BILLING CODE 6717-01-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[CGD 07-05-039]

RIN 1625-AA08

Special Local Regulations: Annual Suncoast Offshore Grand Prix; Gulf of Mexico, Sarasota, FL

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to amend the permanent special local regulations for the Suncoast Offshore Challenge and the Suncoast Offshore Grand Prix in the Gulf of Mexico near Sarasota, Florida. By existing permanent special local regulations, these two race events have nearly identical course and time characteristics, however one event is held annually on the first Saturday of July and the other event is held annually on the first Sunday of July. The sponsor has decided to combine the events into a single day, reduced the length of the racecourse, and modified the times of the event which would take place annually on the first Sunday of July between 10 a.m. and 5 p.m. (Eastern Daylight Time). These amended regulations are necessary to provide for the safety of life for the participating vessels, spectators, and mariners on the navigable waters of the United States during the event.

DATES: Comments and related material must reach the Coast Guard on or before June 6, 2005.

ADDRESSES: You may mail comments and related material to Coast Guard Marine Safety Office Tampa, 155 Columbia Drive, Tampa, Florida 33606-3598. The Waterways Management Division maintains the public docket for this rulemaking. Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at Coast Guard Marine Safety Office Tampa between 7:30 a.m. and 4

p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Junior Grade Jennifer Andrew at Coast Guard Marine Safety Office Tampa (813) 228-2191 Ext 8203.

SUPPLEMENTARY INFORMATION:

Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related material. If you do so, please include your name and address, identify the docket number for this rulemaking (CGD 07-05-039), indicate the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and related material in an unbound format, no larger than 8½ by 11 inches, suitable for copying. If you would like to know they reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change this proposed rule in view of them.

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for a meeting by writing to Coast Guard Marine Safety Office Tampa at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Background and Purpose

The Annual Suncoast Offshore Challenge and Annual Offshore Grand Prix in the Gulf of Mexico near Sarasota, Florida are governed by permanent regulations at 33 CFR § 100.719 and 33 CFR § 100.720, respectively, and are normally held on the first Saturday and Sunday of July between 10 a.m. and 4 p.m. Event coordinators have decided to combine the two events to take place annually on the first Sunday of July between 10 a.m. and 5 p.m. Event coordinators are also reducing the length of the racecourse which would allow for Big Sarasota Pass channel to remain open during the event.

Discussion of Proposed Rule

This proposed rule is necessary to accommodate the rescheduling of the Annual Suncoast Offshore Challenge onto the date of the Annual Suncoast Offshore Grand Prix race date and to modify the regulated area to account for changes in the length of the racecourse. The proposed rule would remove 33 CFR § 100.719, the existing permanent

regulation for the Annual Suncoast Offshore Challenge scheduled for the first Saturday in July. That event would be consolidated with 33 CFR § 100.720, the Annual Suncoast Offshore Grand Prix into a one-day race event to be held on the already established Grand Prix race day, annually on the first Sunday of July. The proposed termination time of 33 CFR § 100.720 would change from 4 p.m. to 5 p.m. Additionally, the Coordinates of the regulated area would be modified to reflect a reduced length in the racecourse and to open Big Sarasota Pass to vessel traffic which is normally blocked under the existing special local regulations.

Regulatory Evaluation

This proposed rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary. The proposed regulation would be in effect for a limited time and is located in an area where vessel traffic is limited.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities. This proposed rule may affect the following entities, some of which may be small entities: the owners and operators of vessels intending to transit near to shore at Lido Key in Sarasota, FL in the vicinity of Big Sarasota Pass and New Pass annually from 10 a.m. to 5 p.m. on the first Sunday in July. This proposed rule would not have a significant economic impact on a substantial number of small entities

since it will be in effect for a limited time in an area where vessel traffic is limited.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT**. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule would not effect a taking of private property or otherwise

have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are

technical standards (*e.g.*, specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this proposed rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(h), of the Instruction, from further environmental documentation. As a special local regulation issued in conjunction with a boat race, this proposed rule satisfies the requirements of paragraph (34)(h). Under figure 2–1, paragraph (34)(h), of the Instruction, an “Environmental Analysis Check List” and a “Categorical Exclusion Determination” are not required for this rule. Comments on this section will be considered before we make the final decision on whether to categorically exclude this rule from further environmental review.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233; Department of Homeland Security Delegation No. 0170.1.

§ 100.719 [Removed]

2. Remove § 100.719.

3. Revise § 100.720 to read as follows:

§ 100.720 Annual Suncoast Offshore Grand Prix; Gulf of Mexico, Sarasota, FL.

(a) *Regulated area.* The regulated area is established by a line drawn from the start position 27°18'22" N, 82°35'46" W thence to position 27°16'30" N, 82°35'17" W thence to position 27°16'30" N, 82°35'02" W thence to position 27°18'18" N, 82°34'45" W thence to position 27°18'53" N,

82°35'04" W thence to position 27°18'47" N, 82°35'39" W thence back to the start position. All coordinates referenced use datum: NAD 83.

