#### Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

#### Notification Regarding APOs

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing these results and notice in accordance with sections 751(a) and 777(i) of the Act.

#### Extension of Time Limit for Final Results

Section 751(a)(3)(A) of the Trade Act as amended (the Act) provides that the Department may extend the time limit for completion of the final results of an administrative review to a maximum of 180 days if it determines that it is not practicable to complete the final results within the statutory time limit of 120 days from the date on which the preliminary results were published. The Department has determined that due to

Therefore, the Department is extending the time limit for the completion of these final results to 180 days. #### Notice of Final Determination of Sales at Less Than Fair Value: Purified Carboxymethylcellulose from the Netherlands

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On December 16, 2004, the U.S. Department of Commerce (the Department) made its preliminary determination in the antidumping duty investigation of purified carboxymethylcellulose (CMC) from the Netherlands, which was amended on February 3, 2005, pursuant to comments received by Noviant B.V. We gave interested parties an opportunity to comment on the preliminary and amended determinations. Based upon the results of verification and our analysis of the comments received, we have made certain changes. We continue to find that purified CMC from the Netherlands was sold in the United States below normal value during the period of investigation. The final weighted-average dumping margins are listed below in the section entitled "Continuation of Suspension of Liquidation."

**EFFECTIVE DATE:** May 17, 2005.
