commitment to bring diverse voices and approaches to the discussions on the elimination of domestic violence, the Administration on Children, Youth and Families announces grant funds to support projects that convene researchers, activists, survivors of domestic violence, and practitioners who have been advocates of a more culturally appropriate and familial orientation to the elimination of domestic violence.

The Administration on Children, Youth and Families seeks to support coordinated outreach efforts to underserved and diverse communities, of which each effort is staffed and/or supported by expert and multi-disciplined teams that are culturally responsive and competent in regard to the issue of domestic violence in their particular communities.

On a nationwide basis the expertise assembled within the Special Outreach projects will offer assistance on resource accumulation and information, capacity building within community organizations, policy analysis and review, training, and technical assistance for public and private organizations providing service in the domestic violence community. This assistance will be available to the entire domestic violence community as well as the specific communities to be served by these demonstration projects.

Domestic Violence/Runaway and Homeless Youth Collaborations on the Prevention of Adolescent Dating Violence: The collaboration of the Runaway Youth and Domestic Violence communities will foster the development and implementation of effective strategies and program requirements for the use of domestic violence prevention services concurrently with services provided through Basic Center, Transitional Living and Street Outreach Projects. These collaborations will help to eliminate adolescent dating violence.

These collaborative efforts will focus on the youth who are identified within the domestic violence and runaway and homeless youth communities as individuals that may be responsive to a collaborative set of interventions that are useful as effective prevention and intervention strategies.

Minority Training Grant Stipends in Domestic Violence for Historically Black, Hispanic-Serving, and Tribal Colleges and Universities: The Minority Training Grant Stipends to Historically Black, Hispanic Serving, and Tribal Colleges and Universities will assist in generating skill-building and training opportunities in domestic violence prevention and services. These projects will be particularly responsive to issues of cultural content and designed to increase the extent to which minority groups participate in the domestic violence service community.

A substantial proportion of the domestic violence that occurs in the general population involves underserved populations, including populations that are underserved because of ethnic, racial, cultural, language diversity or geographic

isolation. The purpose of this effort and priority area is to increase the numbers and the capacity of the advocates and allies to do the work that is needed in these communities to prevent domestic violence.

On a nationwide basis the expertise assembled within the Special Outreach projects will offer assistance on resource accumulation and information, capacity building within community organizations, policy analysis and review, training, and technical assistance for public and private organizations providing service in the domestic violence community. II. Award Information

Funding Instrument Type: Cooperative Agreement.

Federal Substantial Involvement with Cooperative Agreement: The ACYF intends to support the Special Outreach Demonstrations through Cooperative Agreement Awards. A cooperative agreement is an award instrument of financial assistance when substantial involvement is anticipated between the awarding office and the recipient during performance of the contemplated project.

The ACYF will outline a plan of action with the grantee for implementation under the cooperative agreement. The ACYF anticipates collaboration that facilitates outreach activities with local and non-profit community organizations. Assistance by ACYF will also be characterized by assuring that information on community based resources and activities are available to the grantee. The ACYF, in support of the Special Outreach Demonstration grantees, will sponsor a peer-to-peer information exchange workshop to facilitate and identify technical assistance issues and related information requirements of the grantee.

The respective responsibilities of the ACYF and the successful applicant will be identified and incorporated in to the agreement during the pre-award negotiations. It is anticipated that the cooperative agreement will not change the project requirements for the grantee in this announcement. The plan under the cooperative agreement will prescribe the general and specific responsibilities of the grantee as well as the grantor as well as foreseeable joint responsibilities. A schedule of tasks will be developed and agreed upon in addition to any special conditions relating to the implementation of the project.

4. Intergovernmental Review

State Single Point of Contact (SPOC)

This program is covered under Executive Order 12372, "Intergovernmental Review of Federal Programs," and 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." Under the Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs.

As of October 1, 2004, the following jurisdictions have elected to participate in the Executive Order process: Arkansas, California, Delaware, District of Columbia, Florida, Georgia, Illinois, Iowa, Kentucky, Maine, Maryland, Michigan, Mississippi, Missouri, Nevada, New Hampshire, New Mexico, New York, North Dakota, Rhode Island, South Carolina, Texas, Utah, West Virginia, Wisconsin, American Samoa, Guam, North Mariana Islands, Puerto Rico, and Virgin Islands. As these jurisdictions have elected to participate

in the Executive Order process, they have established SPOCs. Applicants from participating jurisdictions should contact their SPOC, as soon as possible, to alert them of prospective applications and receive instructions. Applicants must submit all required materials, if any, to the SPOC and indicate the date of this submittal (or the date of contact if no submittal is required) on the Standard Form 424, item 16a. Under 45 CFR 100.8(a)(2).

A SPOC has 60 days from the application deadline to comment on proposed new or competing continuation awards. SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations. Additionally, SPOCs are requested to clearly differentiate between mere advisory comments and those official State process recommendations that may trigger the "accommodate or explain" rule.