(b) *Special local regulations.* (1) No anchoring will be permitted seaward of the shoreside boundaries of the regulated area out to three nautical miles from shore.

(2) Anchoring for spectators will be permitted shoreward of the shoreside boundaries of the regulated area.

(3) All vessel traffic not involved with the Suncoast Offshore Grand Prix, entering and exiting New Pass must exit at New Pass Channel daybeacon #3 (27°26'28" N, 82°41'42" W, LLNR 18100) and #4 (27°26'24" N, 82°41'41" W, LLNR 18105), and must proceed in a northerly direction shoreward of spectator craft, taking action to avoid a close-quarters situation until finally past and clear of the racecourse. All coordinates referenced use datum: NAD 83.

(4) All vessel traffic not involved with the Suncoast Offshore Grand Prix, entering and exiting Big Sarasota Pass Channel will be allowed to transit only within the marked channel at Big Sarasota Pass Channel, taking action to avoid a close-quarters situation until finally past and clear of the racecourse.

(5) Entry within the regulated area is prohibited for all non-participating vessels.

(c) *Enforcement Period.* This section will be enforced from 10 a.m. until 5 p.m. EDT, annually on the first Sunday of July.

Dated: April 19, 2005.

W. E. Justice,

*Captain, U.S. Coast Guard, Acting
Commander, Seventh Coast Guard District.*

BILLING CODE 4910-15-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[CGD05-05-033]

RIN 1625-AA87

Security Zone; Georgetown Channel, Potomac River, Washington, DC

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish a temporary security zone on the waters of the upper Potomac River. This action is necessary to provide for the security of a large number of visitors to the annual July 4th celebration on the

National Mall in Washington, DC. The security zone will allow for control of a designated area of the river and safeguard spectators and high-ranking officials.

DATES: Comments and related material must reach the Coast Guard on or before May 26, 2005.

ADDRESSES: You may mail comments and related material to Commander, Coast Guard Sector Baltimore, 2401 Hawkins Point Road, Building 70, Waterways Management Division, Baltimore, Maryland 21226-1791. Coast Guard Sector Baltimore, Waterways Management Division, maintains the public docket for this rulemaking. You may also submit comments electronically to rlhouck@actbalt.uscg.mil. Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at Coast Guard Sector Baltimore, Waterways Management Division, between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Mr. Ronald Houck, at Coast Guard Sector Baltimore, Waterways Management Division, at telephone number (410) 576-2674 or (410) 576-2693.

SUPPLEMENTARY INFORMATION:

Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related material. If you do so, please include your name and address, identify the docket number for this rulemaking (CGD05-05-033), indicate the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and related material in an unbound format, no larger than 8½ by 11 inches, suitable for copying. You may also submit comments electronically to rlhouck@actbalt.uscg.mil. If you would like to know that your submission reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change this proposed rule in view of them.

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for a meeting by writing to Coast Guard Sector Baltimore, Waterways Management Division, at the address under **ADDRESSES** explaining why one

would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a separate notice in the **Federal Register**.

Background and Purpose

The U.S. Maritime Administration (MARAD) in Advisory 02-07 advised U.S. shipping interests to maintain a heightened state of alert against possible terrorist attacks. MARAD more recently issued Advisory 03-06 informing operators of maritime interests of increased threat possibilities to vessels and facilities and a higher risk of terrorist attack to the transportation community in the United States. The ongoing hostilities in Afghanistan and Iraq have made it prudent for U.S. ports and waterways to be on a higher state of alert because the al Qaeda organization and other similar organizations have declared an ongoing intention to conduct armed attacks on U.S. interests worldwide.

Due to increased awareness that future terrorist attacks are possible, the Coast Guard as lead federal agency for maritime homeland security, has determined that the Captain of the Port Baltimore must have the means to be aware of, deter, detect, intercept, and respond to asymmetric threats, acts of aggression, and attacks by terrorists on the American homeland while still maintaining our freedoms and sustaining the flow of commerce. This security zone is part of a comprehensive port security regime designed to safeguard human life, vessels, and waterfront facilities against sabotage or terrorist attacks.

In this particular rulemaking, to address the aforementioned security concerns, and to take steps to prevent the catastrophic impact that a terrorist attack against a large number of spectators and high-ranking officials during the annual July 4th celebration would have on the public interest, the Coast Guard is proposing to establish a security zone upon all waters of the Georgetown Channel of the Potomac River, from the surface to the bottom, between the Long Railroad Bridge (the most eastern bridge of the 5-span, Fourteenth Street Bridge Complex) to the Theodore Roosevelt Memorial Bridge and all waters in between, including the waters of the Georgetown Channel Tidal Basin. This security zone will help the Coast Guard to prevent vessels or persons from engaging in terrorist actions against a large number of spectators and high-ranking officials during the annual July 4th celebration. Due to these heightened security concerns, and the catastrophic impact a
