

*Year Patent Term and Provisional Applications*, 60 FR at 20199, 1174 *Off. Gaz. Pat. Office* at 18. The fee amount specified in 37 CFR 1.17(r) does not justify a continuation of the final action practice set forth in the Twenty-Year Term Final Rule because: (1) The fee amount at 37 CFR 1.17(r) is no longer equivalent to the fee required for filing an application (the filing, search, and examination fee); and (2) the applications still eligible for submissions under 37 CFR 1.129(a) tend to be more burdensome than the "usual" continuing application (*e.g.*, these applications tend to have more claims, have more continuity information, and have more related copending applications). Therefore, the fee amount specified in 37 CFR 1.17(r) is no longer a sufficient justification for treating the Office action following a submission under 37 CFR 1.129(a) as the equivalent to a first action in a continuing application.

**Paperwork Reduction Act:** This notice involves information collection requirements which are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). The collection of information involved in this notice has been reviewed and previously approved by OMB under OMB control number 0651-0031. The Office is not resubmitting any information collection package to OMB for its review and approval because the changes in this notice do not affect the information collection requirements associated with the information collection under OMB control number 0651-0031.

Notwithstanding any other provision of law, no person is required to respond to nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB control number.

Section 706.07(g) of the *Manual of Patent Examining Procedure* will be revised in due course to reflect this change in practice.