When comments are submitted directly to ACF, they should be addressed to the U.S. Department of Health and Human Services,

Administration for Children and Families, Office of Grants Management, Division of Discretionary Grants, 370 L'Enfant Promenade SW., 4th floor, Washington, DC 20447.

Although the remaining jurisdictions have chosen not to participate in the process, entities that meet the eligibility requirements of the program are still eligible to apply for a grant even if a State, Territory, Commonwealth, etc. does not have a SPOC. Therefore, applicants from these jurisdictions, or for projects administered by federally recognized Indian Tribes, need take no action in regard to E.O. 12372.

The official list, including addresses, of the jurisdictions that have elected to participate in E.O. 12372 can be found on the following URL: <http://www.whitehouse.gov/omb/grants/spoc.html>.

5. Funding Restrictions

ACYF will not fund any project where the role of the applicant is to serve as a conduit for funds to organizations other than the applicant. The applicant

must have a substantive role in the implementation for the project for which the funding is requested. This prohibition does not bar the making of sub-grants or sub-contracting for specific services or activities needed to conduct the project.

6. Other Submission Requirements

V. Application Review Information

The Paperwork Reduction Act of 1995 (Pub. L. 104-13)

Public reporting burden for this collection of information is estimated to average 40 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed and reviewing the collection information.

The project description is approved under OMB control number 0970-0139, which expires 4/30/2007.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. Criteria

The following are instructions and guidelines on how to prepare the "project summary/abstract" and "full project description" sections of the application. Under the evaluation criteria section, note that each criterion is preceded by the generic evaluation requirement under the ACF Uniform Project Description (UPD).

Part I—The Project Description Overview

Purpose

The project description provides a major means by which an application is evaluated and ranked to compete with other applications for available assistance. The project description should be concise and complete and should address the activity for which Federal funds are being requested. Supporting documents should be included where they can present information clearly and succinctly. In preparing your project description, information responsive to each of the requested evaluation criteria must be provided. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

Project Summary/Abstract

Provide a summary of the project description (a page or less) with reference to the funding request.

Objectives and Need for Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance must be demonstrated and the principal and subordinate objectives of the project must be clearly stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as needed. In developing the project description, the applicant may volunteer or be requested to provide information on the total range of projects currently being conducted and supported (or to be initiated), some of which may be outside the scope of the program announcement.

Results or Benefits Expected

Identify the results and benefits to be derived. Identify the methodology, quantitative or qualitative, which will be used to determine the outcomes of the project.

Approach

Outline a plan of action that describes the scope and detail of how the proposed work will be accomplished. Account for all functions or activities

identified in the application. Cite factors that might accelerate or decelerate the work and state your reason for taking the proposed approach rather than others. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function or activity in such terms as the number of people to be served and the number of activities accomplished.

Organizational Profiles

Provide information on the applicant organization(s) and cooperating partners, such as organizational charts, financial statements, audit reports or statements from CPAs/Licensed Public Accountants, Employer Identification Numbers, names of bond carriers, contact persons and telephone numbers, child care licenses and other documentation of professional accreditation, information on compliance with Federal/State/local government standards, documentation of experience in the program area, and other pertinent information. If the applicant is a non-profit organization, submit proof of non-profit status in its application.

The non-profit agency can accomplish this by providing: (a) A reference to the applicant organization's listing in the Internal Revenue Service's (IRS) most recent list of tax-exempt organizations described in the IRS Code; (b) a copy of a currently valid IRS tax exemption certificate; (c) a statement from a State taxing body, State attorney general, or other appropriate State official certifying that the applicant organization has a non-profit status and that none of the net earnings accrue to any private shareholders or individuals; (d) a certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status; (e) any of the items immediately above for a State or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

Budget and Budget Justification

Provide a budget with line item detail and detailed calculations for each budget object class identified on the Budget Information form. Detailed calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail

sufficient for the calculation to be duplicated. Also include a breakout by the funding sources identified in Block 15 of the SF 424.

Provide a narrative budget justification that describes how the categorical costs are derived. Discuss the necessity, reasonableness, and allocability of the proposed costs.

Evaluation Criteria: The following evaluation criteria appear in weighted descending order. The corresponding score values indicate the relative importance that ACF places on each evaluation criterion; however, applicants need not develop their applications precisely according to the order presented. Application components may be organized such that a reviewer will be able to follow a seamless and logical flow of information (*i.e.*, from a broad overview of the project to more detailed information about how it will be conducted).

In considering how applicants will carry out the responsibilities addressed under this announcement, competing applications for financial assistance will be reviewed and evaluated against the following criteria:

Approach (30 Points)

The extent to which the application outlines a sound and workable plan of action pertaining to the scope of the project, and details how the proposed work will be accomplished; relates each task to the objectives and identifies the key staff member who will be the lead person; provides a chart indicating the timetable for completing each task, the lead person, and the time committed; cites factors that might accelerate or decelerate the work, giving acceptable reasons for taking this approach as opposed to others; describes and supports any unusual features of the project, such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement; and provides for projections of the accomplishments to be achieved. The extent to which the application describes the evaluation methodology that will be used to determine if the needs identified and discussed are being met and if the results and benefits identified are being achieved.

