SUPPLEMENTARY INFORMATION: The above-mentioned patent applications describe the human protein Brother of Regulator of Imprinted Sites ("BORIS"), and a method of detecting cancer by monitoring BORIS expression or by detecting anti-BORIS antibodies. Dr. Victor V. Lobanenkov and colleagues at the National Institute of Allergy and Infectious Diseases discovered BORIS and its potential application as a cancer diagnostic. BORIS is a paralog of CCCTC-binding factor ("CTCF"), a transcription factor that also functions in chromatin insulation. The amino acid sequences of BORIS and CTCF contain eleven conserved zinc fingers each of which binds to DNA. BORIS protein can be detected in cancer cells, and importantly, it is one of a few cancer-testis antigens that are immunogenic in humans.

BORIS resides in 20q13.2, a region that is commonly amplified in many human cancers. Normally, BORIS mRNA can be detected in testis, but not in other human tissues. However, BORIS mRNA is detectable in over one hundred cancer cell lines representing most of the major forms of human tumors and is also detectable in primary breast cancer tumor samples, but not in controls. BORIS protein is mis-expressed in cancer cell lines, and antibodies against BORIS have been detected in serum from patients with gliomas, lung, breast, or prostate cancers but not in serum from controls.

The correlation between cancer and BORIS expression indicates that detection of aberrantly expressed BORIS and/or anti-BORIS antibodies could serve as a method of screening or diagnosing cancer. In patients already known to have cancer, expression of BORIS could be monitored to measure a patient's response to a particular therapeutic regimen.

INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 751-TA-28-29]

Certain Frozen Warmwater Shrimp and Prawns From India and Thailand

AGENCY: United States International Trade Commission.

ACTION: Institution and scheduling of review investigations concerning the Commission's affirmative determinations in investigations Nos. 731-TA-1066-1067 (Final), Certain frozen warmwater shrimp and prawns from India and Thailand.

SUMMARY: The Commission hereby gives notice that it has instituted investigations pursuant to section 751(b) of the Tariff Act of 1930 (19 U.S.C. 1675(b)) (the Act) to review its determinations in investigations Nos. 731-TA-1066-1067 (Final). The purpose of the investigations is to determine whether revocation of the antidumping duty orders on certain frozen warmwater shrimp and prawns from India and Thailand is likely to lead to continuation or recurrence of material injury to an industry in the United States. Certain frozen warmwater shrimp and prawns from India and Thailand are provided for in subheadings 0306.13.00 and 1605.20.10 Harmonized Tariff Schedule of the United States.

The public record for these investigations may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On December 17, 2004, the Department of Commerce determined that imports of certain frozen and canned warmwater shrimp and prawns from India and Thailand are being sold in the United States at less than fair value (LTFV) within the meaning of section 731 of the Act (19 U.S.C. 1673) (69 FR 76916, 76918, December 23, 2004); and on January 6, 2005 the Commission determined, pursuant to section 735(b)(1) of the Act (19 U.S.C. 1673d(b)(1)), that an industry in the United States was materially injured by reason of imports of such LTFV merchandise. Accordingly, Commerce ordered that antidumping duties be imposed on such imports (70 FR 5143, February 1, 2005).

On January 6, 2005, when the Commission conducted its vote in these investigations, it stated that it was concerned about the possible impact of the December 26, 2004, tsunami on the shrimp industries of India and Thailand. The tsunami occurred prior to the closing of the record in these investigations on December 27, 2004. At the time the record closed, however, factual information as to any impact of the tsunami on the ability of producers in India or Thailand to produce and export shrimp was not available. On February 8, 2005, the Commission published a **Federal Register** notice (70 FR 6728) inviting comments from the public on whether changed circumstances exist sufficient to warrant the institution of changed circumstances reviews of the Commission's affirmative determinations concerning certain frozen warmwater shrimp and prawns from India and Thailand.

The Commission received 23 submissions in response to its **Federal Register** notice soliciting comments. Commenters that supported institution of changed circumstances reviews include Seafood Exporters Association of India, the Ministry of Commerce and Industry of India, the Department of Foreign Trade of the Royal Thai

Government, Sen. John Ensign, and Rep. William M. Thomas. Commenters that opposed institution of a changed circumstances review are the Ad Hoc Shrimp Action Committee, Versaggi Shrimp Corp., and Indian Ridge Shrimp Co., who were petitioners in the original investigations, Sen. Trent Lott, Sen. Mary Landrieu, Sen. Jeff Sessions, Sen. Richard Shelby, Sen. David Vitter, Rep. Walter B. Jones, Rep. Charlie Melancon, the governors of Florida, Georgia, Louisiana, Mississippi, South Carolina, and Texas, and Joseph Francis, a commercial fisherman from Ruston, Washington. The Alabama House of Representatives submitted a resolution it passed opposing institution of a review. The U.S. Department of State submitted a factual report on the impact of the tsunami on the Thai shrimp industry.

On April 25, 2005, after reviewing the comments it received in response to that request, the Commission determined that it had received information which showed changed circumstances sufficient to warrant instituting review investigations and that there was good cause for instituting such review investigations within two years after publication of the orders.

The Commission has further determined, pursuant to section 201.4(b) of the Commission rules, that there is good and sufficient reason in these proceedings to waive the provisions of section 207.45(c) of the Commission rules stating that changed circumstances review investigations be completed within 120 days of publication of the notice of institution and, instead, has set a deadline for completion of these reviews of October 31, 2005.

Participation in the investigations and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in these investigations available to authorized applicants under

the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in these investigations will be placed in the nonpublic record on August 31, 2005, and a public version will be issued thereafter, pursuant to section 207.22 of the Commission's rules.

Hearing.—The Commission will hold a hearing in connection with these investigations beginning at 9:30 a.m. on September 14, 2005, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before September 8, 2005. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on September 12, 2005, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 days prior to the date of the hearing.

Written submissions.—Each party who is an interested party shall submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of section 207.23 of the Commission's rules; the deadline for filing is September 7, 2005. Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.25 of the Commission's rules. The deadline for filing posthearing briefs is September 21, 2005; witness testimony must be filed no later than three days before the hearing. In addition, any person who has not entered an appearance as a party to the investigations may submit a written statement of information pertinent to the subject of the investigations on or before September 21, 2005. On October 11, 2005, the

Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before October 14, 2005, but such final comments must not contain new factual information and must otherwise comply with section 207.30 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002).

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Authority: These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.45 of the Commission's rules.

By order of the Commission.

Issued: April 29, 2005.

Marilyn R. Abbott,

Secretary to the Commission.
