Combined Filing Notices; Notice Announcing New Combined Notice of Filings

May 13, 2005.

Effective May 17, 2005, the Commission will use a new method, Combined Notice of Filings, to issue notices of filings. Initially, this new method will apply only to electric rate filings. In time, the Commission expects to issue the majority of notices of filings using the new method. In the future, the Office of the Secretary will announce by public notice the start-up date for the new notice method with respect to other types of filings.

As a result of this initiative, the Office of the Secretary is making the following changes to the filing procedures for electric rate filings:

1. Filers are no longer required to include draft notices in floppy disk format with the filing.
2. Filers requesting a short comment period for the filing must clearly state such request in the "Re:" section of the filing, for example:

Re: Hot Spring Power Company,
Docket No. ER05-__ Request for
shortened comment period.

The notices issued under the new method will be added to eLibrary and will be published in the **Federal Register** under the name "Combined Notice of Filings." These new notices will list between 10 and 20 filings already incorporated into eLibrary. Each filing will be listed with its identifying details as follows:

Docket Number—This item will contain a hyperlink to the eLibrary docket sheet for the docket number.

Name of Applicant(s)—This item will show the applicant name as it appears on the filing.

Description—This item will contain a basic description of the filing and a hyperlink that will open the filed document in eLibrary, as stored in eLibrary.

Filing Date—This item will show the date on which the document was filed with the Commission.

Accession Number—This item will contain a hyperlink that will open the "Info" area of eLibrary for the filed document. There may be instances in which the accession number for the particular filing changes after issuance of the combined notice. In this case, the user will have to search eLibrary to access the document.

Comment Date—This item will indicate the comment date for the particular filing.

The "Combined Notice of Filings" will be indexed in eLibrary as follows, for example: "Combined Notice of Filings, May 20, 2005: This notice contains information concerning multiple filings received by FERC." The Commission may issue more than one "Combined Notice of Filings" on any given day. In this case, the eLibrary index will read as follows, for example: "Combined Notice of Filings; May 20, 2005 No. 2: This notice contains information concerning multiple filings received by FERC."

The Commission first announced the new "Combined Notice of Filings" during the April 13, 2004 open meeting. The "Combined Notice of Filings" is similar to the electric rate group notices that the Commission currently publishes in the **Federal Register**. By this initiative, the Commission seeks to simplify the manner in which the Commission's staff prepares notices and thereby expedite the public issuance of notices.

A sample "Combined Notice of Filings" is attached.

Magalie R. Salas,
Secretary.