Results or Benefits Expected (20 Points)

The extent to which the application identifies the results and benefits to be derived, the extent to which they are consistent with the objectives of the applications, the extent to which the application indicates the anticipated contributions to policy, practice, and theory, and the extent to which the

proposed project costs are reasonable in view of the expected results. Identify, in specific terms, the results and benefits, for target groups and human service providers, to be derived from implementing the proposed project.

Objectives and Need for Assistance (20 Points)

The extent to which the need for the project and the problems it will address have national and local significance; the applicability of the project to coordination efforts by national, Tribal, State and local governmental and non-profit agencies, and its ultimate impact on domestic violence prevention services and intervention efforts, policies and practice; the relevance of other documentation as it relates to the applicant's knowledge of the need for the project; and the identification of the specific topic or area to be served by the project. Maps and other graphic aids may be attached.

The extent to which, when applicable, the application describes the evaluation methodology that will be used to determine if the needs identified and discussed are being met and if the results and benefits identified are being achieved.

Budget and Budget Justification (15 Points)

Relate the proposed budget to the level of effort required to obtain the project's objectives and provide a cost/benefit analysis. Demonstrate that the project's costs are reasonable in view of the anticipated results. Applications will be evaluated on the extent to which they include a budget that is concise and provides a detailed justification of the amount of Federal funds that are requested.

Organizational Profiles (15 Points)

The extent to which the participating organizations and entities have discussed, through letters and other documentation, the proposed collaboration and cooperation. Assess the extent to which the financial and physical resources provided by the participating entities will be adequate and to what extent will the coordinating organizations participate in the day to day operations of the project.

2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application.

Approved but Unfunded Applications

In cases where more applications are approved for funding than ACF can fund with the money available, the

Grants Officer shall fund applications in their order of approval until funds run out. In this case, ACF has the option of carrying over the approved applications up to a year for funding consideration in a later competition of the same program. These applications need not be reviewed and scored again if the program's evaluation criteria have not changed. However, they must then be placed in rank order along with other applications in later competition.

Since ACF will be using non-Federal reviewers in the process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget and Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information.

VI. Award Administration Information

1. Award Notices

The successful applicants will be notified through the issuance of a Financial Assistance Award document, which sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, and the total project period for which support is contemplated. The Financial Assistance Award will be signed by the Grants Officer and transmitted via postal mail. Organizations whose applications will not be funded will be notified in writing.

Priority Area 2

I. Domestic Violence/Runaway and Homeless Youth Collaboration on the Prevention of Adolescent Dating Violence

1. Description

This announcement would offer the applicant organization, through a letter of agreement, the opportunity to design, develop, and collaborate in a service intersection area that has languished from the lack of concentrated attention. The approaches to the needs of this intersection are many and varied, for example: collaborative efforts that may accommodate informational needs; the development of training materials and curricula to be used in a learning environment; the collection of mutually useful data that may lead to more intensive service approaches; and the development of protocols for effective strategies of prevention/intervention

that may lead to an improved pattern of service delivery.

Adolescent dating violence exhibits similar characteristics as adult violence in terms of its being a continuing and escalating form of abuse. As such, these behaviors range from verbal abuse to physical and sexual assaults. The cycle of abuse is also displayed in these early relationships as the violence may escalate over time. Moreover, a high percentage of disconnected youth come from homes where domestic violence occurs while 40 to 60 percent of men in court ordered treatment for domestic violence have witnessed it as a child. It also is recognized, however, that perpetrators of adolescent dating violence can be either male or female. As teenagers lack the experience of intimate relationships, the abuse they may be experiencing may be interpreted as jealousy of their partner's commitment to them. There is a need to raise the awareness of adolescent dating violence and send the message that it is not wrong or "uncool" to talk about or report the violence in a relationship. To encourage healthy relationships we need to promote programs to reduce adolescent violence through community awareness activities, education and prevention programs, and information and supportive opportunities.

Minimum Requirements

Applicants must submit a signed interagency agreement between the organization representing the interest of Runaway and Homeless Youth (RHY) programs and the organization or coalition representing the domestic violence advocacy interests.

The agreement that is submitted will specifically indicate the roles and responsibilities that each agency and participating organizations will have in the planning and implementation of the proposed project. Moreover, the agreement will indicate the collaborative commitment to cultural sensitivity in the proposed project.

Applicants may propose to do one or more of the following, or may propose other related project activities that maintain the focus of the priority area:

- Plan and implement cross-training activities between domestic violence service providers and advocates, youth workers, supervisors, and other social service providers on the relationships of adolescent dating violence and disconnected youth;
- Develop and implement model intervention responses of youth workers to identified adolescent dating violence;
- Support the development and adoption of model collaborative

protocols for domestic violence service providers and youth workers; and

- The compilation of service data correlating adolescent dating violence with youth who are serviced through Basic Center, Transitional Living Programs, and Street Outreach projects.

