Institute of Museum and Library Services; Cooperative Agreement to Study User Satisfaction With Access to Government Information and Services at Public Libraries and Public Access Computing Centers

AGENCY: Institute of Museum and Library Services (IMLS), NFAH.

ACTION: Notification of availability.

SUMMARY: The Institute of Museum and Library Services (IMLS) is requesting proposals leading to one (1) award of a Cooperative Agreement to Study User Satisfaction with Access to Government Information and Services at Public Libraries and Public Access Computing Centers. This study will explore how the part of the population with limited access to Internet resources (individuals who do not have broadband access from home, work, or school; who choose to access government services and information from locations other than home, work, or school; or who do so through traditional means of access) accesses services and information from the Federal, State, and local governments and whether such users are satisfied with the information and services they are able to access. The study will also examine the ways that public libraries and public access computing centers provide assistance (e.g., reference services, tutorials, classes, training) to users seeking information and services from the Federal, State, and local governments. Eligible organizations include all types of libraries except Federal and for-profit libraries. Eligible libraries include public, school, academic, special, private (not-for-profit), archives, library agencies, and library consortia. In addition, research libraries that give the public access to services and materials suitable for scholarly research not otherwise available to the public and that are not part of a university or college are eligible. Institutions of higher education, including public and not-for-profit universities and colleges, are also eligible. Graduate schools of library and information science may apply as part of an institution of higher education. The Cooperative Agreement will be for up to 2 years. The award amount will be up to $500,000. Those interested in receiving the Program Solicitation should see the address and contact information below.

DATES: This Program Solicitation is scheduled for release and posting on the Internet on approximately May 20, 2005. Proposals shall be due on July 19, 2005. Awards will be announced by September 30, 2005.

Reinstatement; Comment Request

Upon Written Request, Copies Available

From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

[“Tell Us How We’re Doing!”., SEC File No. 270–406, OMB Control No. 3235–0463]

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this previously-approved questionnaire to the Office of Management and Budget for approval.

The Commission currently sends the questionnaire to persons who have used the services of the Commission’s Office of Investor Education and Assistance. The questionnaire consists mainly of eight (8) questions concerning the quality of services provided by OIEA. Most of the questions can be answered by checking a box on the questionnaire.

The Commission needs the information to evaluate the quality of services provided by OIEA. Supervisory personnel of OIEA use the information collected in assessing staff performance and for determining what improvements or changes should be made in OIEA operations for services provided to investors.

The respondents to the questionnaire are those investors who request assistance or information from OIEA.

The total reporting burden of the questionnaire in 2004 was approximately 5 hours and 45 minutes. This was calculated by multiplying the total number of investors who responded to the questionnaire times how long it is estimated to take to complete the questionnaire (23 respondents x 15 minutes = 5 hours and 45 minutes). Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to R. Corey Booth, Chief Information Officer, Office of Information Technology, Securities and Exchange Commission, 450 5th Street, NW., Washington, DC 20549.

Dated: May 11, 2005.

Margaret H. McFarland,

Deputy Secretary.
