Overview of this Information

Collection

(1) *Type of Information Collection:* Reinstatement, with change, of a previously approved collection for which approval has expired.

(2) *Title of the Form/Collection:* 2005 Census of Jail Inmates.

(3) *Agency form number, if any, and the applicable component of the Department sponsoring the collection:* Form Number: CJ3-I. Bureau of Justice Statistics (BJA), Office of Justice Programs, United States Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* *Primary:* County and City Jail Authorities, and Tribal Authorities. *Other:* Federal Government, and Private Contractors working under the authority of the Federal Government. The 2005 Census of Jail Inmates, together with the 2005 Census of Jail Facilities, is the foundation for all national statistics on local jails and inmates. These censuses provide the frames from which to generalize to the nation and to track changes over time. Without a periodic census, sample surveys would be unreliable, and statistics would be based on a group of jails of unknown representativeness, that were simply convenient to contact and willing to respond. These censuses provide a benchmark against which jurisdictions may compare their correctional populations. Administrators use this data to evaluate their staffing and budget needs relative to similarly situated jail jurisdictions. Practitioners, policy makers, and researchers are able to test assertions and conclusions about the causes and consequences of current sentencing release policies. Finally, the censuses present raw material for discussion and evaluation of correctional policies and practices throughout the nation, in some States providing the only sources of objective descriptions of the operation of local jails.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply:* BJA estimates 3,084 respondents, each taking an average of 80 minutes to respond.

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 4,112 total annual burden hours associated with the collection.