Total funds available for the first 12 months of the project are subject to the availability of funds.

All applicants must have a Dun & Bradstreet number. On June 27, 2003 the

Office of Management and Budget published in the **Federal Register** a new Federal policy applicable to all Federal grant applicants. The DUNS number will be required whether an applicant is submitting a paper application or using the government-wide electronic portal (www.Grants.gov). A DUNS number will be required for every application for a new award or renewal/continuation of an award, including applications or plans under formula, entitlement and block grant programs, submitted on or after October 1, 2003. Please ensure that your organization has a DUNS number. You may acquire a DUNS number at no cost by calling the dedicated toll-free DUNS number request line on 1-866-705-5711 or you may request a number on-line at <http://www.dnb.com>.

4. Intergovernmental Review

State Single Point of Contact (SPOC)

This program is covered under Executive Order 12372, "Intergovernmental Review of Federal Programs," and 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." Under the Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs.

As of October 1, 2004, the following jurisdictions have elected to participate in the Executive Order process: Arkansas, California, Delaware, District of Columbia, Florida, Georgia, Illinois, Iowa, Kentucky, Maine, Maryland, Michigan, Mississippi, Missouri, Nevada, New Hampshire, New Mexico, New York, North Dakota, Rhode Island, South Carolina, Texas, Utah, West Virginia, Wisconsin, American Samoa, Guam, North Mariana Islands, Puerto Rico, and Virgin Islands. As these jurisdictions have elected to participate in the Executive Order process, they have established SPOCs. Applicants from participating jurisdictions should contact their SPOC, as soon as possible, to alert them of prospective applications and receive instructions. Applicants must submit all required materials, if any, to the SPOC and indicate the date of this submittal (or the date of contact if no submittal is required) on the Standard Form 424, item 16a. Under 45 CFR 100.8(a)(2).

A SPOC has 60 days from the application deadline to comment on proposed new or competing continuation awards. SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations. Additionally, SPOCs are requested to clearly differentiate between mere advisory comments and those official State process recommendations that may trigger the "accommodate or explain" rule.

When comments are submitted directly to ACF, they should be addressed to the U.S. Department of Health and Human Services, Administration for Children and Families, Office of Grants Management, Division of Discretionary Grants, 370 L'Enfant Promenade SW., 4th floor, Washington, DC 20447.

Although the remaining jurisdictions have chosen not to participate in the

process, entities that meet the eligibility requirements of the program are still eligible to apply for a grant even if a State, Territory, Commonwealth, etc. does not have a SPOC. Therefore, applicants from these jurisdictions, or for projects administered by federally recognized Indian Tribes, need take no action in regard to E.O. 12372.

The official list, including addresses, of the jurisdictions that have elected to participate in E.O. 12372 can be found on the following URL: <http://www.whitehouse.gov/omb/grants/spoc.html>.

V. Application Review Information

The Paperwork Reduction Act of 1995 (Pub. L. 104-13)

Public reporting burden for this collection of information is estimated to average 40 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed and reviewing the collection information.

The project description is approved under OMB control number 0970-0139, which expires 4/30/2007.

An agency may not conduct or sponsor, and a person is not required to

respond to, a collection of information unless it displays a currently valid OMB control number.

1. Criteria

The following are instructions and guidelines on how to prepare the "project summary/abstract" and "full project description" sections of the application. Under the evaluation criteria section, note that each criterion is preceded by the generic evaluation requirement under the ACF Uniform Project Description (UPD).

PART I—THE PROJECT DESCRIPTION OVERVIEW

Purpose

The project description provides a major means by which an application is evaluated and ranked to compete with other applications for available assistance. The project description should be concise and complete and should address the activity for which Federal funds are being requested. Supporting documents should be included where they can present information clearly and succinctly. In preparing your project description, information responsive to each of the requested evaluation criteria must be provided. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

Project Summary/Abstract

Provide a summary of the project description (a page or less) with reference to the funding request.

Objectives and Need for Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution in a quantifiable manner. The need for assistance must be demonstrated and the principal and subordinate objectives of the project must be clearly stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/

beneficiary information, as needed. In developing the project description, the applicant may volunteer or be requested to provide information on the total range of projects currently being conducted and supported (or to be initiated), some of which may be outside the scope of the program announcement.

Results or Benefits Expected

Identify the results and benefits to be derived. Identify the methodology, quantitative or qualitative, which will be used to determine the outcome of the project.

Approach

Outline a plan of action that describes the scope and detail of how the proposed work will be accomplished. Account for all functions or activities identified in the application. Cite factors that might accelerate or decelerate the work and state your reason for taking the proposed approach rather than others. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement. Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function or activity in such terms as the number of people to be served and the number of activities accomplished.

