### Federal Aviation Administration

#### Notice of Availability for the Draft O'Hare Modernization Section 303/4(f) and Section 6(f) Evaluation for Proposed New Runways and Associated Development at Chicago O'Hare International Airport, Chicago, IL

**AGENCY:** Federal Aviation Administration, Department of Transportation (DOT).

**ACTION:** Notice of availability of the Draft O'Hare Section 303/4(f) and Section 6(f) Evaluation and notice of public comment period.

*Location of Proposed Action:* O'Hare International Airport, Chicago, Illinois.

**SUMMARY:** The Federal Aviation Administration (FAA) announces that the Draft O'Hare Modernization Section 303/4(f) and Section 6(f) Evaluation for the O'Hare Modernization Environmental Impact Statement is available for public review and comment. The Section 303/4(f) and Section 6(f) Evaluation can be obtained on the Web at <http://www.agl.faa.gov/OMP/DEIS.htm> or the locations noted below.

The Section 303/4(f) and Section 6(f) Evaluation documents the consideration of impacts to Section 303/4(f) lands and DOT Section 6(f) lands that could be impacted by build alternatives proposed at Chicago O'Hare International Airport. The proposed build alternatives are intended to address the projected needs of the Chicago region by reducing delays at O'Hare, thereby enhancing capacity of the National Airspace System, and ensuring that terminal facilities and supporting infrastructure can efficiently accommodate airport users.

The comment period is open as of the date of this Notice of Availability and closes July 5, 2005. Comments must be sent to Michael W. MacMullen of the FAA at the address shown below. Comments must be postmarked and emails must be sent no later than midnight, July 5, 2005.

**SUPPLEMENTARY INFORMATION:** The City of Chicago (City), Department of Aviation, as owner and operator of Chicago O'Hare International Airport

(O'Hare or the Airport), P.O. Box 66142, Chicago, IL 60666, proposes to modernize O'Hare to address existing and future capacity and delay problems. The City initiated master planning and the process of seeking FAA approval to amend its airport layout plan to depict the O'Hare Modernization Program (OMP). The City is also seeking the other necessary FAA approvals to implement the OMP and associated capital improvements and procedures. The FAA has prepared its O'Hare Modernization DEIS addressing specific improvements at and adjacent to Chicago O'Hare International Airport, Chicago, Illinois. FAA's DEIS, issued on January 21, 2005, presents an evaluation of the City's proposed project and reasonable alternatives. Under the City's concept, O'Hare's existing seven-runway configuration would be replaced by an eight-runway configuration, in which six runways would be oriented generally in the east/west direction, the existing northeast/southwest-oriented Runways 4L/22R and 4R/22L would remain, and Runways 14L/32R and 14R/32L would be closed.

The Section 303/4(f) and Section 6(f) Evaluation is available for review until July 5, 2005, on the FAA's Web site <http://www.agl.faa.gov/OMP/DEIS.htm>, and at the following locations:

Arlington Heights Memorial Library, 500 North Dunton Ave., Arlington Heights  
Bellwood Public Library, 600 Bohland Ave., Bellwood
