#### **Extension of Time**

Section 732(c)(1)(A)(ii) of the Act provides that within 20 days of the filing of an antidumping duty petition, the Department will determine, *inter alia*, whether the petition has been filed by or on behalf of the U.S. industry producing the domestic like product. Section 732(c)(1)(B) of the Act provides that the deadline for the initiation determination can be extended by 20 days in any case in which the Department must "poll or otherwise determine support for the petition by the industry \* \* \*."

We will require additional information from the petitioners and the domestic producers of diamond sawblades and parts thereof in order to make our determination regarding industry support. We will also need additional time to analyze the petitioners' responses to our requests for information. See the "Determination of Industry Support for the Petitions' section of this notice, above. Therefore, it is necessary to extend the deadline determining the adequacy of the petitions for a period not to exceed 40 days from the filing of the petitions. As a result, the initiation determination is due no later than June 13, 2005, which is the next business day after 20 days from the original deadline for the initiation determination.

# **International Trade Commission Notification**

Because the Department has extended the deadline of the initiation determination, the Department will contact the Commission and will make this extension notice available to the Commission.

Dated: May 18, 2005.

# National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Southwest Region Coral Reef Ecosystems Logbook and Reporting

**AGENCY:** National Oceanic and Atmospheric Administration (NOAA). **ACTION:** Notice.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and

respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

**DATES:** Written comments must be submitted on or before July 22, 2005.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Walter Ikehara (808) 927—1805 or Walter.Ikehara@noaa.gov.

#### SUPPLEMENTARY INFORMATION:

#### I. Abstract

National Marine Fisheries Service (NMFS) requires U.S. fishing vessels registered for use (or any U.S. citizen issued) with a Special Coral Reef Ecosystem Fishing Permit, authorized under the Fishery Management Plan for Coral Reef Ecosystems of the western Pacific region, to complete logbooks and submit them to NMFS. The information in the logbooks is used to obtain fish catch/fishing effort data on coral reef taxa harvested in designated low-use marine protected areas and on potentially-harvested coral reef taxa in waters of the U.S. exclusive economic zone in the western Pacific region. These data are needed to determine the condition of the stocks and whether the current management measures are having the intended effects, to evaluate the benefits and costs of changes in management measures, and to monitor and respond to incidental takes of endangered and threatened marine animals.

## II. Method of Collection

Information is submitted to NMFS in the form of paper logbook sheets and paper transshipment forms within 30 days of each landing of coral reef harvest.

#### III. Data

OMB Number: 0648–0462. Form Number: None. Type of Review: Regular submission.

Affected Public: Business or other forprofit organizations and individuals or households.

Estimated Number of Respondents: 5. Estimated Time Per Response: 3 minutes per trip; 30 minutes per day. Estimated Total Annual Burden

Hours: 382.

Estimated Total Annual Cost to Public: \$0.

### **IV. Request for Comments**

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: May 17, 2005.

Requests for additional information or

copies of the information collection instrument and instructions should be directed to Walter Ikehara (808) 927–1805 or Walter.Ikehara@noaa.gov.

#### SUPPLEMENTARY INFORMATION:

#### I. Abstract

National Marine Fisheries Service (NMFS)requires U.S. vessels fishing for coral reef management unit species in the designated low-use Marine Protected Areas and open areas, i.e., waters seaward of the inner boundary of the U.S. Exclusive Economic Zone in the western Pacific region, to obtain and carry a permit. This permit is also required for at-sea transshipment of coral reef management unit species. The permit application form provides basic information about the permit applicant, vessel, fishing gear and method, target species, projected fishing effort, etc., for use by NMFS and the Western Pacific Fishery Management Council in determining eligibility for permit issuance. The information is important for understanding the nature of the fishery and provides a link to participants. It also aids in the enforcement of Fishery Management Plan measures.

## II. Method of Collection

Information is submitted to NMFS, in the form of paper permit application forms.

#### III. Data

*OMB Number:* 0648–0463. *Form Number:* None.

Type of Review: Regular submission. Affected Public: Business or other forprofit organizations and individuals or households.

Estimated Number of Respondents: 12.

Estimated Time Per Response: 2 hours.

Estimated Total Annual Burden Hours: 30.

Estimated Total Annual Cost to Public: \$0.

### **IV. Request for Comments**

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques

or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

# National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Gear-Marking Requirement for Atlantic Large Whale Take Reduction Plan.

**AGENCY:** National Oceanic and Atmospheric Administration (NOAA), DOC.

**ACTION:** Notice.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

**DATES:** Written comments must be submitted on or before July 22, 2005.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

### FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Kristy Long (301) 713–1401 or *Kristy.Long@noaa.gov*.

## SUPPLEMENTARY INFORMATION:

# I. Abstract

The purpose of this proposed collection of information is to enable NOAA to reduce entanglements of large whales, especially right whales, in U.S. commercial fishing gear. Persons setting lobster trap/pot or gillnet gear in some areas of the Atlantic Ocean would be required to paint or otherwise mark their gear with two color codes, one color designating the type of gear, the

other designating the area where the gear is set depending on area. These marking requirements would apply in right whale critical habitats and in two other areas where right whales are seen on a regular basis. These areas are the southeast U.S. observer area and the Stellwagen Bank/Jeffreys Ledge restricted area.

The goals of this collection of information are to obtain more information on where large whales are being entangled and on what type gear responsible for the entanglement. This information will allow NMFS to focus further risk reduction measures on problem areas rather than instituting broader measures that affect the overall industry.

#### II. Method of Collection

This is a marking requirement and no information is submitted to NOAA.

#### III. Data

OMB Number: 0648–0364.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other forprofit organizations and individuals or households.

Estimated Number of Respondents: 4,506.

Estimated Time Per Response: 6 minutes.

Estimated Total Annual Burden Hours: 2,572.

Estimated Total Annual Cost to Public: \$27,313.

# **IV. Request for Comments**

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.