Organizational Profiles

Provide information on the applicant organization(s) and cooperating partners, such as organizational charts, financial statements, audit reports or statements from CPAs/Licensed Public Accountants, Employer Identification Numbers, names of bond carriers, contact persons and telephone numbers, child care licenses and other documentation of professional accreditation, information on compliance with Federal/State/local government standards, documentation of experience in the program area, and other pertinent information. If the applicant is a non-profit organization, submit proof of non-profit status in its application.

The non-profit agency can accomplish this by providing: (a) A reference to the applicant organization's listing in the Internal Revenue Service's (IRS) most recent list of tax-exempt organizations described in the IRS Code; (b) a copy of a currently valid IRS tax exemption certificate, (c) a statement from a State taxing body, State attorney general, or other appropriate State official certifying that the applicant organization has a non-profit status and

that none of the net earnings accrue to any private shareholders or individuals; (d) a certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status, (e) any of the items immediately above for a State or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

Budget and Budget Justification

Provide a budget with line item detail and detailed calculations for each budget object class identified on the Budget Information form. Detailed calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. Also include a breakout by the funding sources identified in Block 15 of the SF 424.

Provide a narrative budget justification that describes how the categorical costs are derived. Discuss the necessity, reasonableness, and allocability of the proposed costs.

Evaluation Criteria: The following evaluation criteria appear in weighted descending order. The corresponding score values indicate the relative importance that ACF places on each evaluation criterion; however, applicants need not develop their applications precisely according to the order presented. Application components may be organized such that a reviewer will be able to follow a seamless and logical flow of information (i.e., from a broad overview of the project to more detailed information about how it will be conducted).

In considering how applicants will carry out the responsibilities addressed under this announcement, competing applications for financial assistance will be reviewed and evaluated against the following criteria:

Approach (30 Points)

The extent to which the application outlines a sound and workable plan of action pertaining to the scope of the project, and details how the proposed work will be accomplished; relates each task to the objectives and identifies the key staff member who will be the lead person; provides a chart indicating the timetable for completing each task, the lead person, and the time committed; cites factors that might accelerate or decelerate the work, giving acceptable reasons for taking this approach as opposed to others; describes and supports any unusual features of the project, such as design or technological

innovations, reductions in cost or time, or extraordinary social and community involvement; and provides for projections of the accomplishments to be achieved. The extent to which the application describes the evaluation methodology that will be used to determine if the needs identified and discussed are being met and if the results and benefits identified are being achieved.

Results or Benefits Expected (20 Points)

The extent to which the application identifies the results and benefits to be derived, the extent to which they are consistent with the objectives of the applications, the extent to which the application indicates the anticipated contributions to policy, practice, and theory, and the extent to which the proposed project costs are reasonable in view of the expected results. Assess the extent to which the financial and physical resources provided by the participating entities will be adequate and to what extent will the coordinating organizations participate in the day to day operations of the project.

2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application.

Approved But Unfunded Applications

In cases where more applications are approved for funding than ACF can fund with the money available, the Grants Officer shall fund applications in their order of approval until funds run out. In this case, ACF has the option of carrying over the approved applications up to a year for funding consideration in a later competition of the same program. These applications need not be reviewed and scored again if the program's evaluation criteria have not changed. However, they must then be placed in rank order along with other applications in later competition.

Since ACF will be using non-Federal reviewers in the process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget and Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information.

VI. Award Administration Information

1. Award Notices

The successful applicants will be notified through the issuance of a Financial Assistance Award document which sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, and the total project period for which support is contemplated. The Financial Assistance Award will be signed by the Grants Officer and transmitted via postal mail.

Priority Area 3

I. Minority Training Grant Stipends in Domestic Violence for Historically Black, Hispanic-Serving, and Tribal Colleges and Universities

1. Description

The Minority Training Grant Stipends to Historically Black, Hispanic Serving, and Tribal Colleges and Universities

will assist in generating skill-building and training opportunities in domestic violence prevention and services. The skill-building and training opportunities will be provided through field placements of the participating students. The field placements will occur in local domestic violence programs that may provide residential and non-residential services. These projects will be particularly responsive to issues of cultural content and designed to increase the extent to which minority groups participate in the domestic violence service community.

A substantial proportion of the of the domestic violence that occurs in the general population involves underserved populations, including populations that are underserved because of ethnic, racial, cultural, language diversity or geographic isolation. The purpose of this effort and priority area is to increase the numbers and the capacity of the advocates and allies to do the work that is needed in these communities to prevent domestic violence.

There are three Executive orders that support the provision of training grants to the educational institutions targeted in this priority area:

- Executive Order 13021 of October 19, 1969, Tribal Colleges and Universities;
- Executive Order 12900 of December 5, 1994, Educational Excellence for Hispanic Americans; and
- Executive Order 12876 of November 1, 1993, Historically Black Colleges and Universities.

Executive Order 13021 reaffirms the special relationship of the Federal Government to the American Indians and identifies several purposes that support access to opportunities and resources, and that support educational opportunities of economically disadvantaged students; Executive Order 12900 requires the provision of quality education and increased opportunities for Hispanic Americans; and Executive Order 12876 requires strengthening the capacity of Historical Black Colleges and Universities to provide quality education and increased opportunities to participate in and benefit from Federal programs.

This priority area is intended to provide support for graduate and undergraduate students who show promise and demonstrate serious interest and commitment to domestic violence in underserved populations. Historically Black, Hispanic, and American Indian colleges and universities will be given consideration in order to generate skill building and training opportunities particularly

responsive to issues of cultural content. This area also will support the growth of college and university-based practice knowledge about domestic violence and encourage social work students to pursue careers that will address these experiences and underscore the need for new social workers; and ultimately the identification of the potential for different approaches to prevention, identification of, and the treatment efforts for domestic violence in underserved populations.

Minimum Requirements

A field placement should provide stipends for individuals pursuing degrees in social work with a special interest in domestic violence. The stipend should provide one-year undergraduate or graduate support for skill-building and training for students interested in treatment and services to underserved racial and ethnic minority populations. Stipends should not exceed a 12-month period. All field placements will be at a minimum of 400 hours for a one-year period.

Placements must provide a structured learning environment enabling students to compare field experiences, integrate knowledge from the classroom, and expand knowledge beyond the scope of the practicum setting. (Baccalaureate and Master's Program Evaluative Standards, Interpretive Guidelines, Curriculum Policy Statement, and the Accreditation Standards and Self-Study Guides).

Proposals must include content about the differential assessment and intervention skills that will enable the practitioners to serve diverse populations. Placements should focus on the following general and specific areas: Information on domestic violence services in the community; interventions with shelters; batterers' groups and other treatment services; medical services to families experiencing domestic violence; legal advocacy; TANF relationships; crisis intervention services; community service centers; faith community interaction; and the families of prisoners.

Faculty must indicate the use of professional supervision, coordinate and monitor the practicum placements.

Proposals must define the social work setting and practice, field instructor assignments and activities, and student learning expectations and responsibilities. Clear practice and evaluation goals for the field practicum must be articulated including an orientation plan for the student to the practicum policy and agency's policy.

4. Intergovernmental Review

State Single Point of Contact (SPOC)

This program is covered under Executive Order 12372, "Intergovernmental Review of Federal Programs," and 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." Under the Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs.

As of October 1, 2004, the following jurisdictions have elected to participate in the Executive Order process: Arkansas, California, Delaware, District of Columbia, Florida, Georgia, Illinois, Iowa, Kentucky, Maine, Maryland, Michigan, Mississippi, Missouri, Nevada, New Hampshire, New Mexico, New York, North Dakota, Rhode Island, South Carolina, Texas, Utah, West Virginia, Wisconsin, American Samoa, Guam, North Mariana Islands, Puerto Rico, and Virgin Islands. As these jurisdictions have elected to participate in the Executive Order process, they have established SPOCs. Applicants from participating jurisdictions should contact their SPOC, as soon as possible, to alert them of prospective applications and receive instructions. Applicants must submit all required materials, if any, to the SPOC and indicate the date of this submittal (or the date of contact if no submittal is required) on the Standard Form 424, item 16a. Under 45 CFR 100.8(a)(2).

A SPOC has 60 days from the application deadline to comment on proposed new or competing continuation awards. SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations. Additionally, SPOCs are requested to clearly differentiate between mere advisory comments and those official State process recommendations which may trigger the "accommodate or explain" rule.

When comments are submitted directly to ACF, they should be addressed to the U.S. Department of Health and Human Services, Administration for Children and Families, Office of Grants Management, Division of Discretionary Grants, 370 L'Enfant Promenade SW., 4th floor, Washington, DC 20447.

Although the remaining jurisdictions have chosen not to participate in the process, entities that meet the eligibility requirements of the program are still eligible to apply for a grant even if a State, Territory, Commonwealth, etc. does not have a SPOC. Therefore, applicants from these jurisdictions, or for projects administered by federally-recognized Indian Tribes, need take no action in regard to E.O. 12372.

The official list, including addresses, of the jurisdictions that have elected to participate in E.O. 12372 can be found on the following URL: <http://www.whitehouse.gov/omb/grants/spoc.html>.

5. Funding Restrictions

ACYF will not fund any project where the role of the application is to serve as a conduit for funds to organizations other than the applicant. The applicant must have a substantive role in the implementation of the project for which the funding is requested. This prohibition does not bar the making of subgrants or subcontracting for specific services or activities needed to conduct the project.

6. Other Submission Requirements

Submission by Mail: An applicant must provide an original application with all attachments, signed by an authorized representative and two copies. Please see Section IV.3 for an explanation of due dates. Applications should be mailed to: c/o Dixon Group, Attention: FV-FYSB Funding, 118 Q Street, NE., Washington, DC 20002-2132.

Hand Delivery: An applicant must provide an original application with all attachments signed by an authorized representative and two copies. The application must be received at the address below by 4:30 p.m. eastern time on or before the closing date. Applications that are hand delivered will be accepted between the hours of 8 a.m. to 4:30 p.m. eastern time, Monday through Friday. Applications should be delivered to:

Electronic Submission: <http://www.Grants.gov>. Please see Section IV.2 for guidelines and requirements when submitting applications electronically.

V. Application Review Information

The Paperwork Reduction Act of 1995 (Pub. L. 104-13)

Public reporting burden for this collection of information is estimated to average 40 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed and reviewing the collection information.

The project description is approved under OMB control number 0970-0139 which expires 4/30/2007.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. Criteria

The following are instructions and guidelines on how to prepare the "project summary/abstract" and "full project description" sections of the application. Under the evaluation criteria section, note that each criterion is preceded by the generic evaluation requirement under the ACF Uniform Project Description (UPD).

Part I—The Project Description Overview

Purpose

The project description provides a major means by which an application is evaluated and ranked to compete with other applications for available assistance. The project description should be concise and complete and should address the activity for which Federal funds are being requested. Supporting documents should be included where they can present information clearly and succinctly. In preparing your project description, information responsive to each of the requested evaluation criteria must be provided. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

Project Summary/Abstract

Provide a summary of the project description (a page or less) with reference to the funding request.

Objectives and Need for Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution in a quantifiable manner. The need for assistance must be demonstrated and the principal and subordinate objectives of the project

must be clearly stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as needed. In developing the project description, the applicant may volunteer or be requested to provide information on the total range of projects currently being conducted and supported (or to be initiated), some of which may be outside the scope of the program announcement.

Results or Benefits Expected

Identify the results and benefits to be derived. Identify the methodology, quantitative or qualitative, which will be used to determine the outcomes of the project.

Approach

Outline a plan of action that describes the scope and detail of how the proposed work will be accomplished. Account for all functions or activities identified in the application. Cite factors that might accelerate or decelerate the work and state your reason for taking the proposed approach rather than others. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function or activity in such terms as the number of people to be served and the number of activities accomplished.

Organizational Profiles

Provide information on the applicant organization(s) and cooperating partners, such as organizational charts, financial statements, audit reports or statements from CPAs/Licensed Public Accountants, Employer Identification Numbers, names of bond carriers, contact persons and telephone numbers, child care licenses and other documentation of professional accreditation, information on compliance with Federal/State/local government standards, documentation of experience in the program area, and other pertinent information. If the applicant is a non-profit organization, submit proof of non-profit status in its application.

The non-profit agency can accomplish this by providing: (a) A reference to the

applicant organization's listing in the Internal Revenue Service's (IRS) most recent list of tax-exempt organizations described in the IRS Code; (b) a copy of a currently valid IRS tax exemption certificate, (c) a statement from a State taxing body, State attorney general, or other appropriate State official certifying that the applicant organization has a non-profit status and that none of the net earnings accrue to any private shareholders or individuals; (d) a certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status, (e) any of the items immediately above for a State or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

Budget and Budget Justification

Provide a budget with line item detail and detailed calculations for each budget object class identified on the Budget Information form. Detailed calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. Also include a breakout by the funding sources identified in Block 15 of the SF-424.

Provide a narrative budget justification that describes how the categorical costs are derived. Discuss the necessity, reasonableness, and allocability of the proposed costs.

Evaluation Criteria

The following evaluation criteria appear in weighted descending order. The corresponding score values indicate the relative importance that ACF places on each evaluation criterion; however, applicants need not develop their applications precisely according to the order presented. Application components may be organized such that a reviewer will be able to follow a seamless and logical flow of information (*i.e.*, from a broad overview of the project to more detailed information about how it will be conducted).

In considering how applicants will carry out the responsibilities addressed under this announcement, competing applications for financial assistance will be reviewed and evaluated against the following criteria:

Approach (30 points)

The extent to which the application outlines a sound and workable plan of action pertaining to the scope of the project, and details how the proposed work will be accomplished; relates each

task to the objectives and identifies the key staff member who will be the lead person; provides a chart indicating the timetable for completing each task, the lead person, and the time committed; cites factors which might accelerate or decelerate the work, giving acceptable reasons for taking this approach as opposed to others; describes and supports any unusual features of the project, such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement; and provides for projections of the accomplishments to be achieved. The extent to which, as applicable, the application describes the evaluation methodology that will be used to determine if the needs identified and discussed are being met and if the results and benefits identified are being achieved.

Results or Benefits Expected (20 points)

The extent to which the application identifies the results and benefits to be derived, the extent to which they are consistent with the objectives of the applications, the extent to which the application indicates the anticipated contributions to policy, practice, and theory, and the extent to which the proposed project costs are reasonable in view of the expected results. Identify, in specific terms, the results and benefits, for target groups and human service providers, to be derived from implementing the proposed project.

Objectives and Need for Assistance (20 points)

The extent to which the need for the project and the problems it will address have national and local significance; the applicability of the project to coordination efforts by national, Tribal, State and local governmental and non-profit agencies, and its ultimate impact on domestic violence prevention services and intervention efforts, policies and practice; the relevance of other documentation as it relates to the applicant's knowledge of the need for the project; and the identification of the specific topic or area to be served by the project. Maps and other graphic aids may be attached. The extent to which, when applicable, the application describes the evaluation methodology that will be used to determine if the needs identified and discussed are being met and if the results and benefits identified are being achieved.

Budget and Budget Justification (15 Points)

Relate the proposed budget to the level of effort required to obtain the project's objectives and provide a cost/

benefit analysis. Demonstrate that the project's costs are reasonable in view of the anticipated results. Applications will be evaluated on the extent to which they include a budget that is concise and provides a detailed justification of the amount of Federal funds that are requested.

Organizational Profiles (15 Points)

Describe the staffing/faculty pattern for the proposed project, clearly linking responsibilities to project task and specifying the roles and contributions of key associated staff. Describe the qualifications of the project team including their experiences working on similar projects in an institutional setting and providing assistance and guidance to participating students. Also describe the relevant educational background and the demonstrated ability to produce results in the project that have potential for replication and are usable. One or two pertinent paragraphs on each key member of the project team are preferred to resumes.

2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application.

Approved But Unfunded Applications

In cases where more applications are approved for funding than ACF can fund with the money available, the Grants Officer shall fund applications in their order of approval until funds run out. In this case, ACF has the option of carrying over the approved applications up to a year for funding consideration in a later competition of the same program. These applications need not be reviewed and scored again if the program's evaluation criteria have not changed. However, they must then be placed in rank order along with other applications in later competition.

Since ACF will be using non-Federal reviewers in the process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget and Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information.

VI. Award Administration Information

1. Award Notices

The successful applicants will be notified through the issuance of a Financial Assistance Award document which sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support

will be given, and the total project period for which support is contemplated. The Financial Assistance Award will be signed by the Grants Officer and transmitted via postal mail.

Office of Refugee Resettlement; Discretionary Funds for Refugee Microenterprise Development Projects

Announcement Type: Initial.

Funding Opportunity Number: HHS-2005-ACF-ORR-RG-0094.

CFDA Number: 93.576.

Due Date for Applications:

Application is due July 5, 2005.

Executive Summary: The Office of Refugee Resettlement (ORR) has supported the field of microenterprise development since 1991 with discretionary grants to various State governments, community economic development agencies, community action and other human service agencies, local mutual assistance associations, and voluntary agencies. Organizations with successful programs have typically been those with a long-term commitment to microenterprise, particularly access to lending, and to its adaptation to the refugee experience. They have committed agency resources to support refugee programs; and their work in refugee microenterprise development has been consistent with the overall agency mission.

A public or private non-profit agency interested in receiving funding under this announcement must have the organizational capacity to work with refugees who have low incomes, limited English-language proficiency, and neither assets nor American business experience. Many newly arrived refugees do not qualify for commercial loans or for admission into mainstream microenterprise development programs for these reasons. Organizations that

cannot support in-house lending and essential loan-servicing responsibilities may experience difficulties in implementing a microenterprise project.

Refugees bring positive attributes to microenterprise development projects, including a diverse and rich array of business ideas, skills, experiences, and ambitions. These characteristics have been largely responsible for the success of the ORR program. During the last 14 years, refugees have started or expanded more than 1,800 micro-businesses (with a business survival rate of over 88 percent). ORR grantees have provided over \$4 million in financing to these entrepreneurs and clients have used these loans to leverage an additional \$4,500,000 in loans from other sources. The loan repayment rate is close to 100 percent. Additionally, 2,666 new jobs have been created. Over 10,500 refugees have gained new entrepreneurial skills and knowledge; and the additional business income is helping refugee families to achieve economic self-sufficiency. By commonly accepted measures of performance (business survival rates, loan default rates, etc.), the ORR-funded programs have excelled and frequently led the field in achievement.

Building on the experience of the last 14 years, ORR seeks in this announcement to continue support to this field, particularly on behalf of those refugees who, because of language and cultural barriers, are unlikely to gain access to commercial loans or business training through other programs. To be successful in this competition, refugee-serving organizations must demonstrate their organization's capacity to provide the technical expertise necessary to help refugees start, expand, or strengthen businesses, and to provide access to credit. Economic development agencies must show how they will modify their existing programs to serve refugees effectively.

The Office of Refugee Resettlement (ORR) invites eligible entities to submit competitive grant applications for microenterprise development projects for refugees.¹ Applications will be

I. Funding Opportunity Description

Legislative Authority: Section 412(c)(1)(A) of the Immigration and Nationality Act (INA)(8 U.S.C. 1522(c)(1)(A)) authorizes the Director "to make grants to, and enter into contracts with, public or private nonprofit agencies for projects specifically designed—(i) to assist refugees in obtaining the skills that are necessary for economic self-sufficiency, including projects for job training, employment services, day care, professional refresher training, and other recertification services; (ii) to provide training in English where necessary (regardless of whether the refugees are employed or receiving cash or other assistance); and (iii) to provide where specific needs have been shown and recognized by the Director, health (including mental health) services, social services, educational and other services".
